THE BRAND

Inseparably linked to all the other Armani brands, Armani/Casa provides a platform for Giorgio Armani to set out his vision of the interiors: intimate special places with a mood of emotional pleasure, somewhere to relax and entertain guests surrounded by beauty and elegance. The purpose of the Armani/Casa research is to communicate an atmosphere, to dress everyday living spaces in the same way Armani fashion creations dress people.

The home imagined by Giorgio Armani is a place that provides the pleasure of well-being. Armani/Casa modernizes the way spaces are used by completely removing anything superfluous, redundant and useless. Nothing is left to chance, and every detail is meticulously conceived to express the idea of subtle luxury.

The Armani/Casa aesthetic philosophy focuses on simple lines and perfect proportions, enriched by precious materials, refined finishes, and elegant textiles. The quest for sophisticated comfort turns into the creation of a total home setting, which uses a modern and rational design language. Inspirations from Art Déco and Eastern cultures blend with contemporary influences, in a constant dialogue with the world of fashion.

Today Armani/Casa offers a complete range of products for home furnishing: from furniture to accessories, from fabrics to wallcoverings, from kitchen systems to bathroom concepts.

1982	The Logo lamp is first introduced within the Giorgio Armani office located in via Durini, Milan: it is the first product ever designed by Giorgio Armani for the home.
2000	The first Armani/Casa flagship store opens in Via Manzoni 31, Milan.
2001	New Armani/Casa stores open in Paris, New York and Los Angeles.
2004	The Interior Design Studio by Armani/Casa is born due to increasing demand to create made to measure design projects for private clients.
2008	Molteni and Armani/Casa create a new partnership for future production and distribution of kitchen systems with the brand Armani/Dada.
2009	Armani Casa Exclusive Textiles by Rubelli is established, a partnership between Armani/Casa and Rubelli for the production and distribution of furnishing fabrics.
2010	Armani/Roca is established, a partnership between Armani/Casa and Roca for the production and commercialisation of a new bathroom concept.
2010	The first Armani Hotel opens in Dubai within the Burj Khalifa, the tallest building in the world.
2011	The second Armani Hotel opens in Milan, just a few steps from the renowned La Scala theatre and the historical district of Brera.
2014	Armani/Casa Exclusive Wallcoverings Collection is launched, a partnership between Armani/Casa and Jannelli&Volpi for the creation of an extraordinary range of wall coverings.
2015	The Justin desk, a limited edition designed to celebrate the 40th anniversary of the Giorgio Armani brand, is developed.
2015	<i>The Art of Living by Giorgio Armani</i> exhibition, a retrospective of Armani/Casa Interior Design Studio's most important global projects, is presented in Milan.
2016	Armani/Casa acquires the strategic location in Corso Venezia 14 in Milan, in between the Fashion and the Design district of the city.
2016	<i>The Art of Living by Giorgio Armani</i> exhibition is presented in Beijing.
2017	A new Logo lamp is especially created in a limited edition version to celebrate its 35th anniversary.
2020	Armani/Casa is selected to be part of the <i>Quirinale Contemporaneo</i> project, to enrich the institutional palace of the Presidency of the Italian Republic in Rome.
Today	Armani/Casa has a sales network operating worldwide, with stores located in the world's major cities, including: Milan, Paris, London, New York, Los Angeles, Miami, Tokyo, Shanghai, and Beijing.

SALONE DEL MOBILE 2022

“In recent years, I have focused on the essential aspects of my style lexicon. In design, as in fashion, I feel the need to reaffirm the founding elements that define the Armani style. This exhibition, devised to mark the return of the Salone del Mobile in attendance, is a way of traversing my aesthetics in its salient aspects, highlighting connections, suggestions, and references. For the first time I am using the spaces of the Silos to create an exhibition that offers an immersive and emotional experience in the Armani/Casa world”
Giorgio Armani.

Introduced by a projection of Logo Lamps and concluded by a behind-the-scenes gallery, the special installation traced a clear path through the inspirations, themes and recurring references of the designer.

JAPAN

The balance of finishes, textures, and treatments refers in an abstract way to traditional elements of Japan and its domestic architecture, evoked in the picture characterised by treated linen panels, crossed by a geometric pattern of lacquered red lines.

LIQUID SILK

Fabric, a connective element between fashion and furnishings, is the focus of the picture defined by notes of teal and the fluid movement of silk. The versatility of this material is reflected in the idea of comfort in an intimate setting.

DÉCO

Sophisticated materials and special finishes are a recurring feature of Armani/Casa: precious linear touches reminiscent of *Art Déco* in the shapes, in the use of wood, marble, quartz and shells. In this picture, tactile sensations become space, defined by mother-of-pearl mosaic tiles.

SAILING BOAT

The balance between local tradition and distant cultures, and the dialogue between past and present, are also recalled in the picture dedicated to the sailing boat. The scene is built around these binomials: traditional finishes are enriched by the juxtaposition to modern and innovative materials.

BAMBOO

A bamboo thicket in macro-scale recalls the world of nature, whose textures and palettes are an unfailing source of inspiration for the Armani universe. The striped pattern defined by bamboo immediately recalls the three-dimensional surface of the *canneté*, iconic fabric in Armani fashion since the very beginning.

CHINA

The extreme rarefaction of Oriental aesthetics is evoked with an abstract taste in the space devoted to China: there is a powerful contrast between red, the colour of joy and good fortune, and the space cancelled out by black.

