... projects around the world

To those
who have experienced
the passion for beauty

The ordinary will no longer appeal...

(Willem Elsschot 1882-1960)

WHY CHOOSING ROYAL BOTANIA AS PARTNER FOR ALL YOUR PROJECTS

1. QUALITY IS NOT AN ACT; IT IS A HABIT

For design enthusiasts, our dedicated design team has created collections of exceptional products. The successful blend of both form and function is aimed at meeting the individual needs of our valued customers. From the design, manufacture, distribution and after-sales service, no aspect is overlooked. As Leonardo Da Vinci said 'details make perfection, but perfection is not a detail'...

2. INNOVATIVE DESIGNS

Royal Botania has an international reputation as being the trendsetter in the world of luxurious outdoor furniture. We create pieces that have elegant and straight minimalist lines, whilst combining them with supreme manufacturing precision processes. Our products are ultimately luxurious and comfortable at the same time as being contemporary or timeless in their design.

All our designs and products are aesthetically balanced and deliver a high degree of functionality, without sacrificing comfort and design purity. That is the honest reason why Royal Botania products have repeatedly won prestigious international design awards.

3. A COMPLETE COLLECTION

The Royal Botania outdoor product range is undoubtedly the largest in the market. All of our products are manufactured using a very extensive range of materials, from stainless steel, to carefully harvested teak wood, coated aluminium, woven weather resistant fibres, ceramics, synthetics, and more.

Not only do we offer chairs, tables and loungers, but also umbrellas and stylish accessories. Combined together, these can beautifully turn your terrace or poolside into a oasis of pure comfort.

4. YOUR PERSONAL TOUCH

As if all this wasn't enough, we have carefully selected a wide variety of fabrics, with textures, colors and designs that perfectly compliment the beautiful pieces of furniture. Our fabric brochure gives you some ideas for possible choices. However, we are mindful that everyone has their own individual taste and that you can create your own bespoke fabric combinations that perfectly blend in to your own outdoor spaces.

5. FROM A TO Z

From the first collection sketches through, to 3D-designs, prototyping, production, distribution and after sales service; every detail is rigorously overseen. Royal Botania does not depend on third parties and this gives us the advantage of being flexible yet efficient in providing you with service you would expect from a quality manufacturer. On top that, our skilled commercial team is here to help you to select the right Royal Botania products that best serve your individual needs, or those of your guests.

6. AROUND THE WORLD

From the desert heart of Dubai, the cold Canadian winters, or the high UV-exposure under the Australian sun... we have created products for many satisfied customers, who all enjoy their Royal Botania furniture. Our international distribution network of agents, wholesalers, and retailers are here for you, not just to offer Royal Botania products, but also to support you with our quality after sales service. We are never too far away!

