THE ITALIAN TOUCH

VOLUME 2

EVERGREEN

CEPPI

THE ITALIAN TOUCH

CEPPI – THE ITALIAN TOUCH, continua la sua esplorazione nel mondo del lusso contemporaneo-moderno, ampliando la collezione EVERGREEN con nuovi pezzi unici e di grande impatto stilistico, ed affermandosi ancora una volta come brand di altissimo livello sul mercato internazionale dell'arredamento d'interni Made in Italy.

Natura e matericità rimangono il filo conduttore di questi nuovi ambienti, dove Ceppi introduce preziosi materiali come piani in marmo Dedalus sul tavolo da pranzo Venus e sui tavolini Cliff, che con i suoi colori è in grado di rendere ogni pezzo unico, nonché l'elegantissimo e sempre apprezzato Nabuk, che utilizza sulle poltroncine Holly e sul letto Sirio, per un effetto più metropolitano. I nuovi divani modulari Aster, hanno forme fuori dal comune e si adattano ad ogni tipologia di abitazione, dagli spazi più ampi, a quelli più ridotti, e racchiudono tutto il comfort della produzione artigianale e la modernità dei rivestimenti.

Nuova attenzione va anche alla parte più ludica della casa,

dove i mobili bar Zoe in elegante legno di noce canaletto e le

vetrine con ante in vetro fumé, riescono a valorizzare anche gli

angoli meno in vista della zona living, rendendo raffinato ogni

momento di relax e svago.

Non da meno è la zona home office, dove la protagonista indiscussa è la nuova ed elegantissima scrivania Moon, che insieme alla libreria Galaxy, rievoca le forme armoniose del cielo. Curata in ogni dettaglio, e rivestita in cuoietto con cuciture a vista, questa scrivania può essere tranquillamente posizionata al centro della stanza, dove non mancherà di attirare subito l'attenzione.

La nuova collezione EVERGREEN è insomma studiata per chi ama il bello, e per chi lo vuole vivere ogni giorno nella propria casa, senza riserve e con tutta l'attenzione che merita, e Ceppi l'ha creata apposta per voi

CEPPI THE ITALIAN TOUCH continues its exploration into the world of contemporary-modern luxury, expanding the EVERGREEN collection with new unique pieces of great stylistic impact, and establishing itself once again as a brand of the highest level on the international market of interior design Made in Italy.

Nature and materiality remain the leitmotif of these new environments, where Ceppi introduces precious materials such as Dedalus marble tops on the Venus dining table and Cliff coffee tables, which with its colors is able to make each piece unique, as well as the elegant and always appreciated Nabuk, used to upholster the Holly armchairs and the Sirio bed, for a more metropolitan effect. The new Aster modular sofas have unusual shapes and are suitable for any type of home, from larger spaces, to smaller ones, and it contains all the comfort of craftsmanship production and the modernity of the coverings.

New attention also goes to the more playful part of the house,

where the Zoe bar furniture in elegant Canaletto walnut and the

showcases with smoked glass doors, can also enhance the less

visible corners of the living area, making refined every moment of relaxation and leisure.

Not least is the home office area, where the undisputed protagonist is the new and elegant Moon desk, which together with the Galaxy bookcase, evokes the harmonious shapes of the sky. Treated in every detail, and covered in leather with visible stitching, this desk can be easily placed in the center of the room, where it will immediately attract attention.

The new EVERGREEN collection is designed for those who love beauty, and for those who want to live it every day in their own home, without reservations and with all the attention it deserves, and Ceppi has created it just for you.

Product design and Art Direction: Castello Lagravinese Studio

Main House

All'interno di un immenso parco, dove la natura è la protagonista, sorge "The green house", una struttura dal carattere forte che con le sue ampie vetrate permette di immergersi completamente nel verde circostante. La Villa è suddivisa in due zone, la principale detta Main House, è caratterizzata da ampi spazi ed alti soffitti, dove potersi rilassare ammirando il panorama da ogni angolo della casa. Ad accoglierci nella zona ingresso troviamo le eleganti consolle Violet in noce canaletto e le panchette Daisy in pelle trapuntata, che ci accompagnano attraverso un luminoso atrio alla zona living della main house. Al centro di questo ampio spazio, troviamo il divano modulare Aster, che con il suo moderno tessuto bouclé color antracite e la sua forma arrotondata, crea subito una certa armonia con il resto degli arredi rifiniti in noce canaletto massello e preziosa texture ad effetto metallico. La zona dining è caratterizzata da un ampio tavolo da pranzo con prezioso piano marmo Dedalus per le vostre cene in famiglia o con amici. Al piano superiore l'atmosfera è più soft e ci accoglie un luminoso soppalco aperto che funge da zona relax, dove la versione fissa e in pelle color nudo del nostro nuovo divano Aster, si sposa perfettamente con l'armonia della stanza. Accanto, troviamo l'home office in stile metropolitano, dove i rivestimenti in pelle riprendono il verde degli alberi esterni, mentre l'elegantissima scrivania Moon in noce canaletto e cuoietto, dona quel tocco di raffinatezza in più. La master bedroom è l'ultima stanza della zona superiore, dove troviamo la leggerezza nelle linee pulite del letto Sky e dei comodini Moss, che danno un tocco di classe all'ambiente. I colori dei rivestimenti sono il bianco e il verde, che riprendono la splendida vegetazione dell'esterno e donano luminosità alla stanza.

