HOME

The Mulberry Home Imperial Collection is based on the enduring craftsmanship of fine interiors, drawing on the textures of decorative plasterwork, gilding, wood carving, brass casting, and parquet – the grain and polish of the hand-crafted surfaces that create the ensemble of an important room. Seen in the rich tonalities of velvets, the crisp beauty of linens, and the exuberant surfaces of embroidery, they bring to the modern interior a lived-in quality – the mellowness and serenity of tradition.
