LIGHTING COLLECTION

La volontà di VG è quella di partecipare alla creazione di luoghi fortemente caratterizzati, ambienti in cui rifugiarsi per evadere dalla realtà esaltando l'espressione della propria personalità, spazi in cui tornare a respirare e sognare.

Riportare la natura in casa, darle spazio in giardino, costruire una casa colorata e decorata, accostare oggetti luminosi a luci sfogoranti dal vago sapore orientale, recuperare il contatto con l'autenticità creativa dell'oggetto nato dal pensiero e dalla cultura tipicamente italiana, un'unica commistione di complementi per arredare spazi con un'identità precisa, unica nel suo genere, non moderna, non classica ma in grado di dialogare con ogni stile: questo è l'obiettivo del concept progettuale di VG.

VG participates in creating very distinct environments, spaces in which you can escape from reality; to seek refuge whilst expressing your personality; spaces in which you can breathe and dream.

Bringing nature into your home, giving it space in the garden, building a colourful and decorated house, placing brilliant objects in bright lights with a vaguely Eastern flavour, regaining contact with the authenticity of an object created from a typically Italian concept and culture, a unique mix of furnishings to decorate spaces with a distinct identity, one of a kind, not modern, not classic, yet able to communicate with any style: this is the goal of VG design concept.

OCTOPUS

Prezioso ed imponente, Octopus si ispira ai lunghi e sinuosi tentacoli del polpo, che riproduce in versione stilizzata. In perfetta armonia con atmosfere classiche e un po' barocche, con le sue dimensioni importanti si rende protagonista indiscutibile di ogni ambientazione. Ogni lampadario della collezione può essere realizzato su misura in base ai desideri e alle necessità del cliente finale.

Valuable and impressive, Octopus is based on the long and winding tentacles of the octopus, which is reproduced in a stylized version. In perfect harmony with classic environments and a touch of Baroque, its significant dimensions makes it the undisputed protagonist in any environment. Every chandelier of the collection can be customized made according to the wishes and requirements of the end user.

ANDY

VG si ispira ai misteri del mondo sotterraneo, alle stalattiti di grotte millenarie, la sensazionale espressione del lungo lavoro svolto dall'acqua sulla roccia.

Un universo di merletti e ricami in cui un raggio di luce si riflette su una goccia che sta per cadere dal cristallo, penetrando nel buio della grotta e rompendo la luce in colori primari.

Il lampadario dalle imponenti misure ha una base di acciaio da cui scendono canne di vetro di Murano.

La fonte di illuminazione è LED, bianco o multicolore.

Le misure sono personalizzabili su richiesta del cliente.

La produzione è 100% Made in Italy.

VG is inspired by the mysteries of the underworld, such as the stalactites in century-old caves, the dramatic expression of the long-standing passage of water on rocks.

A universe of lacework and embroidery, in which a beam of light is reflected on a drop about to fall from the crystal, penetrating into the darkness of the cave and breaking light into primary colours.

The particularly large chandelier has a steel base from which Murano glass canes descend.

The light source is LED, white or multicoloured.

Dimensions can be customized on request. Production is 100% "Made in Italy".

LAMPS IN CERAMIC

VG presenta una collezione di rivisitazioni in chiave "pop" di sculture d'arte classica. L'opera di ispirazione viene destrutturata, solo alcuni dettagli vengono estrapolati e messi in evidenza, divenendo i protagonisti del nuovo oggetto. Un progetto ambizioso, che trae spunto dalle più alte rappresentazioni dell'arte italiana.

VG presents a collection of classic sculptures which revisits the techniques of pop art. The original work is taken apart; only a few details are highlighted, thus becoming the main features of the new object. An ambitious project, which takes its inspiration from the most famous images of Italian art.