Inside an immense park, where nature is the protagonist, stands "The green house", a structure with a strong character, that thanks to its large windows allows you to completely immerse yourself in the surrounding greenery.
The Villa is divided into two areas, the main one called Main House, is characterized by large spaces and high ceilings, where you can relax admiring the view from every corner of the house. To welcome us in the entrance area we find the elegant Violet console in canaletto walnut and the Daisy benches in quilted leather, which accompany us through a bright atrium to the living area of the main house. At the center of this large space, we find the Aster modular sofa, which with its modern anthracite bouclé fabric and its rounded shape, immediately creates a certain harmony with the rest of the furniture finished in solid canaletto walnut and precious metallic effect texture.
The dining area is characterized by a large dining table with precious marble top Dedalus for your dinners with family or friends. On the upper floor the atmosphere is softer and welcomes us a bright open loft that serves as a relaxation area, where the fixed and nude leather version of our new sofa Aster, blends perfectly with the harmony of the room. Next to it, there is the metropolitan home office, where the leather upholstery echoes the green of the external trees, while the elegant Moon desk in canaletto walnut and leathery gives that extra touch of sophistication. The master bedroom is the last room in the upper area, where we find the lightness in the clean lines of the Sky bed and Moss bedside tables, which give a touch of class to the environment. The colors of the coverings are white and green, which reflect the beautiful vegetation of the exterior and give brightness to the room.

Guest House

Nell'ala destra di questa splendida "Green house", troviamo un ambiente più circoscritto ad attenderci, dove dining e living sono posti in un unico spazio comune, creando una sorta di intimità. I colori dei rivestimenti e di qualche dettaglio, rievocano sempre il verde della natura circostante, che è presente in ogni parte della casa grazie alle luminose vetrate, e che fa da sfondo a questa splendida dimora. All'ingresso della zona pranzo, troviamo il magnifico ed elegante tavolo Venus, con il suo prezioso piano in marmo Dover White e la sua ricercata base ovale in noce canaletto massello, che abbinato alle sedie imbottite Leslie ed alla raffinatissima madia Moss rivestita interamente in cuoietto con cuciture a vista, fa da sfondo ad una zona living raccolta ma allo stesso tempo funzionale. Qui troviamo il divano componibile Aster che insieme alle poltroncine Holly e alla libreria in noce canaletto e texture effetto metallico Zoe, creano uno spazio perfetto dove potersi rilassare ed ammirare il panorama esterno, oppure guardare un film con i propri cari. Andando verso la zona notte, incontriamo un corridoio, dove un rigoglioso giardino verticale fa da sfondo alle splendide ed iconiche poltrone Gaia in noce canaletto ed abbinate al tavolino Iris nello stesso materiale. Un'ampia camera da letto in stile suite, ci attende alla fine della guest house, dove il nostro splendido letto Sirio rivestito in morbidi Nabuk trapuntato, è il protagonista della stanza. Non possono mancare una zona relax e scrittura davanti ad un camino di design, dove il divano Blossom e la scrivania Dahlia con le loro lavorazioni fatte a mano, rendono l'ambiente di un'eleganza senza tempo.

In the right wing of this beautiful "Green house", we find a more circumscribed environment waiting for us, where dining and living are placed in a single common space, creating a sort of intimacy. The colors of the coverings and some details, always recall the green of the surrounding nature, which is present in every part of the house thanks to the bright windows, and which is the background to this beautiful house. At the entrance of the dining area, we find the magnificent and elegant Venus table, with its precious Dover White marble top and its refined oval base in solid Canaletto walnut, that combined with Leslie upholstered chairs and the refined Moss sideboard covered entirely in leather with visible stitching, makes the perfect background to the living area. Here we find the Aster modular sofa that together with the Holly armchairs and the Canaletto walnut bookcase and Zoe metallic effect texture, create a perfect space where you can relax and admire the outdoor panorama, or watch a movie with your loved ones. Going towards the sleeping area, we meet a hallway, where a lush vertical garden is the background to the beautiful and iconic Gaia armchairs in canaletto walnut and matched to the Iris coffee table in the same material. A large suite-style bedroom awaits us at the end of the guest house, where our beautiful Sirio bed upholstered in soft quilted Nabuk, is the star of the room. You can not miss a relaxation and writing area in front of a designer fireplace, where the Blossom sofa and the Dahlia desk with their handmade workmanship, make the environment a timeless elegance.
