Our passion for our work, along with our dreams, determination and continuous research into excellence has led us into 2017 a year of new challenges that we must face with the same enthusiasm as before. We are aware of the need to improve but we are comforted by our wealth of knowledge and experience, both distinctive and unique, much like our design solutions.

We would like to thank you all.
Customers, designers, suppliers, contractor and architects, all those who have accompanied us on this journey, It has been a long 47 year journey of light-heartedness, quirks, challenges, excitement and difficulties, but we have always experienced great personal and professional satisfaction.

bedding atelier today: Today we define our brand as a leader in innovative works, providing handmade Italian products since 1970 - a great source of inspiration and immense pride for us.

always hand-made in Italy  since 1970