TIGERS

Nature, travel and the discovery of exoticism are represented by the painting dedicated to the tiger, the feline that dominates the current year in the Chinese zodiac. Never literal, Giorgio Armani has chosen to evoke its coat, with almost surreal taste.

WATER

Water, a symbol of life and regeneration, which flows in a variety of forms in the Armani world. In this picture, everything is calm and peaceful: a liquid, submerged environment welcomes and mixes natural references and 1930s and 1940s elegance, captured in the rugged texture of shagreen.

LIMITED EDITIONS

CLUB
BLACK STRAW MARQUETRY

Cocktail cabinet in limited edition, 100 pieces. The design of Club takes inspiration from vintage travel furniture featuring x-shaped legs. Outer lining in Technical Shagreen Fabric, doors in Black Straw Marquetry with legs and other details in Satin Natural Brass; interior in metallized grey lacquer. The Club cocktail cabinet features container doors for the storage of glasses. The interior holds a lower pull-out shelf covered by an extralight transparent tempered glass (5 mm thick) for the preparation of drinks, a fold-out top for service and three lacquered drawers: one for cocktail utensils, one to store the ice bucket and the last for bottles. MADE IN ITALY.

ROYAL

Bar cabinet in limited edition, 88 pieces. Royal is a hand-crafted cabinet marked by details reminding a revisited secrétaire with shutter closure. The structure is marked by an elongated cylindrical shape with semicircular sides, which become also the base of the furniture. The bar unit is closed by two flexible doors that slide horizontally into the main structure, unveiling the working area completed by shelves and a large drawer for preparation tools. Always keeping a strong connection to Oriental influences and fashion inspirations, the cabinet is clad in a special weaving of paper and cotton reminiscent of a Japanese tatami and textured fabrics typical in Giorgio Armani's aesthetics. Inside, back-lit panels of gold-toned methacrylate add movement thanks to their particular motif, recalling marble veins and mother of pearl. Metal details are in light brass with a satin finish. MADE IN ITALY.

DIMENSIONS
150x60x160h cm - Inch 59x23.6x62.9h

ANTOINETTE

Coiffeuse in limited edition, 100 pieces. This iconic vanity table is characterized by the cylindrical shape with folding top and hidden seat. The grey leather covered with transparent lacquer takes almost a green hue, which creates a beautiful contrast with the inner drawer in acrylic inspired by natural mother-of-pearl. The seat is upholstered with dark green velvet. MADE IN ITALY.

ROSANNA

Rosanna is an armchair marked by a strong Art Déco influence. Coming directly from a piece within Giorgio Armani's private collection, this armchair with curved shapes stands out for the spiraling motif on the legs in solid wood and the upholstery in velvet featuring a leopard design. Rosanna is a limited edition of only 38 pieces. Matching cushions can be bought separately. MADE IN ITALY.

LOGO

Logo is the undiscussed icon of Armani/Casa. Designed in 1982 for the office located in via Durini in Milan, it is the very first furnishing product ever conceived by Giorgio Armani himself. To celebrate the 35th anniversary of this iconic lamp, the 2017 collection introduced a revamped limited edition of only 200 signed pieces. The squared wooden structure of the lamp features a thin layer of metal as base, like the prismatic joint of the stem. The switch is located on the base, in the shape of Giorgio Armani's signature in brass. Lampshade in methacrylate coupled with copper mesh; diffuser below the lampshade. Every lamp comes with a numbered small book that counts also as certificate of authenticity. MADE IN ITALY.

RENOIR

Renoir is an upholstered sofa with rounded shape and solid wood feet (10 cm high). The concepts of extreme coziness and relax are the main inspirations of this piece, marked by curved volumes and the unique seating cushion. Renoir can be placed at the center of the room, where it can become the focal point of the setting especially if matched with other rounded armchairs and footrests. Available in all fabrics and Soft Touch Leathers in collection. Covers are not removable. MADE IN ITALY.

CANALETTO

In addition to the armchair, the footrest, the two and the three-seat sofa, the Canaletto range offers also a modular system. The system includes different elements that can be variously combined: a corner element, a one-seat element, a two-seat element (with or without left/right armrest) and a chaise-longue (with or without left/right armrest). To ensure versatility and meet the taste of clients, the seat comes in two different sizes of 80 cm and 90 cm. In addition, two armrest widths are available (22 cm and 30 cm). Upholstery available in all suitable Armani/Casa fabrics or Soft Touch Leathers in collection. MADE IN ITALY.

DIMENSIONS

ENGADIN

In addition to the daybed, the Engadin range offers also a modular system. The Engadin range is available only with armrests and seat cushions of one width, 25 cm and 80 cm respectively. All elements can combined in a variety of ways to satisfy all needs. The structure of the seats is slightly tilted and includes springs and a steel frame. The seats cushions are filled with feathers and have a central foam rubber element, while the backrest cushions are filled only with feathers for greater comfort. The distinctive feature of Engadin is the iconic radial shape of the armrest, which runs along the entire outer edge on the sofa becoming its backrest. The sofa can be entirely upholstered with all suitable Armani/Casa fabrics or Soft Touch Leathers in collection. MADE IN ITALY.

