

MULBERRY  
HOME

A photograph of a stone building with a window, pink flowers on the wall, and a floral armchair in the foreground. The scene is set outdoors, with a gravel path in the foreground and a stone wall with a window in the background. The wall is covered in pink flowers, and the window is framed by a stone arch. The armchair is upholstered in a floral pattern and has several cushions. The overall atmosphere is rustic and charming.

## MULBERRY COUNTRY WEEKEND

This exceptional collection of original and whimsical prints, beautiful hand finished embroideries and gorgeous tactile weaves defines the unique English heritage of Mulberry Home.
