LEO MIRAI
COLLECTION

LAUDARTE

Laudarte designs and manufactures luxury lighting objects reviving ancient techniques and precious materials that are part of Italy's history of art, design and luxury.

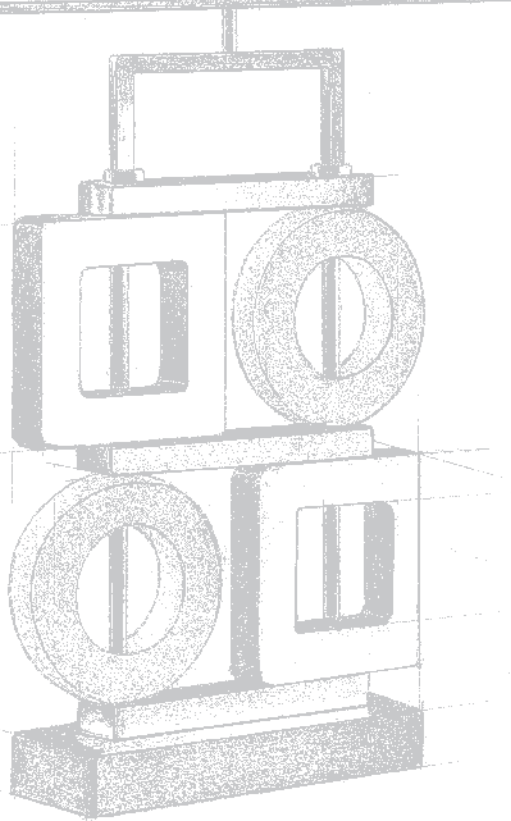

Laudarte collections, ranging from classic to modern in taste, include floor and table lamps, appliqués and chandeliers.

Each object is the result of a project that harmonizes modern quality standards and the Italian tradition of superior craftsmanship.

Thanks to its design and customisation capabilities, Laudarte has become a trusted partner for architects, designers and decorators in search of unique and precious solutions for high-end interiors.

Laudarte creations have become a sophisticated style choice for historical palaces, embassies, private residences and the most prestigious hotel chains.

**WELCOME TO OUR WORLD OF DESIGN,
ART AND LUXURY**

CONTEMPORARY Collection

Laudarte Contemporary collection - Leo Mirai is inspired by the innovative artistic movements emerged at the beginning of the 20th century and the birth of Art Deco.

The objects are characterised by refined and bold geometries, bright colours and expert craftsmanship, visible in many precious details.

The collection aims to represent luxury, glamour and exuberance.

Laudarte Contemporary collection objects perfectly fit in modern interiors and beyond, creating an atmosphere of luxury and prestige.

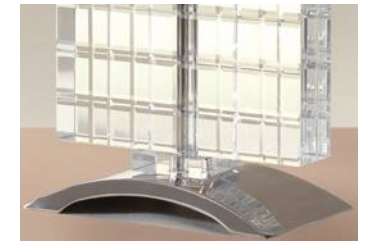

Rich materials skilfully crafted

Metal casting: nickel plated brass or polished steel are the base materials for the Laudarte Contemporary Collection, giving intrinsic quality to each product.

Crystal: this transparent and particularly brilliant glass, obtained with the use of lead silicate, was perfected in Bohemia towards the end of the 17th century. Thanks to its suitability for precision grinding, it allows Laudarte to create clean and personalised shapes and geometries.

Murano glass: in the century-old Venetian glass tradition, soda is added to glass to allow melting at lower temperatures. The glass remains ductile for long, allowing expert artisans to create special and elaborate forms.

Color glass paste: "pate de verre" is one of the oldest known forms of glass working. These techniques first flowered around 1500 - 1000 BC in Mesopotamia and ancient Egypt and enjoyed a renaissance in the 19th and 20th centuries in Europe, especially in France. Laudarte uses glass paste for its distinctive luster which derives from having the colours as part of the glass matrix as opposed to being painted over.

Laudarte Contemporary Collection - Leo Mirai objects have been chosen for furnishing some of the most prestigious hotels worldwide.

Bespoke projects - Contract

The development of custom made projects is at the core of Laudarte capabilities. Over the years, we have developed tailored solutions for some of the most prestigious hotels, palaces, embassies, private residences and luxury yachts.

The artistic objects from Laudarte collections can develop into 8,000+ different items, ranging from wall lights and chandeliers to table and floor lamps, as well as decor objects and accessories.

Furthermore, when a completely new or tailored design is required, Laudarte bespoke project service can satisfy any customer request thanks to its distinctive know how and technology capable of managing and combining different materials, finishes and more than 15,000 precious components.

Laudarte extremely flexible internal production process ensures timely delivery and strict quality control.

SOME OF OUR PROJECTS AND COLLABORATIONS:

Four Season - Doha
Grand Hyatt - Moscow
Ifrane Palace - Morocco
The Landmark Hotel - London
The Chrystie - New York
Mandarin Oriental - Boston
Hotel de la Ville - Monza, Italy
Hotel Metropole - Bruxelles

Kingdom of Saudi Arabia Embassy - Cairo
Pangu Plaza - Beijing

Azimut Benetti Yachts - Italy
San Lorenzo Yachts - Italy
Viudes Yachts - Spain

Production

Laudarte production facility is located in Cusago, in the Milan metropolitan area, Italy.

All Laudarte objects are individually made; a strict quality control ensures the creation of faultless objects, while the high flexibility of the internal production process allows to cater to special and customised requirements.

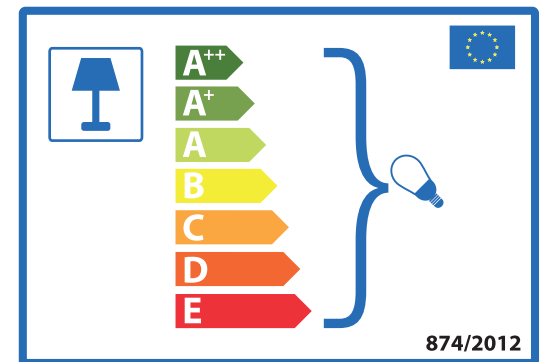

Each product is marked with the Laudarte ring, which attests its quality and origin.

Laudarte products are wired according to the different Countries rules and are certified under the main international standards, including CE, UL and SASO.

All Laudarte products carry the distinctive Laudarte ring, which certifies their origin

Laudarte reserves the right to alter the products in this catalogue for technical reasons and whenever the safety regulations require it.