OPEN

Open recalls the neat aesthetics typical of Armani/Casa. Conceived to be classic yet contemporary pieces, all modules – corner, footrest and keystone element excluded – of this sofa are available also with a sliding seat to become even more comfortable. A monolithic recessed base lifts the seat from the ground. Since all modules host one seat only, Open can be customized in many different ways to create linear, angular and curved compositions, suitable for any living room. The keystone sectional element is available in a unique size with an angle of 45°. The two end-modules (left and right, 80/90/100 cm seat) are available also with an equipped armrest, conceived to store books/magazines/newspapers, remote controls and other objects; the inner structure of this drawer is in wood. This range can be upholstered with all fabrics and Soft Touch Leathers in collection; fabric covers are removable. MADE IN ITALY.

JULIE

Julie is a resting armchair that stands out for its elegant curved design, inspired by a petal of a lotus flower, and its metal base. On the side view, Julie shows a distinctive curved and raised edge, giving the impression that the armchair is lifted from the floor. The structure is realized in foam and can be upholstered with Thin or Soft Touch Leathers, as well as all suitable Armani/Casa fabrics. MADE IN ITALY.

DIMENSIONS

MARGOT

Margot is a relaxing armchair with footrest, inspired by the design of the range Lea. The structure is in solid wood with four rounded feet. Differently from the Lea chair, Margot has no decorative zip. Margot introduces a material exclusively available on the Margot range: the top quality Red Soft Leather. The upholstery is not removable and can be selected in the bi-elastic fabric Oulu, as well as two kinds of leathers in collection (Soft Touch, Thin). Padding in foam rubber, inner structure in steel. MADE IN ITALY.

PASCAL

The Pascal armchair is marked by its curved design, where the armrests are created by the prosecution of the seatback itself. The enveloping shape is not imposing at all, making this armchair ideal for small spaces/corners and for the contract sector as well. Another feature of this piece is the presence of four feet in solid wood. The inner structure of the seat features springs in harmonic steel, while the seatback presents a rubber padding. Due to its curved lines, Pascal can be subject to limitations when choosing the upholstery: the upholstery is hence available in all Armani/Casa fabrics suitable for this kind of shape, plus all Soft Touch Leathers in collection. This armchair is available in a special Brown Vintage Leather developed for this range only. Covers are not removable. MADE IN ITALY.

DIMENSIONS

80x83x70h cm - Inch 31.5x32.6x27.5h
SH: 40 cm - Inch 15.7

FINISHES

CODE: 050349 CH053 C0053, BROWN VINTAGE LEATHER

PAUL

The Paul armchair takes inspiration from seats typical of the 30s and the 40s, immediately recalling the aesthetics of gents’ clubs of that time. Armani/Casa modernizes this classic design by adding updated details, like a higher seat and revised proportions. A distinctive feature of this piece is the presence of visible vertical stitchings on the seatback, which create almost a *matelassé* effect reminiscent of collectors’ cars of the early XX century. Inner structure of seat and seatback with springs in harmonic steel; four thin squared feet in solid wood. Upholstery available in all Armani/Casa fabrics and Soft Touch Leathers in collection, plus a special Beige Vintage Leather developed exclusively for this range. Covers are not removable. MADE IN ITALY.

RONDÒ

Rondò is an armchair characterized by an enveloping shape, thanks to its curved design. The backrest creates a single element with the rounded armrests. On the back view, the armchair shows a peculiar – almost spherical – silhouette. Given these unique features, Rondò can easily become the focal point of a room. The slightly recessed base, on which the armchair can rotate, is made in lacquer. The upholstery is not removable and is available in Soft Touch Leather or in bi-elastic fabric Oulu only. MADE IN ITALY.

SHARON

Sharon is an armchair with footrest, sharing the same concept of the Morfeo bed and the Onda chaise-longue: the inspiration comes from the idea of a folded paper sheet, creating a sinuous silhouette in a single piece. The seat and the seatback of the armchair cushion are padded and upholstered in Siracusa in Platinum colour: a fabric showing a materic effect created by a mix of different yarns (viscose, cotton, polyester, linen) playing around the same palette. The borders of the structure are in solid Canaletto Walnut. The footrest can also be used as a coffee table. MADE IN ITALY.

DIMENSIONS

ENGADIN

The Engadin daybed features the same lines of the Engadin modular system, though this piece is conceived to be placed independently. Its design features two rounded armrests, typical of the range, and a long cushion of 80x170 cm which functions as a mattress. Since this daybed has no backrest, it is ideal to place in the middle of a room. Upholstery available in all Armani/Casa fabrics, or thin and Soft Touch Leathers in collection. Fabric covers are not removable.
MADE IN ITALY.

223x80x75h cm - Inch 31.5x87.8x29.5h

SH: 44 cm - Inch 17.3

CODE: 048542 CT00E TX027, NANJING FABRIC

ONDA

The Onda chaise-longue takes inspiration from the Morfeo bed: both ranges were born from the idea of a folded paper sheet, creating a sinuous silhouette made with a unique piece. The frame of the chaise-longue is made with solid wood, while the central part is covered with different materials depending on the version. Onda is equipped with a thin mattress and a movable cushion upholstered with fabric, in a color matching the main material of the structure. Onda is available with or without armrests. MADE IN ITALY.

PRETTY

Dedicated to cinema actresses from the Twenties and the Thirties, this dormeuse called Pretty was conceived as a hero piece to be placed centrally in a room, thanks to its curved lines that can be admired from all perspectives; the rounded shapes, emphasized by the platinum-lacquered base, are made lighter by the wide empty space below the seat. The off-centered backrest – available both in right and left option – makes this charming piece of furniture suitable for being used also as a small sofa. Available in all Armani/Casa fabrics and Soft Touch Leathers in collection; covers are not removable.

