# Meridiani Headquarters

Meridiani, fondata nel 1996, si contraddistingue nello scenario dell'arredamento 100% made in Italy per la capacità di creare collezioni contemporanee e allo stesso tempo versatili, in grado di intendere la casa come se fosse un abito da indossare. La purezza del disegno, la continua ricerca di nuovi materiali e texture, suggeriscono un modo sofisticato di abitare la quotidianità. Uno stile e una identità precisi e riconoscibili ma che, al tempo stesso, offrono sempre nuove fonti di ispirazione e spazio per l'interpretazione personale.

Il marchio, coordinato dal designer e art director Andrea Parisio, propone un'ampia selezione di raffinati tessuti e pelli in oltre cinquecento varianti, oltre ad una estesa gamma di finiture, tra cui preziosi marmi, metalli, specchi, lacche opache e lucide ed essenze.

Abilità artigianale, sapienza tecnica e profonda conoscenza dei materiali caratterizzano le collezioni, capaci di dare vita a un'esperienza di lifestyle totalizzante: dall'area living alla zona pranzo, ma anche aree di conversazione, camera da letto e home office, fino ai prodotti dedicati all'outdoor.

Collezioni atemporali, eleganti e senza fronzoli, essenziali senza essere troppo disciplinate, moderne senza cedere al design modaiolo. Uno stile riconoscibile, un nuovo classico che lascia spazio all'interpretazione individuale. Proposte che spaziano dall'area living alla zona notte fino agli spazi aperti: segni rigorosi, proporzioni esatte, volumi essenziali. Tessuti preziosi che sembrano rubati al più ricco guardaroba: lini, cotone, velluti e ciniglie, trame eleganti che prendono la forma di divani, letti, sedute. La morbidezza della pelle e la forza del cuoio vengono esaltati da cuciture ispirate alla selleria.

Ogni prodotto originale Meridiani è il risultato dei migliori materiali, delle più accurate lavorazioni e di attenti controlli qualitativi: competenza, perizia e attenzione ai dettagli sono garantite da esperti artigiani il cui lavoro manuale si affianca ai processi industriali. Tutti i prodotti sono provvisti di un certificato di autenticità e garanzia che garantisce l'origine italiana e la qualità dei prodotti acquistati. La Certificazione 100% MADE IN ITALY richiede infatti alle aziende una serie di controlli accurati, volti a certificare che l'intero ciclo produttivo sia totalmente svolto in Italia.

# COLLEZIONI SENZA TEMPO, CONTEMPORANEE E VERSATILI, CAPACI DI INTERPRETARE OGNI CONTESTO E DI CREARE AMBIENTI CHE SONO LO SPECCHIO DELLA PERSONALITÀ DI CHI LI ABITA.

Timeless, contemporary and versatile collections which interpret every different context to create personal environments, able to reflect the personality of those who live there.

Established in 1996, Meridiani stands out in the Made in Italy furniture scene thanks to its contemporary and at the same time versatile collections, which interpret home as a dress to wear. Neat and pure shapes along with constant research for new materials and textures suggest a sophisticated way of living everyday life; a distinguished style and a recognizable identity that at the same time always offer new sources of inspiration and leave space for personal interpretation.

Coordinated by the designer and art director Andrea Parisio, the brand offers an ample selection of more than five hundred fabrics and leathers, further to a wide range of available finishes and materials - among them precious marbles, metals, mirrors, matt and glossy lacquers and wood.

Craftsmanship and manual skills, know-how and deep knowledge of materials and techniques characterize the collections and give life to a total-look lifestyle: from the living to the dining area, but also conversation corners, night areas and home office up to the outdoor products. Timeless collections, elegant and without frills, essential but still vivacious, modern but with no compromises with temporary trends: meticulous signs, precise proportions and essential volumes. The precious textiles seem stolen from the richest wardrobe: linen and cotton, velvet, chenille and elegant textures are skillfully transformed into refined pieces of furniture - sofas, beds and seats; the softness of full grain leather and the strength of saddle-leather are emphasized by the seams inspired by saddlery.

