

FINE ART LAMPS®

SUPPLEMENT VOLUME 203

LIGHTING SINCE 1940

Gracefully curvaceous, doubling arms carry tapered art glass candles with sculptured solid glass flame. Illuminated by hidden LED's, each flame radiates a unique crystal light. Art glass quartz crystal pendants also with LED illumination. All dimmable LED using LED/CFL compatible fixture dimmer. Hand-made studio glass has intentional variations in shape and markings that distinguish art glass from mass production.

AVAILABLE IN BRONZE, FLORENTINE GOLD LEAF WITH CLEAR OR NATURAL QUARTZ GLASS AND AGED SILVER LEAF WITH CLEAR QUARTZ GLASS

PRUSSIAN NEOCLASSIC

The Prussian designer Karl Friedrich Schinkel in the early 19th century championed the neoclassical Greek Revival style that inspires Fine Art Lamps new collection of lighting. Bold lines traced delicately by fine cut crystal beads. Available in weathered Prussian silver gray finish with or without hand sewn driftwood linen shades or Brandenburg gold leaf finish with or without hand sewn cream toned silk shantung shades.

AVAILABLE IN WEATHERED PRUSSIAN SILVER GRAY AND BRANDENBURG GOLD LEAF FINISH WITH OR WITHOUT SHADES

Adjustable Rings

Our ring configurations can be adjusted in several ways. The space between the canopy and the first ring can be lengthened or shortened to your desired height. The rings themselves can be placed evenly or at different heights in an ascending or descending configuration.

Customization

As seen on pages 36-38, Natural Inspirations has 25 canopy configurations. However, through Fine Art Lamps Customization Program we can make canopies to your specification in size and in number of drops with supplied appropriate transformer capacity. Canopies can be customized in finish and shape, including a version that has been coated with a base primer for you to paint to match your home decor.

Our Cabling System

Glass pendants are individually adjustable after installation for optimum composition. This is a major advantage compared to other drop pendant cabling systems that require cutting.

Cables are hand adjustable by simply pushing up to shorten the length. To increase cable length, push plunger up and pull cable out.

To view additional crystal glass options please see Fine Art Lamps Supplement Volume 202 or visit www.fineartlamps.com.

For full glass and finish ordering options please see page 40. Ships unassembled. Includes 10 watt halogen bulbs and 10' adjustable coaxial cables. Ring configurations include 6' cables. 20' cables or longer are available through our customization program. LED bulbs available for purchase. Our studio glass is handmade individually. Slight variations in shape, size and markings are the characteristics that distinguish art glass from mass produced glass. Custom finishes and custom sizes available on all canopies.
