

COLONY

ROMA

Colony was established in 1976 as an interior design company. Since 1980 the company has created and developed fabric designs for home furnishings.

Always highly refined and elegant, these patterns are inspired by French, Venetian, Piedmontese and oriental interior styles. Today, Colony is found in the most beautiful homes in the world. It specializes in lampas, velvets, brocades and silk fabrics.

The Colony Wallpaper Collection is inspired from its historical design archives and existing fabrics, while combining great modern materials. These unique combinations of old and new, provide its Colony's wallpapers with a range of tactile effects inherent in the original patterns while also making these designs easy to use in present day.

The high quality required, the need to have a close collaboration with suppliers and the business philosophy of believing “Made in Italy” all mean that even in 2015, Colony still produces all of its fabrics and wallpapers in Italy, where art, design and quality are revered.

Colony distributes its products worldwide from its Piazza del Popolo showroom and design studio in the hearth of Rome.

EF

The COLONY Wallpaper Collection has an excellent chromatic effect and offers a pleasant tactile sensation.

The use and application of these wallpapers present many advantages: they are easy to hang, just paste the wall and not the paper, easy to strip off and leave no residual traces on the wall; they are wipeable, light resistant and fire retardant.

Most items are Type 2 Vinyl, therefore highly suited for residential and contract use such as high-traffic/public areas, lounges, corridors and offices. They are breathable, thus preventing the formation of mould and damp.

Full hanging instructions are provided inside each roll.
