PROJECTS PORTFOLIO

## BIZZOTTO ITALIA WORLDWIDE

Bizzotto Italia has consolidated its presence on the international scene through several collaborations with architects and designers from all over the world. The Bizzotto Italia collections are an infinite source of ideas for the realization of any high-level projects.

The craftsmanship, the finishes and the precious materials, the ability to interpret every need, made the brand a point of reference for an increasingly sophisticated clientele.

Among the international cooperations, the most significant ones have led to the creation of tailor-made furnishings for famous politicians, public figures, singers and internationally renowned sportsmen who have chosen to furnish their homes with exclusive and refined collections. Bizzotto Italia's marvelous design works are hidden in every part of the world, starting from Italy, passing through **China, Singapore, South Korea**, as well as in **Russia, Kazakhstan**, up to **Great Britain, Montecarlo, Cyprus, USA** and in many other countries. Among the most recent and important projects are numerous palaces and villas in **Saudi Arabia, Qatar, United Arab Emirates, Bahrain and Jordan**, the **Miami** penthouse of a famous TV presenter and the private villa of a political figure of the highest level. The development of Brand awareness was possible, at the same time, thanks to a widespread network of retailers, flagship stores and sample apartments present all over the world.

The Bizzotto Italia philosophy thus becomes the ambassador of the Italian culture, the expression of a concept of unique and emotional furniture.
