Fauvismo  
& Sgraffito

# Fauvisimo

Dramatic, uninhibited and painterly, Fauvisimo's vibrant colours and bold brushstrokes are inspired by the early 20th Century's Fauvist art movement.

The enchanting prints, embroideries and weaves, which feature British birds, flowers and landscapes, are stunning in their spontaneous, liberated interpretation of nature and its intensity of colour.

To complement Fauvisimo the Harlequin Studio has developed Sgraffito, four textural and tactile weaves suitable for both drapes and upholstery in rich, contrasting tones.
