ILLUMINAZIONE D'INTERNI

Contemporary line
a step forward...

Dal 1910 una realtà produttiva cominciata sui canali veneziani
e continuata nel futuro sulle colline toscane

Una storia, quella della ditta Gallo, che da quattro generazioni porta avanti la sua artigianalità e creatività producendo raffinati oggetti per l'illuminazione d'interni carichi di stile e fascino. I modelli disponibili spaziano dai classici e ricchi lampadari alle nuove e lineari strutture di gusto contemporaneo. Gli oggetti sono proposti in svariate dimensioni e finiture e sono in grado di completare qualsiasi tipo di arredamento con gusto ed eleganza, apportando quel tocco in più che solo gli elementi unici e creati con cura ed amore da abili artigiani sanno dare.

Since 1910 a production reality started on the Venetian
canals and continued in the future on the Tuscan hills.

A story, that of the Gallo company, which for four
generations carries on its craftsmanship and creativity
producing refined objects for interior lighting full of
style and charm.

The models available range from classic and rich chandeliers
to the new and linear structures of contemporary taste.
The objects are offered in various sizes and finishes and
are able to complete any type of interiors with taste and
elegance, adding that touch more than just the unique
elements created with care and love by skilled craft-
smen know how to give.

1910

Luciano Gallo fondatore della ditta in Campo San Tomà a Venezia