REMY

Remy is a range of ottomans comprising a bench and small stools. The modern design is marked by the Z-shaped base structure, made with remnants of solid wood panels used for larger furniture: in this way, Armani/Casa continues the committment of the Armani Group in sustainability. The upholstery can be selected among all fabrics and Soft Touch Leathers in collection, plus a special fabric (available on this range only) with a three-dimensional surface imitating an alligator rawhide. All covers are not removable. The stool is available also without upholstered parts, so that it can be used as a small table. The stool without upholstery can be completed by adding a thick leather (cuoio) pad - to be bought separately - available in different colors, in order to make the seat more comfortable. MADE IN ITALY.

OMAGE

Omage is a dining chair marked by a light silhouette, featuring a structure in solid wood. The structure of the seatback continues in the rear legs, creating a unique element. Since the wooden structure is very discrete and leaves the upholstery perfectly visible also from behind, Omage is a perfect match with very decorative fabrics. Upholstery available in all suitable fabrics, Thin and Soft Touch Leathers in collection. Covers are not removable.
MADE IN ITALY.

PRISMA

Prisma is a dining chair conceived to match the Page dining table. The structure of this chair is entirely made with solid wood. The rigorous look, defined by right angles, is softened by the slightly tilted padding of the seatback. Upholstery available in all suitable Armani/Casa fabrics and Soft Touch Leathers in collections. Covers are not removable. MADE IN ITALY.

DIMENSIONS
45x54x100h cm - Inch 17.7x21.2x41.3h

SH: 48 cm - Inch 18.9

CODE: 050384 TT030 TX121, PIACENZA FABRIC

RIMA without armrests

Dining chair with upholstered seat and seatback, without armrests. The first version features the reverse of the seatback showing a distinctive carved structure with a cutout geometric motif that leaves the upholstery visible from behind. The second version, instead, features a reverse of the seatback with the outer frame only (with no geometric carving) that leaves the upholstery visible from behind. Rima can be upholstered with all suitable Armani/Casa fabrics or Soft Touch Leathers in collection. MADE IN ITALY.

DIMENSIONS
43,5x52x93,5h cm - Inch 17.1x20.5x36.8h

SH: 49 cm - Inch 19.3

* CODE: 049335 LN00C TX126, PALERMO FABRIC

ROSLIN

Roslin shares the concept behind the Morfeo bed and the Onda chaise-longue: the sinuous shape of the chair is made of a single element, curved at the ends, clad in leather and outlined with a wide solid wood frame. The frame continues in the legs of the chair maintaining its reduced thickness. Roslin can be matched with the Rosemond dining table. Available in Cognac or Dove Grey Leathers (cuoio). Covers are not removable. MADE IN ITALY.

NELSON

The distinctive feature of the Nelson range is the suspended rectangular top, which makes the whole structure look particularly light. Legs have a bridge shape with a rectangular section. Nelson is available in three different finishes: the first has a base structure in Antique Brown Oak and top/ legs in Antique Gold Leaf, while the second presents a luxurious Shiny Bronze Straw Marquetry top with an all-over pattern, matched with a matt Black Maple structure and methacrylate legs. Both versions are available with extensions (240 cm only). The third version, instead, features a top in Limestone framed with Honey Maple and legs in Honey Maple and Halzenut Midollino.

MADE IN ITALY.

DIMENSIONS

NATHAN

Nathan is a dining table inspired by the Matrix collection of consoles, recalled by the extra thin tops (1 cm - Inch 0.4) and the metal legs with triangular section. The use of special finishes enriches the clean, elegant lines of the table, almost recalling the sartorial precision of a made-to-measure suit. The outer side of the legs is in the same finish of the top.
MADE IN ITALY.

PAGE

Page is a rectangular dining table, whose look catches the eye thanks to the particular base structure. In fact, legs are made of different wood laths (each with section of 3 x 5 cm) placed with a distance of 3 cm in between them; this feature creates an alternance of full and empty spaces, giving this important structure a lighter appearance. All laths of the same leg are connected at the base by a feet in Lacquer. Another important detail is the horizontal bar that connects the legs and runs below the top. The top has a thickness of 5 cm. Page is available in two versions. The first is in Brushed Honey Ashwood with top in Crisscross Natural Straw, whose striped design recalls the laths of the table; The second is entirely in Brushed Brown Ashwood, featuring a top in solid wood. The material used for this second version is sustainable, since comes from the excess of solid wood not used for other furniture: no additional trees are cut to obtain the raw material.
MADE IN ITALY.

PILLAR

Pillar was born from the idea of combining a sleek design with a strong vintage accent. The inspiration for Pillar came from the so called «fratina» style, the typical dining tables used in monasteries during the Middle Age and conceived to increase conviviality. In our version, the distance from the legs to the edge of the top is 38 cm: in this way, people sitting close to the legs have all the space necessary to feel comfortable. The rigorous look of this classic shape has been modernized by the use of exclusive finishes that perfectly match the other iconic pieces by Armani/Casa. Pillar is presented in two versions, both with contrasting colors for what concerns top and the legs. The first one has a top in Striped Black Lacquer and legs in Shiny Beige Ashwood, while the second features a top in Brushed Black Ashwood and legs always in Shiny Beige Ashwood. MADE IN ITALY.

