1230-00 DECORATIVE THROW
51" X 66"

All of our decorative toss pillows are made of 100% polyester fiber fill that is weighed and hand filled to exacting standards required of outdoor products. Special order and custom pillows are available in a variety of sizes and can be embellished with welts, contrasting welts, braids, fringes, miters, and contrasting side combinations. In all, an infinite amount of custom designs are possible.

SEWN PILLOWS: Our 1500 series of pillows are permanently sewn closed in our factory after they are hand filled for a worry-free accent to your selected seating item(s).

ZIPPERED PILLOWS: Our 1600 of series pillows feature a hidden weather-resistant zipper that allows the 100% polyester fiber pillow filling to be removed. The pillow fiber is encased in our polyethylene cross laminated netting material which allows water to flow through, and allowing the the ability to clean and style the pillows as needed.

Made from the same 100% solution-dyed acrylic fibers used in our outdoor fabrics.

Custom made for Lane Venture® to coordinate with the fabrics in our line.
Braids can be used to finish a toss pillow or add detail to many cushion styles.
Fringes are a great embellishment option for pillows.

Sparkle - Lemongrass

From humble beginnings in the boating and awning industry when early generations of outdoor fabrics were awning stripes and simple flat weave canvas solids, today's outdoor fabrics have evolved by leaps and bounds in color, design and hand in a short period of time. Lane Venture® outdoor fabrics include a wide variety of coordinating patterns and colors for easily designing any outdoor living space.

CUSHION FABRICS : Setting the standard for quality and fashion, Lane Venture® is recognized as having one of the top rated fabric assortments in the casual industry. Technology and innovation have pushed outdoor fabrics into a performance category all to itself, proving that outdoor fabrics can be beautiful as well as practical. Patterns include wovens, reversibles, solids and stripes. 100% solution-dyed acrylics from well known brand names such as Sunbrella and Outdura comprise the majority of fabrics in the assortment, and many of these patterns are exclusively woven for Lane Venture® and won't be found anywhere else.

SLING : Sling fabric is a pliable mesh type fabric that is constructed using a high grade of extruded PVC fibers woven to create sophisticated seating options. It's a durable fabric that is stretched and securely attached to the frame. Although sling will conform to the body when in use, it is resilient and has "memory" that returns it to its sleek original state after use. Sling is limited to our "Maui" aluminum collection.

REVERSIBLE FABRICS

Certain Lane Venture outdoor fabrics can be used on the reverse side. These fabrics have been tested by the mill and have the same durability on both sides. A fabric that can be used on either side is noted on the swatch label with the word "Reversible". If you wish to use the reverse side of an applicable fabric, you must specify this when placing an order. Reverse side shown below:

Lane Venture outdoor finishes are tested at our on-site weathering facility to help us develop maximum protection from the effects of sunlight, temperature, and environmental factors over many years of use. All feature the blend of modern technology with natural looks and feel that are virtually impervious to the elements.

WOVEN NATURAL WICKER

Lane Venture's exclusive 5 step finish process is designed specifically to maximize the beauty and durability of natural wicker products.

- Available in a wide variety of stain looks and paint colors using artisan techniques to create the most natural appearance.
- Produced from acrylic-based, outdoor resins similar to premium exterior house paints.
- For 100% coverage, natural wicker frames are fully submerged in finish then highlighted with multi-step finishes.
- There are 11 weather-resistant acrylic finishes or choose your own Sherwin-Williams® paint color.

CARE & MAINTENANCE

Maintenance depends on the degree of exposure to the elements, such as sunlight, moisture, and impurities from the environment. Finish and routine maintenance will protect furniture, increasing product life and providing heirloom quality furniture.

PROTECTING

- Inspect each season.
- Requires periodic maintenance as it ages, to keep its like new appearance.
- Recommended use in protected settings from exposure to sun & extreme elements. Depending on exposure and severity of elements in your location at some point you may need to repaint your frames. We recommend Sherwin Williams® a-100 gloss House and trim Paint.

CLEANING

- Frames: spot wash with soft cloth, mild soap and water. Rinse well and air dry.
- Fabrics: spot wash with mild soap and warm water, rinse and air dry, or simply hose down regularly.

NICKS, SCRAPES, OR HAIRLINE CRACKS

- Touch up immediately with Lane Venture touch up products available through your Lane Venture retailer.

WOVEN SYNTHETIC WICKER

Synthetic wicker finishes are designed specifically for each particular frame material to maximize the beauty and durability of each medium.

- Color is mixed directly into 100% pure vinyl fiber along with UV inhibitors to maintain colorfastness.
- Select finishes are created using fibers with embossed surfaces or woven textures for a feel and look similar to natural wicker materials.
- Other finishes are built of multiple colors blended to create the look of stained wicker.

CARE & MAINTENANCE

Unyielding to the elements. Take the "Wicker Look" outdoors to uncovered areas such as decks, pools, or gardens for years of enjoyment. These frames are virtually maintenance free. Just wipe off with mild soap and water and your product looks brand new.

PROTECTING

- Inspect each season.
- Requires periodic maintenance to keep its like new appearance.

