Lithos Mosaico Italia

Artigianalità perfezionata e innovazione, eleganza e modernità, identità e pluralità visiva.

La storia della **LITHOS MOSAICO ITALIA** è prima di tutto la storia di passione, di dedizione, di conoscenza di una famiglia che del marmo, del design e delle tecniche artistiche più avanzate, coniugando tradizione e innovazione, eleganza e modernità, identità e pluralità visiva, ne ha fatto uno stile di vita oltre che una delle aziende leader nel settore del mosaico.

La **LITHOS MOSAICO ITALIA** nasce nel 1985 con l'Arch. Carlo Fedele, co-fondatore a Martina Franca, in Puglia, della Lithos studio di progettazione e rivendita di arredo bagno e complementi d'arredo. Sono anni di continua ricerca di prodotti dalla matericità inimitabile, di sensibilità per l'oggetto marmo e di conoscenza approfondita del mercato così come delle esigenze degli ambienti in e outdoor.

Sensibilità, conoscenza e continua ricerca di innovazione spingono l'Arch. Carlo Fedele nel 1994 a trasformare la Lithos da rivenditore a produttore inserendo Pietro Fedele e Sebastiano Marangi nella società. Negli stessi anni inizia la collaborazione con Isa Fedele, specializzata in Ceramicà e Mosaico all'Istituto d'Arte e qualche anno più tardi Tommaso Fedele, formatosi alla scuola Internazionale del Mosaico di Spilimbergo. Scelgono di non delocalizzare l'azienda in aree con indotti più favorevoli alla produzione, ma di legarsi al territorio come fonte di ispirazione e affrontare la sfida dell'impiego dei maestri d'arte e risorse locali e nel rispetto delle norme in materia di tutela del lavoro e dell'ambiente volte alla creazione di un prodotto al 100% Made in Italy.

Oggi, dopo oltre 25 anni di attività, la **LITHOS MOSAICO ITALIA** si è affermata in campo internazionale tra le aziende leader del settore di produzione di mosaico. L'utilizzo di tecnologie di avanguardia e l'artigianalità perfezionata, dove l'unicità, la bellezza, la versatilità e la capacità di interpretare oltre lo standard le richieste e il gusto della clientela, sono i suoi punti di forza.

È leader nella produzione di fondi e decori artistici di mosaico, decorazioni speciali ad acquaforte su marmo e applicazione di foglia oro, argento e rame.

La Lithos è nel 2011 **LITHOS MOSAICO ITALIA**, riafferma la propria identità, lo stretto legame con la tradizione reinterpretandola, con le radici locali e il design d'autore italiano e con una vocazione internazionale e contemporanea dove il mosaico da solo prodotto di rivestimento diventa strumento di espressione e comunicazione della propria identità, gusto e legame.

Improved craftsmanship and innovation, elegance and modernity, visual identity and multiplicity.

*The history of **LITHOS MOSAICO ITALIA** is first of all the story of passion, dedication and the knowledge of a family that has made a lifestyle as well as one of the leading companies in marble mosaics, interior design and the most advanced artistic techniques, combining tradition and innovation, elegance and modernity, visual identity and multiplicity.*

LITHOS MOSAICO ITALIA was created in 1985 by the Architect Carlo Fedele in Martina Franca in southern Italy, Puglia, co-founder of Lithos design-studio and sale of furniture and bathroom furnishings. There has been years of continuous research for products with inimitable style, for the sensibility of the marble and for extensive market knowledge as well as an understanding of the needs of the environment, both in and outdoor.

Sensibility, knowledge and continuous research for innovation brought the Architect Carlo Fedele to transform Lithos from a dealership into a manufacturer in 1994 and Pietro Fedele and Sebastiano Marangi entered the company. In the same period a collaboration began with Isa Fedele who graduated at the Ceramics and Mosaic Art Institute and who a few years later formed at the International School of Mosaic in Spilimbergo, North of Italy with Tommaso Fedele. They chose not to relocate the company to an area more favourable for production, so to use the territory as a source of inspiration and to face the challenge of using masters of art and local resources in compliance with the rules concerning the protection of labor and the environment in order to create a 100% Made in Italy product.

*Today, after more than 25 years, **LITHOS MOSAICO ITALIA** has established itself internationally among the leading companies in the industry of Mosaic production with improved craftsmanship and the use of cutting-edge technology with its strengths being uniqueness, beauty, versatility and the ability to interpret and adapt to the requirements and tastes of the customers.*

Lithos is the leading company in fields and artistic marble decorations, special marble decorations in "aquaforte" and application of gold, silver and copper leaf.

*Lithos has now become, in 2011, **LITHOS MOSAICO ITALIA**, reaffirming its identity, maintaining a close link with tradition yet interpreting it, with local roots and knowledge, Italian design and with an international and contemporary focus the mosaic is not just a product but a means of expression and communication for your identity, taste and bond.*
