Meridiani Headquarters

Meridiani, fondata nel 1996, si contraddistingue nello scenario dell'arredamento 100% made in Italy per la capacità di creare collezioni contemporanee e allo stesso tempo versatili, in grado di intendere la casa come se fosse un abito da indossare. La purezza del disegno, la continua ricerca di nuovi materiali e texture, suggeriscono un modo sofisticato di abitare la quotidianità. Uno stile e una identità precisi e riconoscibili ma che, al tempo stesso, offrono sempre nuove fonti di ispirazione e spazio per l'interpretazione personale.

Il marchio, coordinato dal designer e art director Andrea Parisio, propone un'ampia selezione di raffinati tessuti e pelli in oltre cinquecento varianti, oltre ad una estesa gamma di finiture, tra cui preziosi marmi, metalli, specchi, lacche opache e lucide ed essenze.

Abilità artigianale, sapienza tecnica e profonda conoscenza dei materiali caratterizzano le collezioni, capaci di dare vita a un'esperienza di lifestyle totalizzante: dall'area living alla zona pranzo, ma anche aree di conversazione, camera da letto e home office, fino ai prodotti dedicati all'outdoor.

Collezioni atemporali, eleganti e senza fronzoli, essenziali senza essere troppo disciplinate, moderne senza cedere al design modaiolo. Uno stile riconoscibile, un nuovo classico che lascia spazio all'interpretazione individuale. Proposte che spaziano dall'area living alla zona notte fino agli spazi aperti: segni rigorosi, proporzioni esatte, volumi essenziali. Tessuti preziosi che sembrano rubati al più ricco guardaroba: lini, cotone, velluti e ciniglie, trame eleganti che prendono la forma di divani, letti, sedute. La morbidezza della pelle e la forza del cuoio vengono esaltati da cuciture ispirate alla selleria.

Ogni prodotto originale Meridiani è il risultato dei migliori materiali, delle più accurate lavorazioni e di attenti controlli qualitativi: competenza, perizia e attenzione ai dettagli sono garantite da esperti artigiani il cui lavoro manuale si affianca ai processi industriali. Tutti i prodotti sono provvisti di un certificato di autenticità e garanzia che garantisce l'origine italiana e la qualità dei prodotti acquistati. La Certificazione 100% MADE IN ITALY richiede infatti alle aziende una serie di controlli accurati, volti a certificare che l'intero ciclo produttivo sia totalmente svolto in Italia.

Timeless, contemporary and versatile collections which interpret every different context to create personal environments, able to reflect the personality of those who live there.

Established in 1996, Meridiani stands out in the Made in Italy furniture scene thanks to its contemporary and at the same time versatile collections, which interpret home as a dress to wear. Neat and pure shapes along with constant research for new materials and textures suggest a sophisticated way of living everyday life; a distinguished style and a recognizable identity that at the same time always offer new sources of inspiration and leave space for personal interpretation.

Coordinated by the designer and art director Andrea Parisio, the brand offers an ample selection of more than five hundred fabrics and leathers, further to a wide range of available finishes and materials - among them precious marbles, metals, mirrors, matt and glossy lacquers and wood.

Craftsmanship and manual skills, know-how and deep knowledge of materials and techniques characterize the collections and give life to a total-look lifestyle: from the living to the dining area, but also conversation corners, night areas and home office up to the outdoor products. Timeless collections, elegant and without frills, essential but still vivacious, modern but with no compromises with temporary trends: meticulous signs, precise proportions and essential volumes. The precious textiles seem stolen from the richest wardrobe: linen and cotton, velvet, chenille and elegant textures are skillfully transformed into refined pieces of furniture - sofas, beds and seats; the softness of full grain leather and the strength of saddle-leather are emphasized by the seams inspired by saddlery.

Every original Meridiani product is the result of careful manufacturing, accurate quality controls and the best materials: expertise, know-how and care for details are guaranteed by our artisans, whose work goes side by side with industrial processes. All Meridiani products are accompanied by a warranty certificate, which confirms the Italian origin and the quality of your purchase.

Cliff

Una collezione modulare di letti, versatile e ricercata sia nella struttura che nel dettaglio, all'insegna della massima libertà compositiva, con testiere e basi personalizzabili in un'ampia gamma di dimensioni, finiture e complementi. Una struttura a L funge da testiera e supporta la base del letto: i piani orizzontali possono essere utilizzati come appoggio per riporre libri o altri oggetti, oppure si può optare per la ricca serie di accessori disponibili in collezione; inoltre testiera e basamento possono essere mono-materici oppure realizzati in materiali differenti, per un progetto zona notte monocromatico oppure visivamente più ricco.

A collection of modular beds, rich and refined in terms of both structure and details: it allows the utmost compositive freedom with its headboards and bases available in a wide selection of dimensions, finishes and accessories. The L-shaped structure is the bed base and supports the headboard: the horizontal panels on both sides of the bed can be used to stack books or to place lamps, or may be completed with one of the many complements. The entire range is about flexibility, even in the finishes: headboard and base can be either manufactured in the same material or with different ones for a visually, extremely rich solution.