CLEANING

- Avoid harsh abrasive cleaners.
- Frames: Wash with soft cloth, mild soap and rinse with water.
- Fabrics: Spot wash with mild soap and warm water or simply hose down regularly.

NICKS, SCRAPES OR HAIRLINE CRACKS

- Touch up immediately with Lane Venture touch up products available through your Lane Venture retailer.

ALUMINUM

Aluminum finishes feature handcrafted looks using faux finish techniques such as distressing, brushing, and padding to create finishes that look all-natural.

- Applied over premium grade aluminum prepared by a state-of-the-art cleaning and etching process.
- Protected by the latest powder coat finish technology to insulate the initial color coatings.

CARE & MAINTENANCE

Unyielding to the elements. These frames are virtually maintenance free; simply clean with mild soap and water.

PROTECTING

- Inspect each season.
- Requires periodic maintenance as it ages, to keep its like new appearance.

CLEANING

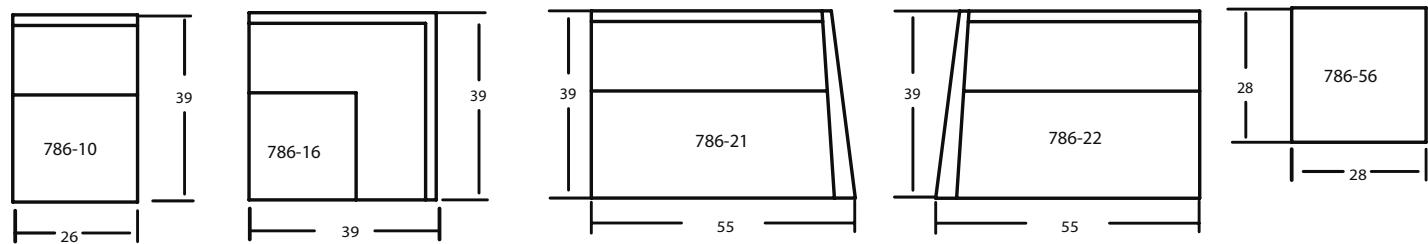

- Avoid harsh abrasive cleaners.
- Frames: Wash with soft cloth, mild soap and water. Rinse well and air dry.
- Fabrics: Spot wash with mild soap and warm water, rinse and air dry, or simply hose down regularly.

NICKS, SCRAPES OR HAIRLINE CRACKS

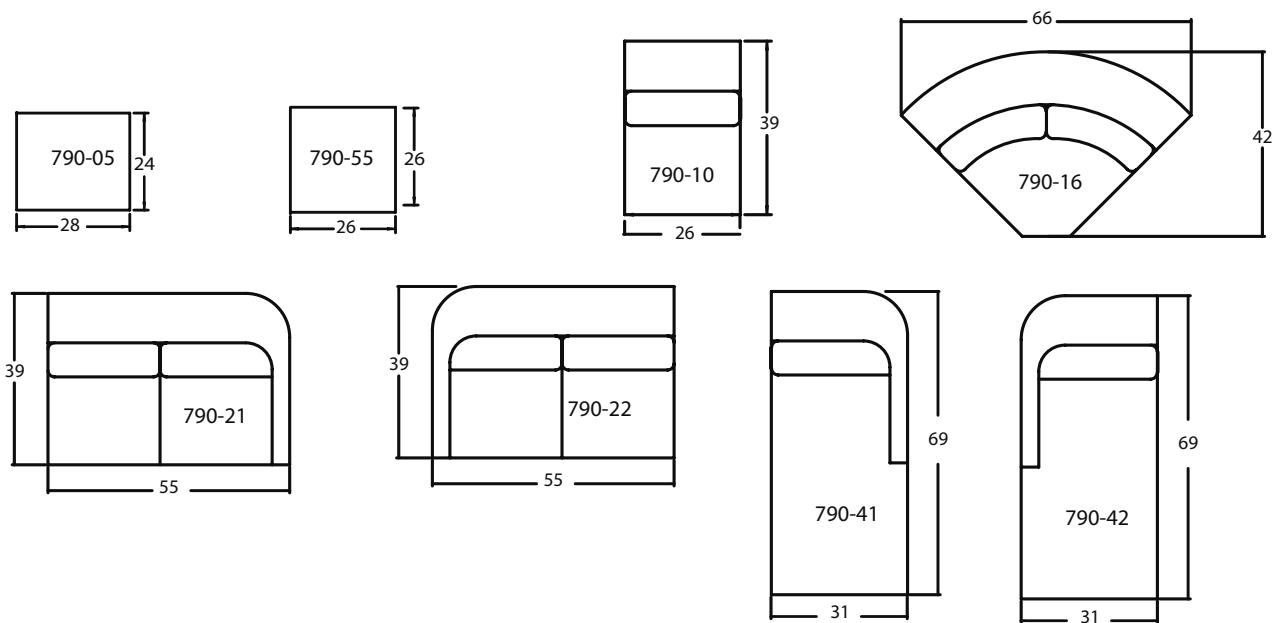

- Wash & dry the marred area before touch up procedure, then lightly sand area. Touch up immediately with Lane Venture touch up products available through your Lane Venture retailer. Best to apply touch-up paint in light layers until desired coverage is achieved rather than one heavy layer.