Every original Meridiani product is the result of careful manufacturing, accurate quality controls and the best materials: expertise, know-how and care for details are guaranteed by our artisans, whose work goes side by side with industrial processes. All Meridiani products are accompanied by a warranty certificate, which confirms the Italian origin and the quality of your purchase.

## Hubert

Hubert nasce dalla volontà di creare un tavolo semplice, definito da un telaio in tubolare di ferro molto lineare che sostiene diverse tipologie di piani, dalle forme e dalle dimensioni svariate. Hubert offre ampie possibilità compositive e, nella sua pulizia grafica, si concede vezzi come la possibilità del doppio piano o un puntalino di ottone presente nel telaio.

Hubert was born from the desire to create a simple table, defined by a very linear tubular iron frame that supports different types of top, with various shapes and sizes. Hubert presents a wide range of different composition options; in its graphic neatness it offers the gracious possibility of a double top or a small brass tip in the frame.

Tavolo fortemente connotato dalla peculiare base in legno con inserti in metallo, a quattro razze speculari a quelle che sostengono il piano rotondo. Ampia la scelta delle finiture dei piani: legni, lacche opache o lucide, fino alla preziosità del marmo.

This dining table is strongly defined by the specular four-spokes base, symmetrical to the ones supporting the round top. Ample choice in the finishes for the tops: from wood to matt or glossy lacquer, up to the precious marble.

# Plinto

Una forma e un nome che richiamano stabilità e progettualità: dal latino 'plinthus', la collezione Plinto rimanda all'elemento architettonico che funge da sostegno a una colonna. Un tavolo scultoreo scandito da tre elementi: una base monolitica, una struttura leggera e un piano, ciascuno dei quali disponibile in più varianti di forme e materiali, per creare innumerevoli configurazioni. La versatilità e la possibilità quasi infinita di personalizzazione denotano questa iconica collezione, che non dimentica la pulizia formale e l'equilibrio progettuale in ogni sua versione.

A shape and a name that recall stability and planning: from Latin 'plinthus', the Plinto collection refers to the architectural element that serves as a support for columns. A sculptural table marked by three elements: a monolithic base, a light structure and a top, each of them available in different shapes and materials allowing many different configurations. The versatility of this collection and its almost endless possibility of personalization mark this iconic collection, without forgetting the neat lines and a balanced design in each version.

## Zeno

Zeno è un tavolo da pranzo a tre gambe dalla forte identità progettuale che rimanda, per suggestioni visive, a una preziosa estetica rétro. Dietro un look ricercatamente riconoscibile, Zeno nasconde una fase di realizzazione estremamente complessa, data dalla sua struttura asimmetrica in tubolari dall'ampio diametro, che si sovrappongono e si snodano a generare le tre gambe e ad accogliere l'intero piano tondo di sei centimetri di spessore.

Zeno is a three-legged dining table with a strong design identity suggesting a precious retro appeal. Behind a refined recognizable look, Zeno hides an extremely complex realization phase, given by its asymmetrical tubular structure having large diameter, overlapping and winding so that to generate the three legs and to hold the entire six centimetres thick round top.

## Emilia

Un tratto ben definito e una leggerezza visiva caratterizzano Emilia, una sedia che si distingue per le sue proporzioni contenute e l'essenzialità della struttura in legno massello, il cui calore riesce a coniugarsi in perfetta armonia con forme morbide e arrotondate. Contemporanea nella versione in legno, si trasforma in elegante e ricercata nelle versioni laccate lucida ed opaca, esprimendo l'eclettismo che da sempre contraddistingue Meridiani. Due le tipologie di sedute: imbottita, disponibile con rivestimenti in tessuti e pelli di collezione, o con scocca in cuoio, dal look più definito e rigoroso.

A well-defined and visually light appeal characterize the Emilia chair; this collection stands out for its small sized and well-balanced proportions and its essential solid wood structure, whose warmth perfectly combines with the soft, rounded shapes. More contemporary in the wooden version, it becomes more elegant and refined in the glossy or matt lacquered versions expressing the brand's eclecticism. Two different kinds of seats are available: an upholstered version with textile or leather cover; a second version in saddle-leather for a more decided, rigorous look.