TROCADERO

Trocadero is the most iconic Armani/Casa table. Its silhouette is marked by the design of the four legs, placed so that they create the illusion of only two monolithic elements below the table top. Trocadero can be customized by choosing among four different sizes and many finishes, from classic to more particular ones. Options with two materials refer to the finishing of the top and of the legs respectively. The version with Brushed Greige Oak presents a top covered by tempered extra-clear glass.

MELROSE

The Melrose range includes a set of two round coffee tables and a round dining table. The dining table features four legs and a base structure in metal. The curved legs are built directly into the metal profile of the top. The top is in wood and has a reduced thickness of only 2,2 cm, to highlight the concept of lightness. MADE IN ITALY.

CODE: 049309 CA899 C9453

FINISHES

VINTAGE BROWN OAK / SATIN LIGHT BRASS

NED

Ned is a round table available in two sizes, for six or nine people. It features some distinctive details like the elliptical legs - in solid wood - close to the top edge and the horizontal bars jointing them. The top is divided into three sections featuring Tamo veneer. The horizontal bars, which grant more stability to the whole structure, become also a decorative element since they are entirely covered with leather (cuoio). MADE IN ITALY.

CODE: 045983 CA102 C0554 (160 CM)

FINISHES

DOVE GREY TAMO / CORTECCIA BROWN LEATHER (CUOIO)

PLANET

The table Planet extends the range of round tables by Armani/ Casa, inserting an option that features the X-shaped legs typical of our brand. The X shape immediately echoes other iconic ranges from our collection, like the Oreste small table and the Club cocktail cabinet. The structure - featuring legs and frame of the top in solid wood - is very light thanks not only to the slim legs, but also to a visual effect created by the top, that has a 4 cm thickness that reduces toward the edges. The Planet range also includes an accessory, the *Lazy Susan* (an optional rotating tray, to be bought separately) available in different materials. MADE IN ITALY.

ENYA

The Enya console is available in a low and a tall version. Enya low is made specifically to be positioned on the back of the 3 seats Canaletto sofa and similar, but can also be used as a low console. Enya tall to be used in an entrance/corridor, a living room or behind sofas with higher backrests like Engadin or London. The design is the same for all size options, with a slight difference for the longest versions: for technical reason, in fact, they feature an additional central leg that reaches the top, dividing the shelves in two. MADE IN ITALY.

DIMENSIONS
ENYA TALL

MELROSE

The Melrose range includes a set of two round coffee tables – that can be bought separately – and a round dining table. The coffee tables feature three legs and a base structure in metal. The curved legs are built directly into the metal profile of the top. The top has a reduced thickness of only 2,2 cm, to highlight the concept of lightness. Available in two different sizes, the Melrose coffee tables can be placed one close to the other and partially overlap. MADE IN ITALY.

* CODE: 049327 CA417 C0461 (38H CM) / 049328 CA417 C0461 (35H CM)

NET

Net is a small squared table with four legs, made by combining cubes of resin and solid walnut. Thanks to the inner reflections and the absolute clarity of the resin, glue in between the cubes is invisible, and the wooden ones literally seem to float in the air. Moreover, the top can be used as a real chessboard since it features 64 squares. MADE IN ITALY.

CODE: 048707 CH993 C8810

NINFEA

Ninfea is a range of coffee tables with methacrylate legs. The thin top is made in Egypt Lacquer, a finish combining different techniques: a yellow metallic paint is applied on a technical fabric and, when it is dry, the fabric is crumpled to crack the paint and create an irregular surface. The fabric is then applied on a panel and coated with a protective transparent lacquer. MADE IN ITALY.

DIMENSIONS

130x130x35h cm - Inch 51.2x51.2x13.8h
130x65x35h cm - Inch 51.2x25.6x13.8h

CODE: 048709 CA333 C1363

FINISHES

SATIN LIGHT BRASS /
TRANSPARENT METHACRYLATE

OTTAWA

Ottawa is a low table characterised by contrasting shapes: a round top and five squared legs. The outer stucture is enriched by Jade Shagreen Textured Leather: the texture is reproduced through a printing process followed by a hand-brushing which lightens the color in relief. Metal details are in hand polished Satin Light Brass. MADE IN ITALY.

DIMENSIONS

Ø 70x45h cm - Inch Ø 27.6x17.7h

FINISHES

JADE SHAGREEN TEXTURED LEATHER /
SATIN LIGHT BRASS

NORIGAMI

Norigami takes inspiration from the idea of a folded sheet of paper transformed into a coffee table. Two identical elements placed closely create the illusion of two bridge tables crossing each other. Norigami is extra thin (2 cm only) and presents a linear design, contrasting with the exclusive finishes in which it is available. Among those, Sky Lacquer is particularly precious since it is entirely hand painted: the inspiration for this material came from the work of the Romantic English painter John Constable (1776 - 1837) and his *Cloud Studies*. Norigami can be purchased individually or as a set of several elements, in order to create different compositions. MADE IN ITALY.

ORESTE

Oreste is a small table with crossed legs. It is available in different versions: the option in Brushed Brown Oak features a tray top that can be chosen squared or rectangular. The base and the tray have to be ordered separately. The chessboard Fair in the Armani/Casa accessories collection is designed to fit into the Oreste tray. Other options of the Oreste table feature, instead, regular tops (not tray) in precious finishes, available with squared top. MADE IN ITALY.