ALUSION

OCEAN EMERALD

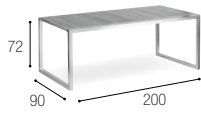

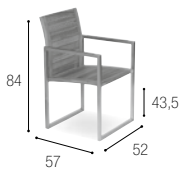

TYPE: Superyacht

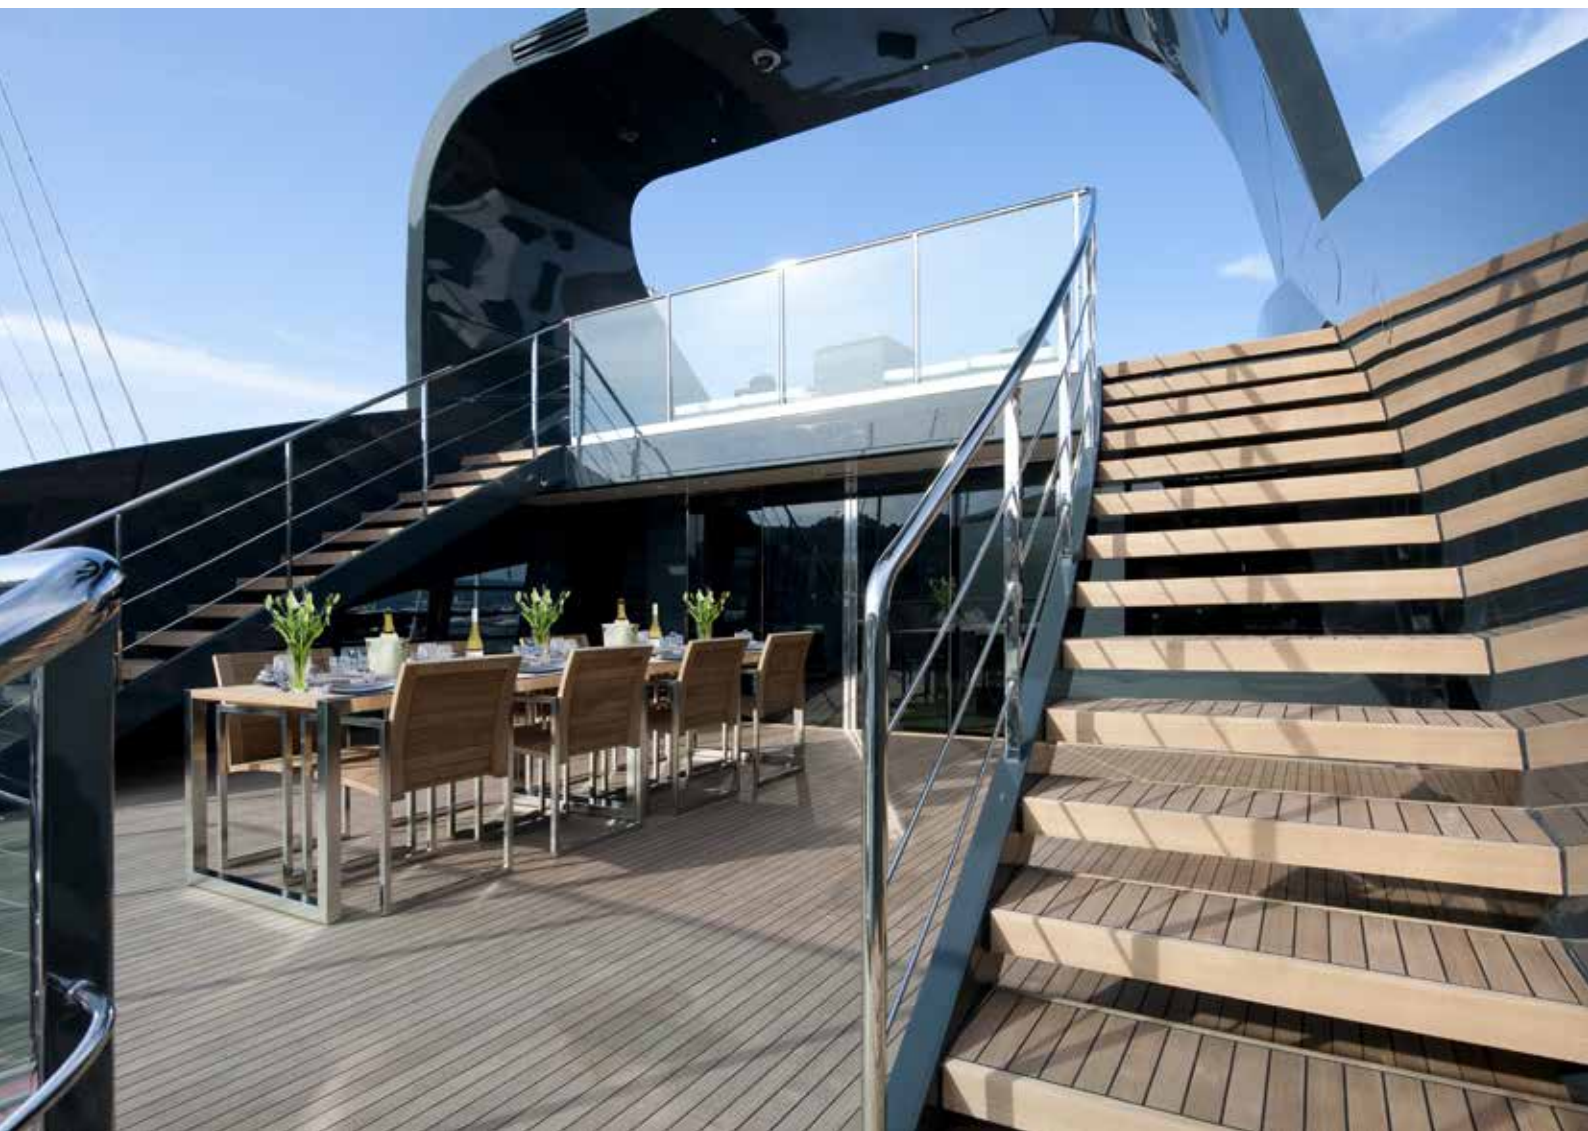

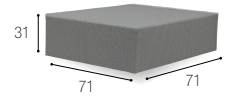

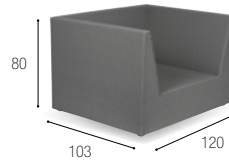

DESCRIPTION: The first superyacht of YachtPlus, the Ocean Emerald, is designed by the world renowned architect Norman Foster. The yacht's design concept is the result of the work over a 15-month period by a permanent team of 7 architects at Foster + Partners in London and Italy, headed by Lord Foster himself.

