SHAPES

VOL. 2

The light game regenerates in the domestic landscape of SHAPES, adding new elements that expand the possibility of creating new contemporary living spaces. In the constant desire of balance between himself and his surroundings, the man is the creator of intimate and friendly spaces. SHAPES allows us to create unique and timeless atmospheres through the right combination of materials in order to indulge the eternal tension inherent in the human spirit.

*The work is not only the object, but
also what surrounds it and the voids,
the spaces.*

Oscar Niemeyer