PLANK

Plank is a coffee table available in one size only, defined by its rigorous aesthetics reminiscent of Japanese atmospheres. This table emphasizes lightness and horizontality, thanks to its sleek design and wide top. The two versions are both in veneer. The first one presents a structure in Brushed Honey Ashwood, withe top and legs in Crisscross Natural Straw; the second one is entirely in Canaletto Walnut. MADE IN ITALY.

PLAY

Play is a range of versatile coffee/side tables. As their name suggests, they have been conceived to give you the maximum flexibility: in fact, each structure can be placed using the side you want as base, and it can be completed by adding the top. Bases and top are sold separately, in order to leave the maximum freedom of choice. The structures are entirely made with solid Canaletto Walnut, featuring a special technique for the joints that does not require any metal part. The top is in Black Glass, obtained by painting a smoked tempered glass (thickness of less than 2 cm) on the lower side: the final effect gives the illusion of a shiny black lacquer. MADE IN ITALY.

DIMENSIONS

PURO

Puro - “pure” in Italian - is a range that really reflects its name: pure in the shape, pure in the materials. This side table reinterprets the sleek bridge shape typical of Armani/Casa: the timeless design is made precious by the contrast between Canaletto Walnut - Giorgio Armani’s favourite wood - and the Kyoto Texture, a finish made with real linen fabric in natural color featuring dark red lacquered inserts. Wood veneer is applied on the inner side and on the border of the top/sides. Puro is available also in a version featuring a wood/stone mosaic: in this case, Puro can show the stone tiles on the inner or the outer side. All corners feature joints at 45°. MADE IN ITALY.

PORTER

Porter is a range of different pieces conceived to complete the living/dining area and the bedroom. All pieces feature some details studied to make the structure look lighter, like the empty spaces in between the doors/drawers and the one that separates the frame from the central part. Porter is available in two versions: the first is in Black Lacquer with drawers front in Rose Silver Leaf, while the second is in Platinum Lacquer with drawers front in Thermo-Treated Paulownia. The latter presents comb joints on the drawers, a particular structural detail left visible to become a decoration as well. Inside, drawers of the first versions are in matt black lacquer, while the second has tone-on-tone drawers. All drawers feature a push-pull opening mechanism. MADE IN ITALY.

ROLAND Bed/RUSSEL Bedside tables/NEXT Table lamps

DANDY

Bed with completely padded high headboard. The headboard is designed in the shape of an arch rounded in the floor plan view, so that the most external parts are detached from the wall: this feature endows the bedroom interior with lightness and motion and allows the bed to be located centrally in a room. The header comes in two different sizes and must be ordered separately. The sommier is available with or without container. Dandy can be upholstered with all suitable Armani/Casa fabrics (removable) or Soft Touch Leathers in collection. MADE IN ITALY.

MORFEO

Morfeo comes from the idea of a floating bed, a concept that becomes reality thanks to the thin, softly curved headboard and footboard. The structure is made of a single metal element, curved at the ends, clad in different fabrics according to the version and outlined with a rounded solid wood frame.

The version in Canaletto Walnut can either be matched with Norfolk fabric, a precious *cannet * interrupted by diagonal lines, available in 9 colors, or with Suva fabric. The design of the latter is inspired by the aerial view of an Asian landscape with rice fields and rivers. All covers are not removable. The Morfeo bed matches with the Meneo bedside tables and shares the same concept of the Onda chaise-longue and the Sharon armchair.

MADE IN ITALY.

Inner thin mattress padded with goose feathers, tied to the main mattress thanks to leatherette straps FastStrap® system (trademark).

SLAT STRUCTURES

All Armani/Casa beds include a double bed slat structure* with a wooden or steel frame. The frame can be structural (so the whole slat structure cannot be separated from the bed) or removable (the whole slat structure can be separated from the bed).

All types comprise a system with flexible slats in beech wood. Depending on the range, each bed features a different variant of this system:

- **Basic slats:** flexible slats with no additional options;
- **Shock-absorbing slats:** each slat lies on a flexible rubber support, which adapts the slat itself depending on the weight above;
- **Adjustable slats:** double slats kept together by a couple of adjustable plastic rings. The farther the rings on the same slat are, the more the slat becomes rigid;

** The only exception is Botticelli, which includes two single bed slat structures.*

		BASIC SLATS	SHOCK-ABSORBING SLATS	ADJUSTABLE SLATS
STRUCTURAL FRAME	STEEL	DREAM MARTIN ROLAND		MORFEO RYOKO
	WOOD			
REMOVABLE FRAME	STEEL	ROMA	DANDY ORIS

EUCLIDE

Euclide has a light look, thanks to its thin top and chests of drawers supported by only two metal ribbon legs. Euclide is designed to be used from both sides, since it has four drawers with traditional guide rails on each side. This desk is equally suitable for being used in a study or in a bedroom. The frames of the drawers are in solid wood.
MADE IN ITALY.

JOLIE

Featuring minimal lines with hints of the Thirties, Jolie is a two-drawer desk with wooden structure and leather top. It is equipped on each side with pockets conceived to store paper and magazines. Underneath the worktop two drawers open with the aid of a small leather handle with metal GA logo detail. The drawers feature wooden guide rails, which allow more height to the inside of the drawer. The drawer fronts show refined visible stitching. Jolie has no back panel, but the solid wood structure is conceived to ensure optimal stability.

