SYSTEMPOOL

BY APPOINTMENT TO
H.R.H. THE PRINCE OF WALES
MANUFACTURER AND DISTRIBUTOR
OF CERAMIC TILES AND BUILDING PRODUCTS.
PORCELANOSA GROUP LIMITED

La naturaleza ha sido y será una importante fuente de inspiración a la hora de crear nuestros productos, recogiendo y adaptando las formas naturales para hacerlas partícipes de nuestra vida diaria. Tanto en su evocación formal como en la conceptual la naturaleza esta presente en las serie de Krion® Baño. Finas líneas al servicio de un reflejo puro y sofisticado de la sencillez natural, congruente con la filosofía menos es más, nos transmiten el sosiego de no sucumbir a la eterna insatisfacción que nos genera la abundancia.

La utilización de Krion® 100% reciclable, no emisor de compuestos volátiles, avala el compromiso de SystemPool con la naturaleza. KRION® es un material especialmente reparable, pudiendo recobrar continuamente su aspecto inicial, aumentando la vida útil del producto, reduciendo las necesidades de reposición y cumpliendo así con las condiciones de durabilidad recomendadas por las guías medioambientales internacionales.

Nature has always been a major source of inspiration in creating our products, using and adapting natural shapes to become a part of our daily lives, and is the basis for the shape and concept of the Krion® Bathroom Series. With graceful lines that are a pure, sophisticated reflection of the simplicity of nature, firmly based on the philosophy of 'less is more,' it transmits a sensation of peace derived from its minimalist design.

The use of 100% recyclable KRION® , free from volatile compounds, endorses System-pool's firm commitment to protect nature. KRION® is an easy-to-repair material that can always be returned to its original appearance, increasing the useful life of the product and reducing the need for replacement, thereby complying with the durability conditions recommended by international environmental guidelines.

La nueva Serie Ras se define por su carácter modular, ya que ofrece un amplio abanico de combinaciones y posibilidades. Encimeras y lavabos fabricados en KRION®, con desagüe oculto y embellecedor fabricado en acero lacado blanco. En combinación, se presenta una amplia gama de muebles auxiliares. La suma de estos dos elementos hace que la serie Ras se caracterice por su alto grado funcional, sin perder de vista una estética depurada.

The new RAS Series is defined by its modular character, because it offers a wide range of combinations and possibilities. Basins and sinks made in Krion®, overflow and hidden waste included, hubcap made in white lacquer steel. In combination, a wide range of auxiliary furniture is available. The sum of these two elements characterise the Ras series due to its high degree of functionality, without losing its purified aesthetics.

Krion®
Negro / Black

Basada en el plano y de línea minimalista, casi aséptica, pretende ser una seductora propuesta estética, práctica y económica. Los elementos de la serie están fabricados en KRION® y el mobiliario estructural en acero, lo que confiere la rigidez necesaria a las distintas configuraciones. Esta solución técnica y formal permite conseguir una sensación aérea, muy sugestiva por su ligereza visual.

La serie MODUL se compone de bañeras, platos de duchas, encimeras con lavabo integrado, lavabos de apoyo, lavabos, lavamanos y una serie de accesorios, ofreciendo múltiples configuraciones.

Las estructuras de acero se ofrecen en acabado negro o cromo. Los cascos vistos de lavabos y bañeras pueden presentar recubrimiento exterior en diferentes colores: negro, gris, mint o taupé. El marcado contraste entre el volumen interior de KRION® blanco y el acabado cromático exterior genera un amable juego visual que potencia el atractivo de esta serie.

MODUL bathroom series. Based on straight, minimalist lines it offers a seductive appearance that is both practical and economical. The different elements in the series are made of KRION®, with the structural fixtures in steel to provide the necessary stiffness for the different configurations. This formal and technical solution suffuses the bathroom with a sensation of lightness and clarity.

The MODUL series consists of baths, shower trays, countertops with integrated washbasin, countertop washbasins, washbasins, handbasins and a series of accessories offering a wide range of configurations.

