modern archives

Inspired by the resurgence of interest in a blended Modern look as part of an eclectic scheme, Lillian created her signature Modern Archives collection. Hallmarks of this line are the wonderful soft washed oak woods and the blending of bronze and nickel metals, layered with shagreen and vellums for a variety of textures. These elegant reproductions of vintage pieces allows today's designer to incorporate them in compelling room schemes for their customers.

Accented with hand forged iron hinges, and rings. Key plates and drawer pulls are crafted like the originals in the Louis XV style.
