WELCOME TO AN EXCLUSIVE WORLD

Tradizione artigianale veneziana ed esperienza nel design incontrandosi hanno dato vita ad una nuova ricerca filosofica di interior prestigioso ed unico. Rivalto propone una collezione di arredi, oggetti e complementi esclusivi, realizzati con materiali di altissima qualità: vetri, specchi, legni, metalli e tessuti si combinano sotto una nuova luce, quella della creatività.

Ogni singolo elemento d'arredo è un pezzo d'arte che partecipa ad un concerto, che fa di ogni luogo da noi immaginato e poi realizzato, un'esperienza unica.

Ogni nostra realizzazione è irripetibile in quanto prende spunto dai luoghi e dalla personalità di chi ci coinvolge esaltandone scelte e aspirazioni. Tutto ciò è possibile grazie alla nostra capacità di ascoltare per poi interpretare desideri e aspettative di ogni cliente.

L'eccellenza artigiana nella lavorazione del vetro incontra nuovi materiali: una combinazione preziosa con cui diamo forma a sensazioni ed emozioni.

Venetian handcraft tradition and experience in design have given way to a new philosophical research of prestigious and unique interiors: Rivalto. Rivalto offers a collection of exclusive furnishings, objects and fittings made from exceptional quality materials: glass, mirrors, wood, metals and fabrics combined in a new light; that of creativity.

Each single furniture is a piece of art, taking part in a concert, that makes of every imagined and later created place a unique experience.

Our collections are unrepeatable as they take inspiration from the places and personality of our customer, upraising choices and ambitions. This is possible thanks to our ability to listen and to then interpret wishes and expectations of each and every client.

The outstanding craftsmanship in the glass processing meets new materials: a precious combination with which we give form to feelings and emotions.

ARTE VENEZIANA THE ARTISAN OF LUXURY

Rivalto nasce dalla collaborazione di Arte Veneziana, azienda della famiglia Zanin, con l'architetto milanese Giovanni Luca Ferreri.

Una commistione tra antiche tradizioni artigianali, eccellenza nella lavorazione di vetri e specchi, interpretati in pezzi unici per l'allestimento e l'arredo di interni di lusso.

Vicino Venezia, Arte Veneziana è presente con uno showroom dove idee e suggestioni prendono forma grazie ad un equipe di artigiani esperti che da anni realizzano pezzi unici e di alta qualità.

Rivalto was born from the collaboration of Arte Veneziana, owned by the Zanin's family, with the architect Giovanni Luca Ferreri.

A blend of ancient craft traditions, excellence in the glass and mirror processing interpreted in one of a kind pieces for design and furnishings of interior luxury.

Near Venice, Arte Veneziana has a showroom where ideas and suggestions take shape thanks to a team of skilled craftsmen who, for years, has been realising unique and high quality pieces.