The result is a new concept luxury yacht that compares very favourably to many predecessors in her type, with four genuine deck levels offering over 30% more outdoors and indoors space than any yacht in her category. And obviously the best partner to decorate the outdoor decks was Royal Botania.

NINIX

SUNDAY

SIREN

TYPE: Luxury Motor yacht

DESCRIPTION: Luxury Motor yacht SIREN is a 73m 2008 steel displacement superyacht built in Germany by Nobiskrug, with interior and exterior design by Newcruise Yacht Projects in Hamburg. M/Y SIREN provides luxurious and spacious accommodation for up to 12 yacht guests in 6 cabins.

Luxury yacht SIREN is certainly one of the most important superyachts in the world today. Her design and build quality are second to none. Impressive when viewing from the quay side or minute detail in any room, she wants for nothing. SIREN's deck spaces are a marvel in terms of style and usability.

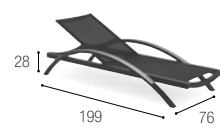

She is impressively large and spacious and her first class design and layout means she really does offer everything, both inside and outside. She also provides contemporary uncluttered styling where a huge amount of thought has gone into the details in both functionality and style. The result is a yacht that has amazing 'wow factor' for entertaining but also a concurrent relaxed and informal themes, ideal for live aboard comfort.

The decks of SIREN are furnished with Royal Botania Alusion loungers, which match perfect on this prestigious yacht.

FOLD

PRIMA

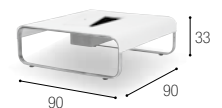

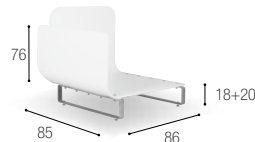

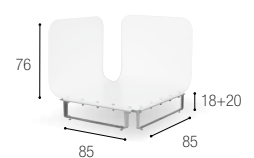

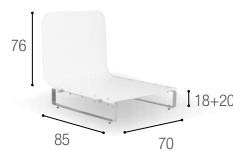

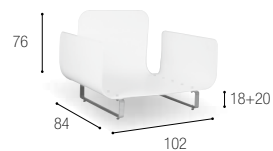

TYPE: Mega Yacht

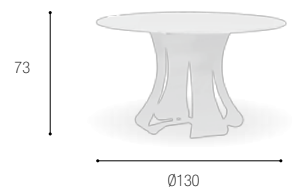

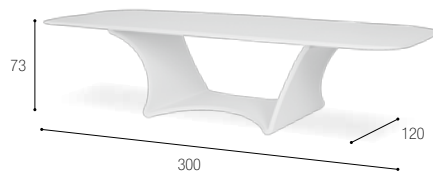

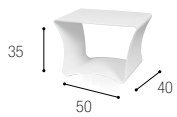

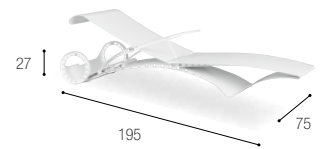

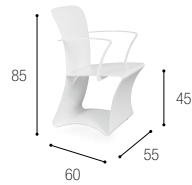

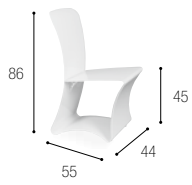

DESCRIPTION: Italy Yacht Prima

With a clear design concept based on a light, modern interior and massive volumes, Italian shipyard Palumbo launched the Columbus 177 Prima earlier this year. With naval architecture by Sergio Cutolo and Tommaso Spadolini of Spadolini Studio Design signed up for her interior designs, Prima is an excellent example of the pure, meticulous and refined design Italians have become renowned for worldwide.

Add to that the accomplishment of being rewarded a RINA Green Star Plus Platinum and an ABS Classification, the former being all the more prestigious for being awarded by H.S.H. Prince Albert II of Monaco in the presence of His Majesty the King of Spain, Prima turns out to be not merely elegant but certified environmentally friendly as well. And for the exterior Royal Botania was found to be the perfect partner!