The steel frames are available in a black or chrome finish. The exterior finishes of the washbasins and baths are available in different colours: black, grey, mint or taupé. The marked contrast between the interior in white KRION® and the exterior in different colours creates an attractive interplay that further enhances the appeal of this series.

Modul Mint

Este fantástico y mágico tono incita a la calma y al reposo. Ya que posee una pigmentación amable y divertida para el hogar. La cual tiene un lenguaje poético, formas cambiantes y dinámicas, que nos transportan a nuestra niñez.

This fantastical and magical shade promotes calmness and restfulness. It possesses a hue that brings a whimsical quality to the home. It symbolises a poetic language of shifting and dynamic forms, transporting us to our childhood.

Conjunto de ducha MODUL

Shower Set MODUL

Cromo • Chrome

krion®

Nuevo conjunto de ducha MODUL, fabricado en cristal templado de seguridad de 8mm y KRION®, hereda la línea minimalista del resto de la serie de baño MODUL manteniendo siempre una elevada funcionalidad y pureza visual.

Su estilo diáfano y práctico cautiva por su sencillez de líneas, ocultando soluciones técnicas de vanguardia como el perfil central de policarbonato o los perfiles de compensación extrafinos. Los formatos amplios de 1400x900 y 1600x900 tanto en versión Corner como Enter dan lugar a una integración total en el espacio de baño, alcanzando una simbiosis perfecta con el resto de elementos que conforman la Serie de baño MODUL. Disponible en perfilaría acabado cromo o negro mate.

The new MODUL shower set, manufactured in 8 mm tempered safety glass and KRION®, inherits the minimalistic line of the rest of the MODUL bathroom series, always maintaining a high functionality and visual purity.

Its clear and practical style captivates for its linear simplicity, hiding avant-garde technical solutions such as the central polycarbonate section or its superfine compensation sections. The large 1400 x 900 and 1600 x 900 formats both in the Corner and Enter versions result in a complete integration in the bath space, reaching a perfect symbiosis with the other elements that make up the MODUL bathroom series. It is available in chrome or matte black finish sections.

Modul Wood

La inspiración esencial de la colección Modul Wood provoca en el hogar un ritmo vivo y natural, puesto que fusiona la sinuosidad formal de la madera, en combinación con la dureza superficial del compacto mineral. Generando así un espacio ecléctico, pero con un denominador común... la naturaleza.

The essential inspiration for the Modul Wood collection induces a natural and living rhythm in the home, fusing the grained texture of wood in combination with the durable surface of mineral. Thus creating an eclectic space, but with a common denominator ...nature.

Modul Tórtola

El color tórtola es el mejor tinte para neutralizar el espacio del hogar. Pero al mismo tiempo, proporciona un aire contemporáneo y cálido, puesto que nos recuerda a los colores con los que nos deleita la madre naturaleza. El mejor sinónimo para definir este color es el equilibrio. Puesto que posee la justa medida entre la racionalidad y emotividad, entre la actividad y la pasividad.

Turtledove provides the most effective way of bringing neutrality to any space in the home. At the same time, it creates a contemporary and warm atmosphere; reminding us of the colours to be found in nature. The synonym that defines this colour is balance. This is reflected in the balance between the logical and the emotional; activity and passivity.

Rociador LIGHT WALL
LIGHT WALL Rain shower
Cromo · Chrome

LIGHT WALL utiliza una sencilla tecnología por la que genera luz variable con la salida del agua, sin necesidad de corriente eléctrica. Economía, eficiencia y funcionalidad para la ducha diaria. Está disponible en un tamaño de 50 x 23cm. Instalación a pared.

LIGHT WALL uses simple technology to produce light that changes colour, without the need for an electric current. Water savings, efficiency and functionality for your daily shower. Available in 50 x 23 cm size. Wall mounted.

El poder representativo de la Belle Epoque decimonónica reaparece para hibridarse con la sencillez y practicidad de tiempos presentes, vistiéndola la imperante asepticidad de los últimos años. El aporte decorativo de sus formas clásicas impregna una elegancia evocadora y cálida, lo que se traduce en un diseño emotivo, más humano, de líneas suaves y envolventes. El producto cobra entidad y se convierte en protagonista incuestionable de un espacio con personalidad propia.