OLIVIA

Olivia is a desk reinterpreting the iconic bridge shape through a slightly curved top: its reduced dimensions make it suitable also to be used as a vanity table.Olivia features a hole for cables and a single central drawer. The minimalistic design is presented in wood or in combinations of very rich materials, like shells. The legs of those precious versions are in Platinum Lacquer, and their outer side is carved to obtain an undulate surface. MADE IN ITALY.

ROUSSEAU

This elegant sleek desk presents the same features of the Olimpia bookcase and the Prestige sideboard: tubular elements clad in thick leather (cuoio) are connected by metal ribbons in brass, becoming decorative and functional details at the same time. Rousseau enhances the concept of lightness thanks to its thin top (frontal edge of 27 mm) and the legs completed by metal feet. The desk is equipped with four drawers. A particularly rich version features top and sides in hand-polished brass; on this version, top and sides are made out of a single metal piece. A desk pad in thick leather (cuoio) with embossed logo can be bought separately and was conceived to increase comfort while working on the desk. MADE IN ITALY.

STENDHAL

The Stendhal secretary desk, marked by a strong *Art Déco* inspiration, is clad in the Jade Shagreen Textured Leather: the texture is reproduced through a printing process followed by a hand-brushing which lightens the color in relief. Inner structure in Canaletto Walnut, with handles, feet and cable hole in Satin Light Brass. An important technical feature is the opening system of the folding top: through a special clutch device with an exposed steel wire, the top opens slowly without dropping and keeps its stability when working on it. Stendhal features an inner LED lighting system, with a switch button located under the shelf. MADE IN ITALY.

CIRCLE

Circle is a range of revolving tables, conceived to store barware, available in two sizes. The large version features two curved doors and two pull-out drawers. The inside of the doors is equipped with a structure to hold stem glasses, while the drawers can be used to store bottles. The small but taller version opens with the aid of a slim metal handle, and the inside of the curved doors is equipped with two shelves. Circle takes its inspiration from the travel furniture typical of the 20s and the 30s, object-sculptures that were transformable and suggesting several functions. The cabinet, thanks to a fixed turning base, can rotate of 360°. MADE IN ITALY.

CLUB

One of the most iconic cocktail cabinet by Armani/Casa, Club takes inspiration from vintage travel furniture thanks to its x-shaped legs. This cocktail cabinet features container doors for the storage of glasses. The outer shell of the red version is marked by Lacquered Red Linen: a finish featuring real linen fabric coupled with gold leaf and then painted in red, where a layer of transparent lacquer adds the final shiny touch leaving the textured surface visible. Inside, the beautiful Singapore fabric - marked by the design of Japanese-inspired fans - creates an unexpected contrast with the outside. Metal details are in hand-polished Satin Light Brass, while legs are in Canaletto Walnut. The interior holds a lower pull-out shelf covered by an extralight transparent tempered glass (5 mm thick) for the preparation of drinks and a foldout top. A single lower unit, opened thanks to a push-pull system, hosts a small drawer conceived to store cocktail utensils. The other version, instead, features interior in bronze lacquer with a lower pull-out shelf in technical fabric top covered by an extralight transparent tempered glass (5 mm thick) for the preparation of drinks, a fold-out top for service and three lacquered drawers: one for cocktail utensils, one to store the ice bucket and the last for bottles. MADE IN ITALY.

SESAMO

Sesamo is a two-door screen made of wide panels in solid wood. The surface is rich in the texture thanks to the use of Black-Ocre Carving, a finish marked by a beautiful three-dimensional appearance. The design is obtained by an irregular carving at multiple levels, in order to create different thicknesses of the wood. This effect is emphasised by the use of two contrasting tones: the whole black surface is carved and the resulting lines in relief are then lacquered in ocre.

MADE IN ITALY.

JARED

Jared is a reading lamp with Murano glass lampshade and a metal structure. The shade is completely hand made, following the ancient techniques of Murano glassmaking: a series of dove grey matt glass rods are fused on a mass of white opal glass, in order to create streaks similar to those of a rock. After the process of tempering, the glass is worked by hand to get a matt finish. The lamp is illuminated by a led of 3000k to obtain a warm tone. The light is dimmable.
MADE IN ITALY.

PAMELA

Pamela is a lamp available both in table and floor version. The distinctive feature of this lamp is the thin metal stem, sculpted to resemble a bamboo cane and connected to a circular base developed on more levels. On the table version, the switch/dimmer - featuring the GA logo and a touch technology - is located on the base; on the floor version, it can be found on the stem. Available with truncated cone shade in fabric (white, red or forest green) or in a special micro-perforated elm wood. The intricate design of the latter is inspired by wicker patterns, and creates a special see-through effect with geometrical reflections of the light. The wood of this shade is coupled with a inner layer of PVC and features decorative metal rings on the borders, as well as two diffuser discs (above and below the light source); the fabric shade, instead, features a upper disc only. A cylindrical lampshade, made with raffia and other special yarns, can be selected for this range; it is available in two colors, both with contrasting borders. MADE IN ITALY.

