# K.ONE

K.ONE è un mobile monoblocco che stupisce sia per l'innovativo gioco bicromatico originato dalle finiture a contrasto che per i tagli a 45 gradi che attenuano i suoi angoli interni proporzionando anche un'esperienza visiva singolare. E' immediato il modo in cui il mobile cattura lo sguardo grazie alla sua anta che sembra fluttuare nel vuoto.  
K.One è proposto con la gamma completa di finiture Rifra: laccato opaco e lucido, essenze, pelle e cemento sono le varianti disponibili. Qualità rara, l'interno è proposto nella stessa finitura dell'esterno.  
K.ONE racchiude in se tutto quello che Rifra rappresenta: stile e continua innovazione.

# LESS

Un sistema progettato per sottrazione. Grazie all'assenza delle maniglie e al top incassato le linee risultano essenziali e i volumi estremamente puliti. Alla purezza formale del disegno corrisponde la cura per il dettaglio e l'attenzione per il particolare: l'alta tecnologia si coniuga con la tradizione artigianale. Modulare e componibile, il sistema è caratterizzato anche da una progettazione che arriva a disegnare un mobile ad sola da utilizzare come centro stanza.

A system designed by subtraction. With the absence of handles and the inset-top, the lines are essential and volumes very clean. To the purity form and design is the care for details and attention to the particular: the high technology combined with handicraft tradition. Modular and sectional, the system is also characterized by a design that gets to draw a single piece of furniture to be used as a center of the room.

Un système conçu par soustraction. Grâce à l'absence de poignées et du top encastré, les lignes sont essentielles et les volumes très propre. A' la pureté formelle du dessin correspond le soins pour le détail et l'attention au particulier : la haute technologie est combinée avec l'artisanat traditionnel. Modulaire et componible, le système est également caractérisé par une conception qui reçoit d'élaborer une seule pièce à être utilisée en tant que centre de la salle.

Ein System für Subtraktion. Aufgrund des Fehlens von Griffen und EinsatzTop, werden die Linien wesentlich und Volumen sehr sauber. Die Reinheit der Form und Design ist die Aufmerksamkeit zum Detail und Liebe zum Bestimmten: Die hohe Technologie mit traditioneller Handwerkskunst kombiniert.