Edoardo

Manualità e sartorialità sono alla base della manifattura del letto Edoardo. L'essenzialità della struttura in legno massello contrasta con i volumi importanti della testiera, disponibile in tre versioni dalla personalità distinta. La prima, imbottita con rivestimento in tessuto e delineata da un profilo, è avvolgente e sofisticata. La seconda è un invito al relax poiché presenta un'immagine più morbida e confortevole grazie anche alla finitura con volant piatto. La versione in cuoio intrecciato infine dona al letto un aspetto rigoroso ma altrettanto scenografico: la lavorazione complessa dell'intreccio unisce la cura per il dettaglio alla lavorazione secondo tradizione.

Manual skills and a unique tailoring approach define the Edoardo bed. The essentiality of the solid wood frame plays in a game of contrast with the volumes of the headboard available in three versions, each one with its own personality. The first version is enveloping and sophisticated, upholstered with a textile covering and outlined by a piping; the second one is an invitation to relax with its soft, welcoming allure thanks to the flat ruffles; the third version in woven saddle-leather shows a rigorous but at the same time glamorous look: the complex weaving process combines the utmost care for details with traditional manufacturing skills.

Kira Up

Come suggerito dal nome, la versione rinnovata del letto Kira è sollevata da terra, per esprimere una sensazione di maggiore leggerezza visiva e per uno spazio notte dal gusto più contemporaneo.

As the name suggests, this renewed version of the Kira bed is featured by the feet which lift up the base, so as to convey a visual sensation of lightness for a night area with a more contemporary mood.

È la testiera importante, dalle forme sinuose e leggermente arrotondate a connotare questo letto dal gusto sofisticato e in grado di rileggere elementi della tradizione con uno sguardo contemporaneo. Una collezione iconica, arricchita dal prezioso dettaglio della lavorazione capitonné, con la testiera interamente lavorata a mano. È disponibile anche la versione completamente liscia, per dialogare con ambienti più contemporanei.

It is the important, slightly rounded headboard to characterize this sophisticated bed, which is able to reinterpret and renew the tradition. An iconic collection, enriched by the precious detail of the 'capitonné' manufacturing, with the entirely hand-made headboard. The plain version is also available to fit more contemporary interiors.

Oliver

Due i dettagli che caratterizzano visivamente questo letto tessile imbottito: la testiera, capace di comunicare un'immediata sensazione di relax e realizzata con materiali super soft, e i raffinati piedini a vista realizzati in legno.

There are two details which distinguish this upholstered textile bed: the headboard, conveying an immediate feeling of relax, made of super soft materials, and the refined feet at sight, made in black stained wood.

Turman

Eleganza e rigore, nel rispetto della tradizione: queste le parole chiave della linea, connotata dalla testiera capitonné in grado di arredare lo spazio con la forza impositiva del suo valore estetico. Turman è disponibile anche nella versione 'low' con testiera in altezza standard, senza però scendere a compromessi per quanto riguarda la preziosità della lavorazione artigianale.

Elegance and rigour respecting the tradition: these are the keywords for the Turman collection, characterized by the capitonné headboard which decorates and furnishes the space with the strength of its aesthetic values. The 'low' version presents the hand-made capitonné headboard but in standard height - without compromises for what concerns the precious artisanal workmanship.

Ralf

Un prezioso gioco di equilibri e rimandi geometrici definisce il look di questi comodini con cassetto: due dischi – uno per il piano, l'altro per la base – sono collegati da una struttura leggera, composta da due supporti lineari in metallo verniciato ottone bronzato, acciaio platinato o nero opaco. Il basamento è in marmo, i piani in legno laccato per un elegante accostamento di materiali.

A precious game of balance and geometrical references defines the look of this night table with drawer: two round disks - one for the top and one for the base - connected by a light frame made of straight lines in bronzed brass, platinum steel or matt black varnished metal. The marble base and the lacquered tops suggest an elegant combination of materials.

Rete in legno di faggio lamellare, singola o doppia, con sezione perimetrale h. 60x35 mm; le doghe da 36 x 8 mm (25 x 8 mm nell'area spalle) si raccordano 2 a 2 al telaio tramite giunti flessibili in caucciù che, grazie alla loro eccezionale orientabilità orizzontale e verticale, consentono un'adattabilità assoluta all'anatomia del corpo disteso senza produrre alcun cigolio. Per un maggior comfort durante il riposo l'area spalla è dotata di speciali porta doghe ad elevato assorbimento. I volumi delle spalle vengono così accolti in modo naturale e confortevole. La zona lombare è dotata di regolatori di rigidità che consentono di personalizzare l'uso del piano letto in base al proprio peso e alle posizioni di riposo abituali.
