THE TWENTY TWENTYTWO  
COLLECTION

## A Creative Mind

Da bambino, ammirava i colori, suoni e sapori della natura. Da adulto, le opere dei grandi architetti: da Gio Ponti e Marco Zanuso a Frank Lloyd Wright, Mies van der Rohe e Oscar Niemeyer.

La ricerca del Bello, in tutte le sue forme, è quello che anima da sempre Giorgio Saporiti. Architetto e designer innamorato del colore (“senza di esso la vita non esiste”) ma anche imprenditore e grande conoscitore di tendenze del design e della moda, Giorgio Saporiti è stato definito un’“inesauribile macchina sforna-idee”: il suo mondo di tessuti, arredi, complementi e interior sembra infatti rigenerarsi all’infinito, dando vita a creazioni che sono allo stesso tempo di tendenza e evergreen. Le sue forme razionali e pulite ma capaci di emozionare, le sue cromie che si fondono le une con le altre, i suoi accostamenti spesso azzardati ma sempre

capaci di creare un’armonia perfetta sono alla base del successo globale de Il Loft, l’azienda da lui creata nel 1994, il cui marchio è riconosciuto in tutto il mondo come araldo della qualità Made in Italy.

La sua ricetta per il successo? “Progettare perché non solo ogni arredo o complemento ma anche ogni spazio sia unico, pensato per il committente a sua immagine e somiglianza. Perché un interior riuscito è uno in cui si è felici di vivere”.

“L’ineluttabile ciclo della trasformazione interessa la nostra casa e il mondo attorno a noi. Nell’atto di creazione una cosa mi resta sempre impressa nella mente: occorre raggiungere la perfetta unione con l’interno che costantemente si rinnova”.

When he was a little kid, he used to wonder at the colors, sounds and flavors of nature. As an adult, he was stunned by the masterpieces of great architects such as Gio Ponti and Marco Zanuso, or Frank Lloyd Wright, Mies van der Rohe and Oscar Niemeyer.

The search for Beauty, in all its forms, is what has always motivated Giorgio Saporiti. As an architect and a designer, he is in love with colors (“without them, there is no life”); but his multifaceted nature made it possible for him to be, at the same time, also an excellent entrepreneur as well as a living antenna for design and fashion trends. It does not come as a surprise, then, to hear that Giorgio Saporiti is considered by those who know him “an unstoppable ideas generating machine”. His world of fabrics, furniture, and interiors actually seems to regenerate itself infinitely and to give life to creations that have the amazing capacity to be at the same time trendy but evergreen. His rational, pure lines are able to bring out emotions, his color palettes mingle one

with the other, his couplings are often hazardous but always end up providing a perfect harmony.

These are the characteristics that made up the success of the company that Giorgio Saporiti himself created in 1994, Il Loft, a brand that is now universally recognized as a herald of Made in Italy quality.

His recipe for success? “Designing so that all furniture and interior is a reflection of the client’s taste and soul. So that he or she is happy to live in it”.

“The unavoidable cycle of transformation also challenges our ideas of home. When I create something, I always keep this in mind: interiors will have to be in tune with the ever-changing world around us”.

**“When I create something, I always keep this in mind: interiors will have to be in tune with the ever-changing world around us”**

## An authentic artisan experience.

Dall'inesauribile estro creativo di Giorgio Saporiti, interprete unico e originale delle più attuali tendenze tessili, nasce una linea di tessuti tricot realizzati appositamente per vestire le nuove collezioni.

Il risultato è un prodotto di altissima qualità, espressione indiscussa dell'eccellenza del Made in Italy, capace di creare un ponte tra moda e design, come nella più fedele tradizione del marchio Il Loft.

From the illimitable creative genius of Giorgio Saporiti, an inimitable and unique exponent of the very latest textile trends, comes a line of tricot fabrics created especially to "dress" the new collections.

The result? Products of outstanding quality that irrefutably epitomise "Made in Italy" excellence and bridge the gap between fashion and design in true Il Loft tradition.

