DECOWIRE is a new concept of Mechini Chandelier

we thought of making the spotlights on cables warmer and more elegant, so we created mini-chandeliers to combine with spotlights. our mini-chandeliers can also be applied to existing cables and spotlights.

the mini-chandeliers are very light and have no problems with the cables.

You can order only the mini-chandelier with spotlight to be applied to your existing 12V cables.

you can order the complete set of mini-chandeliers with spotlights, cables and 12V driver
