MY ITALIAN BATHROOM

Elementi unici dalle forme organiche in perfetto equilibrio tra funzione ed emozione, frutto della visione originale dei designer, della elaborazione di ogni dettaglio con sofisticati software e poi plasmati dalle mani esperte dei nostri artigiani prototipisti. Ogni lavabo diviene una seducente scultura che sembra sorgere dalle pareti, o dal pavimento delle più evolute stanze da bagno. / Unique elements with organic shapes perfectly balanced between functionality and emotion, the result of the original vision of our designers, highly advanced software elaboration of every single detail and skilled hands of our prototypists-craftsmen. Each basin becomes a seductive sculpture which seems to come out spontaneously from the walls or from the floor of most modern bathrooms.
