THAIS.

Basamenti in legno massello, dal sapore classico a sostegno di volumi semplici, dal design moderno e minimale... in una parola Thais. L'incontro tra l'ebanisteria artigianale e il design moderno, dà vita a una collezione di complementi inaspettati. Thais si propone con uno stile nuovo e affascinante; attuale con i suoi volumi semplici e puri, ma allo stesso tempo attenta alla tradizione, manifestata da basamenti in legno dal sapore classico. Le innumerevoli laccature dei piani e le diverse finiture dei basamenti, garantiscono una notevole varietà di combinazioni che, proprio per questa innata ambivalenza tra classico e moderno, ne permettono l'inserimento in diversi stili e situazioni.

Bases in solid wood with a classical taste support simple volumes characterized by a modern and minimal design... in one word Thais. The meet between hand-crafted carpentry and modern design generates a collection of unexpected complements. Thais presents itself with a new and fascinating style; it is up-to-date with its simple and pure volumes and at the same time pays attention to tradition, showed by classical flavour wooden bases. Countless top lacquers and different bases finishing guarantee a large possibility of combination that, thanks to this innate ambivalence between classics and modern, permit the introduction of this collection in various styles and situations.

THINK ABOUT FLOWERS.

...OGGETTI DA MOSTRARE FRUTTO DI DIVAGAZIONE FLOREALE...

Superfici piane sconvolte dalla presenza improvvisa di rilievi floreali

La collezione Flowers nasce dall'incontro tra volumi semplici, ispirati al design minimale, e intagli floreali, derivati invece dalla tradizione del mobile classico.

Piedini in fusione di ottone ne arricchiscono la composizione. Nella collezione troviamo diversi elementi d'arredo che, utili alle diverse funzioni degli ambienti domestici, proprio per il loro stile eclettico e ambivalente, si adattano perfettamente sia ad atmosfere classiche che moderne.

La varietà di finiture proposte, laccato lucido, impiallacciati e lacche craquelé, completano un' eleganza e una flessibilità di elementi d'arredo alquanto irriverenti.

Il fiore Dhalia, intagliato e rifinito manualmente nel legno, viene proposto nello stesso colore della struttura o nelle preziose finiture foglia oro e argento.

...Oggetti da mostrare frutto di divagazione floreale...

...OBJECTS TO BE DISPLAYED, THE RESULT OF THINKING ABOUT FLOWERS...

Flat surfaces upset by the sudden presence of floral relieves feature gloss lacquer

Flowers collection emerges from the meet between simple volumes, inspired by minimal design, and floral carves, derived from classical furniture tradition.

The composition is enriched by brass feet.

The collection includes different furnishings elements, useful in any function of domestic life, that, thanks to their own eclectic and ambivalent style, fit both in classical and modern atmospheres. Variety in finishing, from shiny lacquers to veneers and craquelé lacquers, complete the irreverent kind of elegance and flexibility of these elements.

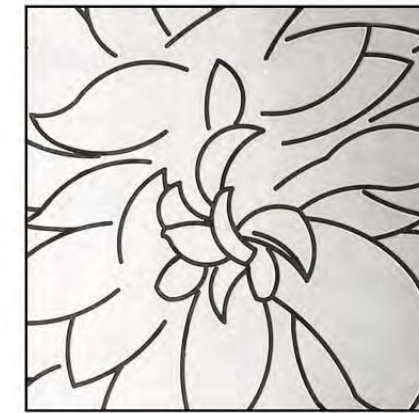

Flower Dhalia, wooden carved and hand-finished, is proposed in the same colour of the structure or in precious finishing as gold and silver leaf.
