AKITA WEAVES & WALLPAPERS

# AKITA

“The Akita Trevira CS Weave and Vinyl Wallpaper collections take their inspiration from the exquisite designs of Japanese craftwork and the serenity of formal Japanese gardens. This harmonious range of contemporary, elegant designs takes elements of the patterns from ceramic glazes, origami and hand-woven kimonos and combines these with more natural patterns of water and pebbles. Colours span soft linen, ochre, linden green, grey blue and ivory with touches of rust and fig.”

## Artistry Revealed...

The Phaedra collection epitomises the Zoffany studio's unceasing journey to create artistry for the home and inspires in all of us the desire to surround ourselves with the luxuries of life.

An underlying classical influence lies deep within the soul of Phaedra; it is the mastery of colour and the artistry behind the designs that elevates the collection to a contemporary setting.

Each yarn, each process, is meticulously considered resulting in an exquisitely curated collection of unique fabrics and wallcoverings that bring a refined sophistication to the world of interiors.

The luxurious Zoffany palette magnifies the beauty of the collection, influenced by natural plant dyes, organic minerals and the astonishing jewel colours of historic documents from the Zoffany archive.

The Phaedra Fabrics are complemented by Oberon, an assortment of ethereal and textural lightweight fabrics; Aldwych, an opulently sumptuous velvet collection; and Amoret, a sublimely decadent satin weave linen which falls into flowing drapes.

# AKAISHI

Inspired by Japanese design ethos and culture, the Zoffany AKAISHI and EDO collections are a breathtaking interpretation of the natural world around us. AKAISHI WALLCOVERINGS heralds an exciting new chapter of wallpaper creation for Zoffany, introducing fabric on walls! The time honoured skills of jacquard weaving are combined with wallpaper printing. This stunning synthesis of innovation and expertise create fabulously atmospheric wallcoverings which add a sophisticated zen-like ambiance to the interior space they adorn.

The EDO FABRICS & BRAIDS collection is the epitomé of fine craftsmanship; watercolour prints on natural linens, lightweight silk qualities and delicate embroideries are augmented by exquisite decorative wide-width braids. The sumptuous velvet, BIRODO, completes the offer.
