H.R.H. THE PRINCE OF WALES  
MANUFACTURER AND DISTRIBUTOR  
OF CERAMIC TILES AND BUILDING PRODUCTS.  
PORCELANOSA GROUP LIMITED

La naturaleza ha sido y será una importante fuente de inspiración a la hora de crear nuestros productos, recogiendo y adaptando las formas naturales para hacerlas partícipes de nuestra vida diaria. Tanto en su evocación formal como en la conceptual la naturaleza está presente en las serie de KRION® Baño. Finas líneas al servicio de un reflejo puro y sofisticado de la sencillez natural, congruente con la filosofía menos es más, nos transmiten el sosiego de no sucumbir a la eterna insatisfacción que nos genera la abundancia.

La utilización de KRION® 100% recicitable, no emisor de compuestos volátiles, avala el compromiso de Systempool con la naturaleza. KRION® es un material especialmente reparable, pudiendo recobrar continuadamente su aspecto inicial, aumentando la vida útil del producto, reduciendo las necesidades de reposición y cumpliendo así con las condiciones de durabilidad recomendadas por las guías medioambientales internacionales.

*Nature has always been a major source of inspiration in creating our products, using and adapting natural shapes to become a part of our daily lives, and is the basis for the shape and concept of the KRION™ Bathroom Series. With graceful lines that are a pure, sophisticated reflection of the simplicity of nature, firmly based on the philosophy of 'less is more,' it transmits a sensation of peace derived from its minimalist design.*

*The use of 100% recyclable KRION™ , free from volatile compounds, endorses Systempool's firm commitment to protect nature. KRION™ is an easy-to-repair material that can always be returned to its original appearance, increasing the useful life of the product and reducing the need for replacement, thereby complying with the durability conditions recommended by international environmental guidelines.*

# Ras Series

La serie Ras incorpora nuevos elementos que optimizan su carácter modular, ofreciendo un amplio abanico de combinaciones y posibilidades. Bañera, encimeras y lavabos fabricados en KRION®, con desagüe oculto y embellecedor del mismo material. La serie se completa con una amplia gama de muebles auxiliares en diferentes acabados: roble, lacado tórtola, lacado negro y lacado blanco. La suma de estos elementos proporciona a la serie Ras un alto grado de funcionalidad y personalización, con una estética depurada.

*The Ras series has been extended to include new items that broaden its modular potential, allowing for a wide range of possible combinations. As well as its KRION™ bath, countertops and washbasins featuring a concealed drain and drain trim made of the same material, the series now includes a wide variety of complementary furniture in a variety of finishes: oak, tórtola lacquer, black lacquer, and white lacquer. Thanks to its different components, the Ras series stands out for its functionality, refined visual appeal, and potential for customization.*

# Almond Series

De formas suaves y redondeadas, la serie Almond transmite su esencia icónica, casi escultural, para hacer de tu baño un espacio único en el que belleza formal y ergonomía van de la mano.

Fabricada en KRION®, presenta elementos freestanding en la opción de bañera y lavabo a suelo, y ahora se completa, con la opción de lavabo de semiencastrado.

*With its gentle rounded shapes, the Almond series has an almost sculptural appeal, perfect for creating unique bathrooms that stand out for their formal beauty and ergonomics.*

*In addition to a free-standing bathtub and washbasin, this KRION™ series now features a semi-recessed washbasin.*