Un affascinante grafismo geometrico, essenziale e contemporaneo, definisce il look di questi sgabelli con struttura in metallo, disponibili in diverse altezze. Il look vagamente 'industrial' degli elementi, è addolcito dalla morbidezza delle sedute.

A charming geometric graphic, essential and contemporary, defines the look of these stools with metal base available in different heights. The slightly 'industrial' look of the elements is mitigated by the softness of the seating.

## Isetta

Isetta è una sedia tessile imbottita, caratterizzata dalla struttura in tubolare di metallo che sale ad avvolgere la seduta e, in parte, lo schienale disegnato per restare lievemente inclinato. Le sue forme contemporanee la rendono perfetta anche per essere utilizzata come poltroncina o per arredare spazi di hospitality.

Isetta is a padded textile chair, characterized by the tubular metal frame rising till wrapping the seat and partly the backrest, which has been designed so that to stay slightly back off compared to the seat. Its contemporary shapes make it perfect also as an armchair or to furnish hospitality spaces.

## Rider

Sono la purezza e la leggerezza delle linee geometriche a connotare Rider. Questa sedia, attualmente disponibile con due altezze differenti di schienale, è caratterizzata da una struttura in tubolare metallico a sezione quadrata: ad oggi si arricchisce delle finiture verniciato ottone bronzato e acciaio platinato. Si aggiungono alla collezione esistente le due versioni con bracciolo: la prima, dalle linee rigorose, è realizzata tutta in metallo, mentre la seconda offre l'aggiunta sul bracciolo di un tubolare a sezione cilindrica in massello di rovere, laccato lucido o laccato opaco nei diversi colori disponibili a catalogo.

It is the purity and lightness of the geometric lines that connote 'Rider'. This chair, currently available with two different back heights, is characterized by a metal structure with a square-shaped section; it is now enriched with two new finishes: varnished bronzed brass and platinum steel. Two new versions with armrests add up to the existing range: the first, with rigorous lines, is fully realized in metal while the second offers the addition on the armrest of a tubular shaped oak with cylindrical section, matt or glossy lacquered in the available colour palette.

Sylvie è una sedia dallo schienale arrotondato e avvolgente, caratterizzato dai tre volumi che creano un equilibrio perfetto tra forme geometriche, ispirazione art déco e comfort. La base in tubolare di metallo lineare nero opaco alleggerisce la visione d'insieme, facendo galleggiare la seduta nello spazio.

# Teresina

Due anime racchiuse nello stesso corpo: Teresina è una sedia e una poltroncina lounge caratterizzata da linee essenziali che assumono forma e struttura attraverso il calore e la matericità del massello di rovere, sapientemente lavorato. Il comfort e l'estetica differiscono per la versione "soft", più morbida e accogliente, rivestita con tessuti e pelli di collezione, e quella "kuoio". Quest'ultima assume un aspetto più deciso e grintoso, tramite una scocca di cuoio che definisce schienale, braccioli e seduta: la particolare realizzazione in cuoio che si lega alla struttura in rovere, disegna una seduta sospesa che ne sottolinea il rigore.

Two souls enclosed in the same body: Teresina is a chair and a lounge small armchair marked by essential lines that take shape and structure thanks to the warmth and solidity of oak wood, skillfully crafted. Both comfort and aesthetics differ in the available versions, the "soft" one, more welcoming, with padded back and seat covered with the textiles and leathers in collection, and the "kuoio" one. The latter takes on a more gritty and decided look thanks to a saddle-leather body that defines back, armrests and seat: the particular saddle leather shape bound up to the oak frame draws a suspended seat that emphasizes its rigor.

Perfetta per progetti contract grazie alle proporzioni contenute, ma ideale anche in spazi residenziali: questa collezione, definita da linee essenziali e dallo schienale appena curvato, nasce da un attento gioco di proporzioni per una sintesi di linearità e comfort.

