About us

La storia dell'azienda IL PARALUME MARINA nasce nel 1987 quando i coniugi Ferronato-Simoncello hanno fondato la loro piccola azienda familiare basata sulla comune passione per l'illuminazione decorativa. Negli anni seguire i figli Thomas e Simone hanno dato ulteriore impulso rispettivamente all'internazionalizzazione commerciale del prodotto in tutto il mondo ed ad un alto livello tecnico-progettuale degli stessi corpi illuminanti. Negli anni a seguire il loro lavoro ha elevato il marchio PARALUME MARINA ad un firma internazionale e questo brand è diventato sinonimo di dedizione e creatività combinate ad un eccellente grado di qualità artigianale esclusivamente Made in Italy. La produzione è basata su antiche tecniche di fusione dell'ottone, dal cristallo italiano, dalla soffiatura del vetro di Murano e dallo stile unico dei paralumi cuciti a mano dall'atelier della signora Marina. Il cristallo autentico Swarovki completa la scintillante brillantezza di questi pezzi unici. Ogni creazione è fatta a mano secondo le esigenze del cliente. Il Paralume Marina è specializzato nella produzione di pezzi su misura secondo i desideri del cliente e offre un ampio raggio di tessuti, passamanerie, finiture di ottone e di colori di vetro e cristallo da cui attingere. Questo dà l'opportunità al cliente di scegliere qualcosa di unico ed irripetibile creato esclusivamente da lui e per lui. Gli architetti e i designers de IL PARALUME MARINA sono disponibili a creare la giusta collezione per ogni interior a cominciare dai lampadari, a proseguire con spot ad incasso, bastoni tenda e accessori da bagno. Siamo orgogliosi di poter soddisfare qualsiasi richiesta sia per gli interni di case private sia per prestigiosi hotel. Potete ammirare i nostri progetti di illuminazione in tutto il mondo.

История компании IL PARALUME MARINA началась в 1987 году, когда супруги Ферронато-Симончелло основали свой маленький семейный бизнес, движимые общей любовью к декоративному освещению. Годы спустя их традицию не только продолжили, но и развили сыновья Томас и Симоне, каждый из которых внес свой вклад в развитие компании как в международном маркетинге, так и в высокотехнологичном дизайне светильников. 30 лет тяжелой, но успешной работы принесли IL PARALUME MARINA международную славу и сегодня этот бренд ассоциируется с креативностью и самоотдачей, обрученной с высочайшим качеством продукта, сделанного в Италии. Производство основано на старинных технологиях литья латуни, выдувания муранского стекла и флорентийского хрусталя и, конечно же, на уникальном и узнаваемом стиле шитых вручную абажуров от г-жи Марины. Сияющую красоту изделий дополняют подлинные кристаллы Swarovski. Каждое изделие создано строго вручную, с учетом всех пожеланий заказчика.

IL PARALUME MARINA специализируется на производстве персонализированных изделий и всегда предлагает широкий спектр тканей, кантов, кистей, большой выбор отделок металла, хрусталя и муранского стекла. Это позволяет Заказчику каждый раз создавать что-нибудь особенное и неповторимое, что он может назвать Своим, сделанным специально для Него. Архитекторы и дизайнеры IL PARALUME MARINA готовы создать полную коллекцию для любого помещения, начиная от люстр и заканчивая встроенными светильниками, аксессуарами для ванных комнат, а также карнизами. Мы способны удовлетворить любой запрос, будь-то частный дом или роскошный отель, о чем свидетельствуют снимки завершенных проектов, среди которых топ-рейтинговые гостиницы и резиденции, виллы и замки по всему миру.

Cerchi in finitura oro oppure ottone cromato sostengono file di perle di cristallo, collane lucenti che definiscono ambienti ricercati, eleganti, evocativi. Paralumi in organza bianca lucida su pvc sono decorati da passamaneria filo oro.

The brass circles in chrome or in gold cover support the rows of crystal pearls, they are like sparkling necklaces that identify the elegant evocative ambiences. The lampshades in white shiny organza on pvc are decorated with gold thread trimming.

Кольца из латуни, под золото или хромированные, поддерживают ряды хрустальных бус. Эти сияющие ожерелья задают тон изысканности и элегантности. Абажуры из белой блестящей органзы на ПВХ обведены золотыми тесёмками.

La fusione in terra dell'ottone è un'arte antica, che ancora oggi sa emozionare. La pressofusione crea oggetti di eccellenza e di altissima qualità sinonimi di lusso ed eleganza esclusivamente made in Italy. Fondiamo metallo trasformando l'idea di architetti e designer in oggetti esclusivi, dal prototipo allo stampo, al prodotto finito.

Brass sand casting is an ancient art, which still continues to excite. Casting creates objects of excellence and of the highest quality, demonstrating luxury and elegance exclusively made in Italy. We base metal transformation on the ideas of exclusive product architects and designers, from the prototype, to the mould, to the finished product.

Il cristallo è orgogliosamente solo italiano. Si ottiene fondendo in appositi forni a temperatura elevata, superiore a 1400°, utilizzando materie prime di qualità superiore si ottiene un prodotto con oltre il 24% di PbO, che conferisce una luminosità e trasparenza indiscutibili. La lavorazione del cristallo è eseguita artigianalmente; viene soffiato a bocca e le incisioni sono eseguite interamente a mano per cui ogni oggetto diviene "Oggetto d'Arte".

Исключительно лучший итальянский хрусталь является нашей городостью и отличительной чертой. Его получают посредством плавки в специальных печах при высокой температуре, превышающей 1400°, используя материалы лучшего качества. Это позволяет получить продукт с процентом свинца в составе в 24% и выше, что придает изделиям безупречную прозрачность и яркость.
