DESIGN BOOK

momentum

A collection of architecturally inspired designs, Momentum's silhouetted florals and distorted reflections capture a snapshot of urban life. Trend led colours, rich, masculine, cool and deep showcase drama and confidence across an engaging new season palette.

There's nothing more glamorous than the magic of metallics, fused with mingling shapes and contemporary pattern.

INSPIRED BY THE CONTRASTING STRUCTURES OF
ARCHITECTURE AND NATURAL FORMS, HARLEQUIN PRESENTS
MOMENTUM 13, 14 AND 07 WALLPAPERS, NEW FOR SS21.

This season, Harlequin takes its inspiration from city architecture and the elegance of organic structures. A juxtaposition of natural and man-made forms influence the captivating designs in Momentum 07 Wallpapers, Momentum 13 Upholstery and Momentum 14 Drapes, new for SS21.

Set amongst a backdrop of bustling, grid like streets, clean lines and photographic techniques introduce a softness to the collection's eight wallpapers, nine drapes and five velvets. Capturing the shapes and spaces found between light and dark, silhouetted florals and distorted reflections differentiate against the angularity of cityscapes within this latest launch.

Claire Greenfield, head of design for Harlequin says, "This exciting next chapter in the Momentum story represents a snapshot of urban life. From dusk till dawn, we've looked at positive and negative spaces: transposing, refracting and shattering. We've taken close up elements from layered leaves and flowers to add a softer, painterly aspect that contrasts against strong edges and contemporary geometrics.

A broad and diverse collection, we're blending the permanency of structures with the ever-changing beauty of nature."

Key colours such as Tobacco, Rosewood, Saffron and Ink add a warmth to this collection alongside Bronze, an exciting metallic addition that's new for this season.

Iconic patterns including Aucuba's display of abstract leaves, Distortion's modern ikat and Transverse's showstopping geometric share their unique glamour, in dispersed by shimmering highlights across delicate threads. Sumptuous velvets feature throughout Momentum 13, adding an extra luxurious touch to contract quality drapes and upholstery.

Completing this Momentum launch is Empower Plain, a durable cotton satin plain weave in 45 gorgeous jewel colours. Working perfectly across the entire Momentum range, choose favourite hues and co-ordinate to complete the look.

The launch comprises three books:
Momentum 07 Wallpapers, Momentum 13 Upholstery, Momentum 14 Drapes