Perfect for contract projects but ideal also for home environments thanks to its compact dimensions: defined by clean lines and by the slightly curved back, this collection is the result of a careful play of proportions for a synthesis of comfort and essentiality.

## Quincy

Console con tre cassetti che gioca sull'equilibrio tra volumi pieni e vuoti. L'accostamento di diverse finiture per la base in metallo e per il piano e il fianco in essenza o in lacca, enfatizzano la matericità dei due elementi. Quincy definisce in maniera inequivocabile il mood di qualsiasi spazio che è chiamata ad arredare.

Three drawers console playing a game of balance with full and empty volumes. The combination of different finishes for the metal base, the top and the wooden or lacquered side emphasize the materiality of the two elements. Quincy strongly defines the atmosphere of every interior.

# Amadeus

Pensile a quattro ante da parete o con basamento in metallo, Amadeus è un contenitore funzionale e, allo stesso tempo, un elemento grafico che permette di conferire all'ambiente l'inconfondibile tocco Meridiani. Realizzato in lacca, legno e metallo combinabili a piacere, è un oggetto che rispecchia un universo progettuale ricercato e immediato.

A four-door wall unit with a metal base: Amadeus is a functional storage unit and at the same time a graphic element that brings Meridiani's unique touch into the room. With finishes in lacquer, wood and metal that can be combined as desired, this piece of furniture shows a refined concept and strikes with its immediate appeal.

# Harris

Pensile a sviluppo orizzontale, di dimensioni contenute. Il look pulito ed essenziale è arricchito dal taglio a 45° dei ripiani orizzontali, che possono completarsi con i box optional. Volumi pieni e vuoti creano così un piacevole gioco di equilibri.

A horizontal wall-unit of limited size. The neat appearance is underlined by the detail of the neat cut to 45 degrees of the shelves, which can be completed by optional boxes. Full and empty spaces create an interesting play of balance.

# Ludwig

L'elemento esagonale Ludwig rappresenta una rilettura contemporanea e in perfetto stile Meridiani di un oggetto del passato come la madia. Sono colonne dal notevole volume interno, che possono essere accostate per separare la zona giorno da quella pranzo, o utilizzate singolarmente come contenitori dal forte carattere architettonico. Facendo ricorso alle svariate finiture di Ludwig è possibile ricavare un oggetto rigoroso e monocromico o, nella versione Diamond in specchio bisellato, un arredo scenografico.

The hexagonal unit Ludwig is Meridiani's contemporary reinterpretation of the cabinet. These columns are characterized by a wide storage capacity and can be used independently or even paired in order to shape the rooms. Ludwig's wide range of finishes may result in a rigorous and monochromatic object as much as in an exuberant piece of interior design, especially with the Diamond bevelled mirror finish.

# Sebastian

La forma precede la funzione, così da liberare l'arredo dalla gabbia di una destinazione d'uso prefissata. Pensata anche come elemento divisorio fra le diverse aree della casa, la libreria Sebastian ha una struttura esagonale in metallo che può essere verniciata ottone bronzato, acciaio platinato o opaco black. L'accostamento con la laccatura lucida o opaca prevista per i ripiani dona un appeal contemporaneo.

Shape anticipates function, so that 'décor' is freed from an imposed destination. Also meant to be a dividing element, Sebastian bookcase has a hexagonal metal frame with a bronzed brass, platinum steel or a matt black finish. The match of the outer finishes with the matt or glossy lacquer of the shelves conveys a contemporary appeal.

## Verner

Il contenitore Verner assicura un elevato grado di componibilità, grazie a una serie di elementi multipli che, abbinati ad alcuni terminali, possono dare vita sia a forme rettilinee, sia ad altre più mosse. Poliedrico e funzionale, Verner è configurabile anche bifacciale, con ante apribili su entrambi i lati a creare un vero e proprio espositore da centro stanza.

The Verner storage unit is characterised by a free-standing frame. It offers a high level of modularity, thanks to a multiple series of elements which combined with end-units allow to create linear or winding configurations and shapes. Versatile and functional, Verner can also be requested as a double-face piece of furniture, with doors that can be opened on both sides for a storage piece to place in the centre of the room.
