

**COLONY**

**ROMA**

Colony was established in 1976 as an interior design company. Since 1980 the company has created and developed designs for home fabrics. Always highly refined and elegant, these patterns are inspired by French, Venetian, Piedmontese and oriental interior styles.

The company draws inspiration from its historical design archives and re-interprets those designs according to present-day tastes.

Colony distributes its products worldwide from its Piazza del Popolo showroom, in the heart of Rome. The Paris showroom was opened in 1994, followed by London showroom in 1996, in Chelsea Harbour.

Colony has sales agents in the most important cities in the world.

The company is available in the United States as Colony Fabrics Inc., represented by Scalamandrè through its showrooms network and other independent agents.

**COLONY**

COLONY, today found in the most beautiful homes in the world, is specialised in lampass, velvets, brocades and silk fabrics.