La serie EPOQUE se compone de bañera freestanding (180x80), lavamanos (70x45 y 120x45) y lavabos sobreencimera (47x35) con las prestaciones únicas del material solid surface KRION® STONE distintivo cualitativo de Systempool. Significativa esencialidad formal y un guiño al pasado esteticista: reinterpretación de la exclusividad con el material más vanguardista del momento: KRION® STONE.

All of the style and beauty of the Belle Epoque returns in combination with the simplicity and practicality of modern times, in a refined, classic look. Its elegant appeal features warm, flowing lines, offering an emotive, more human design, the ideal solution for creating spaces overflowing with personality.

The EPOQUE series includes a freestanding bathtub (180x80), washbasins (70x45 and 120x45) and countertop washbasin (47x35) offering the unique features of Systempool's hallmark KRION® solid surface material. An essentially formal core and a look back at a more opulent past; reinterpreting exclusivity with the most forward-looking material of the day: KRION® STONE.

EPOQUE made with SWAROVSKI

Cristal de Swarovski y KRION®. Elementos separados que suponen un referente del gusto, la elegancia y sofisticación actual; distrayendo amablemente la atención de su verdadera condición de vanguardia en el desarrollo tecnológico. La unión de ambos los convierte en una simbiosis pura y perfecta, única en su condición, que adquiere su máxima expresión de la mano del superlativo diseño de la serie de baño EPOQUE.

Swarovski crystal and KRION®. Different elements that are a reference in terms of good taste, elegance and modern sophistication; gently distracting the attention from the cutting edge nature of the product. The combination of both elements creates a pure, perfect symbiosis, something utterly unique, with the superlative design of the EPOQUE bathroom series

Mampara ATTICA • Enclosure ATTICA

Nueva mampara Attica, una apuesta innovadora capaz de satisfacer las mayores expectativas de nuestros clientes.

El diseño enfocado a la facilidad de uso está implícito en todos sus detalles. Bisagras y anclajes alineados con los cristales para su fácil limpieza, ergonomía interior del tirador, innovador sistema pivotante de sus bisagras para obtener una suave apertura y cierre con una óptima estanqueidad.

Attica, fabricada en cristal templado de 8mm con el tratamiento fácil limpieza systemglass y sus complementos con acabado cromados alto brillo, es la combinación perfecta de elegancia de formas y minimalismo.

New Attica shower screen, an innovative commitment capable of meeting the highest expectations of our customers.

The usability focused design is implicit in all its details. It has hinges and anchors aligned with the glass to make the cleaning easier, inner ergonomics of the handle, innovative pivoting system of its hinges for a smooth opening and closing, as well as an optimal waterproofing.

Attica, manufactured in 8 mm tempered glass with the exclusive easy cleaning treatment systemglass, and its accessories with high gloss chrome finish, is the perfect combination of elegance of shapes and minimalism.

Amplios jets de hidromasaje, inteligentes baldas interiores o los diferentes colores disponibles son algunas de las características más destacadas de la nueva columna GALLERY. Su diseño elegante y depurado así como su esencia eminentemente práctica ensalzan la importancia de lo cotidiano.

The large hydro massage jets, the smart inner shelves, or the different colors available are some of the most outstanding features of the new GALLERY column. Its elegant and refined design as well as its eminently practical essence praise the importance of everyday life.

Plato PAR-KER® • Shower Tray PAR-KER®

Plato de gel coat con acabado blanco mate y recubrimiento parcial con cerámica de la serie Oxford de Porcelanosa. Formato 140x80x4.5cm y 120x80x4.5cm estándar. Posibilidad de solicitarlo a medida hasta 110x80x4.5cm. Tapa transversal en el mismo material que el plato.

The PAR-KER® ceramic wood by PORCELANOSA has become, on its own merits, a reference within the global field of ceramics. Its presence in bathrooms is relevant, and being able to combine the shower tray with the ceramics is currently a new need. Systempool launches the new PAR-KER ® tray in 1400 x 900 and 1200 x 900 formats, adding the most advanced technology in resin manufacturing and high quality Gel Coat to PAR-KER ® ceramics.