## Handcrafted design

Design 100% italiano e materiali esclusivi, sono questi i leit-motiv ricorrenti in ogni singolo progetto firmato Il Loft: tessuti, arredi, complementi e interior dalle forme pulite e razionali, sempre capaci di stupire ed emozionare. Un modo di fare design unico che ha portato l'azienda ad essere emblema della qualità made in Italy nel mondo.

A garanzia della progettazione ricercata ed accurata dell'azienda c'è la mente creativa di Giorgio Saporiti, maestro del design e della moda capace di reinterpretare le tendenze del momento in una chiave ironica e raffinata.

Nuovi prodotti dal design innovativo e con cromie ricercate saranno presentati per inserirsi perfettamente nella più ampia collezione esistente de Il Loft.

100% Italian design and exclusive materials form the leitmotifs of every single Il Loft project: fabrics, furniture, furnishings and interiors with clean, functional lines that never fail to amaze and kindle emotions. This unique approach to design has transformed Il Loft into an internationally recognised symbol of the best of "Made in Italy" quality.

Guaranteeing the company's sophisticated and meticulously crafted designs is the creative genius of Giorgio Saporiti, a past master at design and fashion who has a flair for interpreting the latest trends with refinement and a tasteful touch of humour.

The new innovatively designed products in refined tones will be unveiled and represent the perfect addition to Il Loft's wider existing collection.

## CUBI

Arch. Giuseppe Viganò – Studio Viganò

Divano dall'aspetto visivo semplice e essenziale che nasconde un'anima ribelle. Volumi puri che giocano nello spazio, questa è l'anima del divano Cubi che può vivere singolarmente o in composizione.

Blocchi di schienali che si posizionano sulle sedute dando la possibilità di essere spostati liberamente in modo che ognuno possa crearsi il proprio spazio e il proprio comfort. Piattaforme rettangolari o a incastro per creare più composizioni particolari.

A sofa with a simple, essential look that conceals a rebellious spirit. Pure volumes playing in space, embodying the spirit of the Cubi sofa which looks stunning on its own or with other furniture.

Blocks of back cushions rest on seat cushions just waiting to be freely moved around so each one can create its own space and its own kind of comfort. Rectangular or interlocking platforms create truly special compositions.

Una barra colorata in metallo percorre la parte inferiore sia della seduta che degli schienali, mentre la leggerezza dell'insieme è accentuata dai piedi in metallo dal design minimale.

A coloured metal bar runs along the lower part of the seating and the backrests, while the lightness of the overall look is accentuated by metal feet featuring a minimal design.

Tavolini e accessori

Piani verticali e orizzontali che si sormontano. Linee geometriche che si articolano nello spazio creando accostamenti cromatici differenti. Tavolini moderni e rigorosi ma unici nel loro genere.

Low tables and accessories

Vertical over horizontal and horizontal over vertical. Geometric lines evolve through space, creating different colour combinations. With their precision design, these modern low tables are one of a kind.

## QUENTIN

Studio Ervas Basilico Girardi

Quentin è disegnato in stile libero. Curve, tagli, linee ipertese disciplinano forme fluide incontestabili, alternando contrapposte zone introflesse ad altre in rotonda espansione.

Nato con l'idea di vivere il divano come arredo principe per il comfort quotidiano, ha una seduta accogliente, profonda, uno spazio da condividere dinamico e contemporaneo.

Quentin is designed freestyle. Super-taut lines, curves and cuts control irrepressible fluid forms, alternating opposing introflexed areas with other rotundly expanding spaces.

Inspired by the idea of the sofa as the key piece for everyday comfort, Quentin features deep, comfortable seating offering a dynamic, contemporary way to share the space.

Un sistema componibile per far fronte a tutte le possibilità d'arredo. Punto focale di Quentin è il bracciolo oversize che vuole svincolarsi dai canoni classici ed esagerare, espandersi al massimo e nel suo picco più alto scendere e rientrare nella sua stessa forma.

Elementi lineari, angolari e di unione creativamente combinati tra di loro, mantengono l'ordine, l'identità, l'originalità e l'effervescenza della linea.

