Mini Button Canopy

H. .5" x W. 1.4" (1 cm x 4 cm)

NO. 851840-xx

Does not include transformer. Remote transformers to be provided by installer. This item is a "UL Recognized" component to be used in a custom installation. Shown, 851840-13.

Dual Mount Canopy

H. 1.5" x W. 5.5" (4 cm x 14 cm)

NO. 852240-xx

Includes transformer and dual mount canopy with removable side wall ring. Shown, 852240-13.

Dual mount canopy shown with side wall ring removed for flush mount application with included transformer recessed into junction box.

Our studio glass is handmade individually. Slight variations in shape, size and markings are the characteristics that distinguish art glass from mass produced glass.

Customization

As seen on pages 12-15, Natural Inspirations has 25 canopy configurations. However, through Fine Art Lamps Customization Program we can make canopies to your specification in size and in number of drops with supplied appropriate transformer capacity. Canopies can be customized in finish and shape, including a version that has been coated with a base primer for you to paint to match your home decor.

Our Cabling System

Glass pendants are individually adjustable after installation for optimum composition. This is a major advantage compared to other drop pendant cabling systems that require cutting.

Cables are hand adjustable by simply pushing up to shorten the length. To increase cable length, push plunger up and pull cable out.

How to Order Multi-Pendants

ORDERING OPTIONS Select finish/glass suffix option from below and add to item number. Clear and Natural quartz studio glass options consist of four distinct forms. These two options are predetermined at approximately 25% per shape.

CONSTRUCTIVISM

C

FRONT VIEW

D

Available in two sizes

Constructivism as an architectural philosophy originated in Moscow in 1919 as an expression of Russian futurism. Fine Art Lamps glass artist Frank Englesby has created a technique of crystal cobblestones in the spirit of Constructivism. Individually cast pillow-shaped glass pieces are fused at high temperature in a hand-laid cobblestone pattern of individual lenses creating a fascinating light diffuser and sculptural form. A triumph of studio glass artistry! Now available in five distinct colors: Moonlight Mist clear, Midnight Gray or Sunset Blush with silver leaf finish or Sunrise Gold with gold leaf finish and lastly, Twilight Sherry with hand rubbed bronze finish.
