WELCOME TO AN EXCLUSIVE WORLD

Venetian handcraft tradition and experience in design have given way to a new philosophical research of prestigious and unique interiors: Rivalto. Rivalto offers a collection of exclusive furnishings, objects and fittings made from exceptional quality materials: glass, mirrors, wood, metals and fabrics combined in a new light; that of creativity. Each single piece of furnishing is a piece of art, taking part in a concert, that makes of every imagined and later created place a unique experience. Our every production is unrepeatable as it is inspired from the places and personality of our consigner, upraising choices and ambitions. This is possible thanks to our ability to listen and to then interpret wishes and expectations of each and every client. The outstanding craftsmanship in the glass processing meets new materials: a precious combination with which we give form to feelings and emotions.

Tradizione artigianale veneziana ed esperienza nel design incontrandosi hanno dato vita ad una nuova ricerca filosofica di interior prestigioso ed unico. Rivalto propone una collezione di arredi, oggetti e complementi esclusivi, realizzati con materiali di altissima qualità: vetri, specchi, legni, metalli e tessuti si combinano sotto una nuova luce, quella della creatività. Ogni singolo elemento d'arredo è un pezzo d'arte che partecipa a un concerto, che fa di ogni luogo da noi immaginato e poi realizzato, un'esperienza unica. Ogni nostra realizzazione è irripetibile in quanto prende spunto dai luoghi e dalla personalità di chi ci coinvolge esaltandone scelte e aspirazioni. Tutto ciò è possibile grazie alla nostra capacità di ascoltare per poi interpretare desideri e aspettative di ogni cliente. L'eccellenza artigiana nella lavorazione del vetro incontra nuovi materiali: una combinazione preziosa con cui diamo forma a sensazioni ed emozioni.

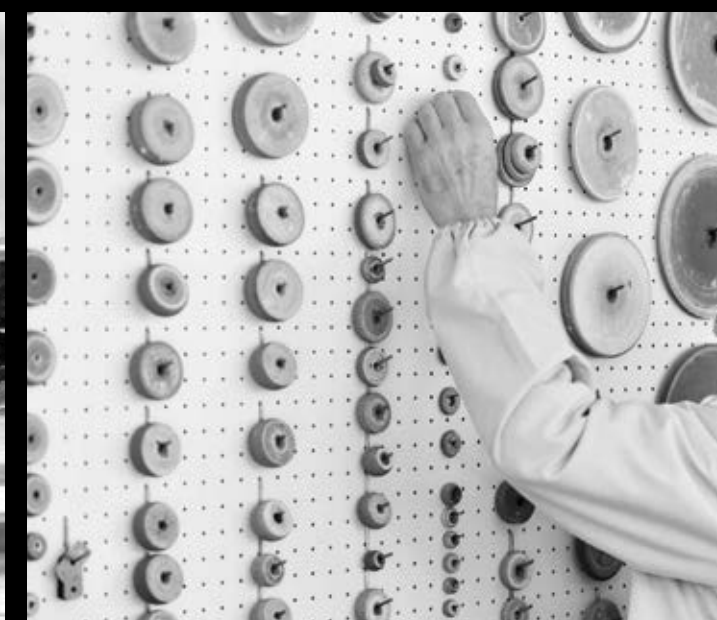

ARTE VENEZIANA THE ARTISANS OF LUXURY

Rivalto originates from the collaboration of Arte Veneziana, owned by the Zanin's family, with the architect Giovanni Luca Ferreri.

A blend of ancient craft traditions, excellence in the glass and mirror processing interpreted in one of a kind pieces for design and furnishings of interior luxury. Near Venice, Arte Veneziana is presents with a showroom where ideas and suggestions take shape thanks to a team of skilled craftsmen who for years has been realizing unique and high quality pieces.

Rivalto nasce dalla collaborazione di Arte Veneziana, azienda della famiglia Zanin, con l'architetto milanese Giovanni Luca Ferreri.

Una commistione tra antiche tradizioni artigianali, eccellenza nella lavorazione di vetri e specchi, interpretati in pezzi unici per l'allestimento e l'arredo di interni di lusso. Vicino Venezia, Arte Veneziana è presente con uno showroom dove idee e suggestioni prendono forma grazie ad un equipe di artigiani esperti che da anni realizzano pezzi unici e di alta qualità.

PROJECT AND DESIGN LUCA FERRERI

Our project team is in Milan, where we imagine and transform into drawings and models the world we are going to build. Giovanni Luca Ferreri's interior design and architecture studio has many years of project and design experience both in Italy and abroad. What distinguishes his way of working is the attention paid to researching areas of taste and furnishing styles that speak of our times, maintaining an ongoing dialogue with the artistic and craftsmanship heritage, designing exclusive homes in tune with landscapes and local culture. From the architectural project to the décor, with particular attention to decoration and the role of applied arts in indoor spaces.

A Milano, si trova il nostro team di progettazione, dove immaginiamo e trasformiamo in disegni e modelli il mondo che andremo a costruire. Lo studio dell'architetto Giovanni Luca Ferreri si occupa di architettura e interior design con pluriennale esperienza di progetti in Italia e all'estero. Ciò che contraddistingue il suo modo di lavorare è l'attenzione per la ricerca di aree di gusto e stile d'arredo che parlino del nostro tempo mantenendo un continuo dialogo con il patrimonio artistico e artigianale allestendo dimore esclusive in sintonia con luoghi e culture. Dal progetto architettonico all'allestimento decorativo con una particolare attenzione alla decorazione e al ruolo delle arti applicate nell'allestimento degli spazi interni.
