Alex Charles Virgilio/Fidia

The world of Alex Charles is an oneiric place where luxury meets the intimate beauty of a tailor-made space, where you can enjoy the universal pleasure of indulge in warmth and richness of precious furniture.

Alex Charles design, variegated and eclectic, represent a multi-voice in a common language made of elegance, formal class and high quality. Every furniture, rigorously and proudly Made in Italy, sprout from a hand-made manufacturing, realized just as a tailor-made production customized for the client.

The dense and surprising work shows how Alex Charles design is moved by a great passion for beauty and nourished by always new contaminations and inspirations. And it's this passion that gives a unique intensity and savour to his products.

With an impulsive but coherent development, the different elements are connoted by an aesthetic charge of temporal cross-references and symbolic connections, in which the impact of old art and culture – Greek, Roman and Modern English and French Seventeenth and Eighteenth century is really intense.

The historic and antique characteristics are interpreted with a future oriented look adaptable to present needs. Modern elements in classic shapes are emphasized by the choice of details and finishes, able to create surprising discontinuity and sense revelation.

Therefore, classic vanguard is the definition that includes most of Alex Charles new products. The symbiotic weave of tradition and modernity, classic materials and contemporary finishes, oriental suggestions and westerner culture style and preciousness, comfort and elegance is the expressive glue of all his pieces.

Il mondo proposto da Alex Charles è un luogo onirico dove il lusso favorisce l'incontro nella bellezza intima di uno spazio ritagliato su misura in cui assaporare il piacere universale di indulgere nel calore e nella ricchezza di arredi preziosi.

Il design di Alex Charles, variegato ed eclettico, rappresenta un dialogo a più voci in una lingua comune sintesi di eleganza, classe formale e alta qualità. Ogni arredo, rigorosamente e orgogliosamente Made in Italy, germoglia da una lavorazione artigianale, realizzata proprio come una creazione sartoriale su misura del cliente.

Il lavoro di Alex Charles, denso e sorprendente, dimostra al meglio come sia mosso da una grande passione per la bellezza nutrita di sempre nuove contaminazioni e ispirazioni. È questa stessa passione a dare un sapore e un'intensità unica alle realizzazioni e ai singoli arredi.

Dallo sviluppo impetuoso ma coerente, i diversi prodotti sono connotati da un'estetica carica di rimandi temporali e di reminescenze simboliche, in cui è molto intenso l'impatto dell'arte e della cultura antica – greca e romana – e moderna – Settecento e Ottocento inglese e francese.

Gli stilemi storici e antichi sono interpretati con uno sguardo complice al presente e alle esigenze contemporanee. L'innesto di modernità nelle forme classiche si avverte nella scelta dei dettagli e delle finiture, in grado di creare discontinuità sorprendenti e rivelazioni di senso.

Classico d'avanguardia è infatti – non a caso – la definizione che raccoglie tutti i prodotti Alex Charles design. L'intreccio simbiotico di tradizione e modernità, materiali classici e finiture contemporanee, suggestioni orientali e cultura occidentale, stile e ricercatezza, comfort ed eleganza, è il collante espressivo di tutti i prodotti.

Walid Fleihan Saraya

From an era, where mythical forbidden places were lost in time; from a magical cultural fusion and a yearning to perfection, a mystical revelation emerged to light. Saraya.

Saraya is a glimpse of that time, where well studied elaborate and skillful details along with eccentric richness of an elegant lifestyle were essentials.

Saraya revives the spirit of that historical period floating between myth and reality, by composing a unique collection that combines the echoes of the past integrated in a refined novelty.

A blend of carefully selected high quality materials from wood, steel and fabric, crafted to perfection and topped with graceful finishes to create the ultimate collection: Saraya.

Da un'epoca in cui mitici luoghi proibiti si sono persi nel tempo; da una magica fusione culturale volta alla ricerca della perfezione, è emersa una rivelazione mistica: Saraya.

Saraya è uno scorcio su questo passato, dove elaborazioni ben studiate e dettagli ricercati, assieme all'eccentrico sfarzo di un raffinato stile di vita, furono essenziali.

Saraya rianima lo spirito di questo periodo storico fluttuando tra mito e realtà, dando vita ad una collezione unica che unisce gli echi del passato ad una sofisticata novità.

Materiali di elevata qualità scrupolosamente selezionati, dal legno all'acciaio e ai tessuti, trattati alla perfezione e decorati con armoniose finiture, si uniscono per creare una collezione assoluta.
