LUXURIOUS CUSTOM HANDMADE RUGS

I Tappeti Custom Made di Illulian, sono unici nel loro genere. Le lane accuratamente selezionate,
vengono cardate e filate a mano da pastori nomadi tibetani.
Non esiste lana al mondo, paragonabile a quella ricavata dalle pecore "*chenylok*" in Tibet.
Le caratteristiche dei Tappeti Custom Made di Illulian sono la loro morbidezza e lucentezza,
oltre alle sfumature di colore, dovute ai colori vegetali.
L'effetto è ineguagliabile. I più famosi disegnatori ed architetti di fama internazionale,
hanno usato i Tappeti Custom Made di Illulian.
Sono presenti in alcuni musei di fama internazionale, in noti alberghi,
in prestigiose abitazioni private e su lussuosi yacht.

Custom Made Rugs by Illulian are truly one of a kind. The wool, which has been carefully chosen,
is carded and spun by hand by nomadic Tibetan shepherds.
There is no wool in the world that is comparable to that of the "chenylok" sheep in Tibet.
The main characteristics of Custom Made Rugs by Illulian are their softness and sheen
as well as the nuances from the use of vegetable colors. The effect is beyond compare.
The most famous international architects and interior designers have used our Custom Made Rugs.
They can be found in some of the most famous museums, prestigious hotels and private residences
*as well as on luxury yachts.*