Its modular system blends beautifully into any style of interior layout. Quentin's focal point is the oversized armrest that breaks every traditional rule with an overstated design which fully swells and soars up to its highest peak before descending back into the original shape.

Creatively combined linear, angular and united elements maintain the order, identity, ingenuity and effervescence of the line.

## RIBBON

Arch. Giuseppe Viganò - Studio Viganò

Poltrona in cuoio di gran fascino. Una struttura metallica dalle forme sinuose viene "vestita" da una scocca in cuoio. Un unico pezzo di cuoio calza perfettamente la struttura per conferire comodità alla seduta e ai braccioli. Il cuoio diventa così forma e sostegno di tutta la poltrona.

Una poltrona leggera, fluida e curvilinea che conferisce carattere ad ogni ambiente in cui viene inserita.

An exceptionally charming leather armchair. The sinuously shaped metal structure is "dressed" in a leather cover. A single piece of leather fits flawlessly over the frame, ensuring absolute comfort for the seat and armrests, while creating the overall shape and support for the armchair.

A lightweight armchair with curvy, flowing lines that adds character to any interior.

## GIORGIO

Arch. Giuseppe Viganò – Studio Viganò

Una linea unica che disegna tutto il tavolo, scultoreo e visivamente leggero allo stesso tempo.

Il tavolo Giorgio è un pezzo di design originale che si vuole distinguere dalla massa. Le due gambe centrali proseguono lateralmente per poi diventare il piano d'appoggio. Perfetto da abbinare sia alla sua sedia che ad altre sedute senza mai perdere la propria unicità.

The entire table is designed by a single line, creating a look that feels sculptural yet is easy on the eye.

The Giorgio table is an original piece of design that stands out from the rest. The two central legs continue laterally to become the table top. Perfect for coordinating with the Giorgio chair as well as other seating solutions without ever losing its uniqueness.

## GIORGIO

Arch. Giuseppe Viganò – Studio Viganò

La collezione Giorgio prosegue con la sedia che richiama le caratteristiche principali dell'omonima poltrona.

La struttura curva e leggera accoglie la seduta e si sviluppa in altezza quasi a richiamare sedute storiche ma con un carattere del tutto nuovo. Comoda e dal design graffiante per valorizzare ogni sala da pranzo.

The Giorgio collection continues with a chair that echoes all the key features of the Giorgio armchair.

The curved, lightweight frame cradles the seat and stretches upwards, reminiscent of chairs from a bygone age but with a brand-new personality. Comfortable with an edgy design that enhances any dining room.

# GIORGIO

Arch. Giuseppe Viganò - Studio Viganò

Ad affiancare il tavolo c'è la credenza Giorgio. Visivamente una madia pulita e sobria che si scopre man mano che gli si gira attorno. La caratteristica principale infatti si nasconde sul fianco dove ritroviamo lo stesso movimento del tavolo, un disegno geometrico che ne conferisce grande carattere stilistico.

The Giorgio sideboard is a complementary companion for the table. An understated sideboard with clean lines that gradually reveals itself when explored. The key feature is actually hidden on the side where we find the same motif as the table, a geometric design that adds incredible stylistic character.

## FLAG

Arch. Giuseppe Viganò – Studio Viganò

Flag è un sistema modulare che permette di arredare diversi spazi della casa, un disegno rigoroso e geometrico che può percorrere l'intera parete.

L'idea progettuale nasce dalla caratteristica forma svasata degli schienali, che permette l'incastro dei moduli, l'inserimento dei pezzi accessori e l'illuminazione delle teste superiori dei singoli pannelli a creare un suggestivo gioco di contrasti tra luci e ombre. Un sistema modulare originale sia per la forma che per la qualità delle finiture.

Flag is a modular system for furnishing different spaces in the home with a precise, geometric design that can stretch across an entire wall.

The idea behind this project was inspired by the characteristic flared shape of the backboards into which the modules are locked, accessories are attached, and the lighting is positioned for the tops of the individual panels to create an evocative interplay of contrasts between light and shadow. The shape combined with quality finishes makes this modular system absolutely unique.