REA

Floor lamp inspired by the ones furnishing the halls and staircases of Palazzo Orsini in Milan, the historical palace hosting the headquarter of the Giorgio Armani company. Conceived as a metal ribbon, Rea presents thin inserts in wood on the sides. The main lighting source is located on the top part, but a second one runs on the back of the stem of the lamp: the two sources can be swtiched on/off and dimmed independently. Thanks to those features, the lamp irradiates a smooth cozy light. The range also includes a wall light option suitable for domotics. MADE IN ITALY.

PALADINO

Paladino is a table lamp born from the idea of a three-dimensional *canneté* developed vertically: for this reason, the finish selected for this product is Brass Carved Liquid Metal, already an Armani/Casa icon. Liquid metal is a special lacquer made with real metal pigments, which give the finish the typical reflectance of real metal and its cold touch. Depending on the support, it is possible to obtain different effects: the carved version featured here creates the illusion of vintage brass rods. Available with truncated cone shade in fabric (white, red or green) with upper diffuser disc. MADE IN ITALY.

FINISHES
SELENITE / SATIN LIGHT BRASS

REA

Wall light inspired by the lamps furnishing the halls and staircases of Palazzo Orsini in Milan, the historical palace hosting the headquarter of the *Giorgio Armani* company. Rea presents thin inserts in wood on the sides. Rea is suitable for domotics. MADE IN ITALY.

DIMENSIONS
20x14x14h cm - Inch 7.8x5.5x5.5h

CODE: 050613 UP053 C0052

FINISHES
CANALETTO WALNUT / SATIN LIGHT BRASS

POWER SUPPLY BOXES

All Armani/Casa lamps work thanks to a LED system, which requires a specific power supply box. Depending on the lamp, different boxes can be available; each power supply box comes with three interchangeable plugs (CEE, UK, US). Please check the current Pricelist for further information.

- 030146 CA220 C0020 - Cable for table lamp with on/off switch, total length 1.8 mt
- 030147 CA220 C0020 - Cable for floor lamp with on/off switch, total length 1.8 mt
- 030148 CA220 C0020 - Cable without switch, total length 1.8 mt
- 030149 CA220 C0020 - Cable for table lamp with dimmer, total length 1.8 mt
- 030150 CA220 C0020 - Cable for floor lamp with dimmer, total length 1.8 mt

TECHNICAL DATA

LED lifespan: 50,000 hours.
Input: 100-240V - 0.7A, 50-60Hz
For indoor use only.

RUGS & MATS

RUGS

All Armani/Casa rugs are entirely hand made by Nepalese artisans who master the traditional technique of hand-knotting. The high density – 100 knots per square inch – together with the use of many different yarns in terms of color and composition permits to obtain exceptional quality and aesthetics. To maintain those high standards, the production process is particularly complex and requires an average time of 21 weeks.

DYEING AND KNOTTING

The dyeing of the yarns is made by hand and with a constant comparison to master samples, in order to reduce the discrepancy that naturally occurs from lot to lot. Once all yarns are ready, artisans begin the knotting: only the most skillful artisans can work on Armani/Casa designs, since their incredibly rich scales of shaded colors need frequent changes of yarn that can be managed only by the best long-experienced knotters.

WASHING AND FINISHING

After the knotting, each rug is washed and dried to revive colors. The drying phase, in particular, is carried out in open-air environments to avoid aggressive treatments that could compromise the quality of the fibers. If the carpet features an accentuated three-dimensionality of the surface, a final scissor-cutting is performed by hand.

CORPORATE SOCIAL RESPONSIBILITY

As part of the Armani Group, Armani/Casa is particularly sensitive to social aspects. The brand totally fulfills the Nepalese laws which grant the respect of the rights of knotters in terms of working hours per day, Monday-to-Friday shifts, proper wages and age of the employees.

MATS

WEAVING

Mats are thin rugs made by using a pit loom. As the name suggests, this type of loom fits in a pit where artisans weave the rug through the aid of special pedals. In this technique, the mat is weaved parallel to the ground, which helps making those rugs less dense and stiff. While the warp is kept in tension thanks to two rows of pegs, the wefts are inserted by hand to create the design. A high level of craftsmanship is required to obtain those products, marked by the absence of pile and backing.

COLORS

The colors printed in this catalogue give only an idea of the actual hue of the final product. We suggest checking the updated samples available in all our stores. Always keep in mind that slight color variations may occur from dye lot to dye lot.

DESIGN

To determine the direction in which the design will be developed on rectangular carpets, please refer to the related technical sheets or pictures in this catalogue. When ordering a rug, the first size communicated must correspond to the horizontal dimension (as photographed) of the carpet itself.

SIZES

Due to the handmade nature of our products, a size variation of up to 5% in relation to the ordered size may occur. Rugs exceeding a total of 27 square meters have dedicated prices that will be calculated upon request.

SUSTAINABILITY

Armani/Casa mats are made by using yarns colored through a 100% ecological dyeing process with azo-free hues. They do not contain any harmful substance for the environment, pets or human beings: our suppliers operate in compliance to REACH SHVC regulations.

ARMSTRONG

Striped rug reinterpreting the *canneté* motif typical of the Armani style, available in custom size. Density: 100 knots/squared inch. The carpet is hand knotted without any child labour. MADE IN NEPAL.

MATERIALS
50% SILK / 50% WOOL

OTHER COLORS

STEEL BLUE

PEARL

SAND

BAX

Rug with geometric Art Déco motif, available in custom size. Density: 100 knots/squared inch. The carpet is hand knotted without any child labour. MADE IN NEPAL.

MATERIALS
50% WOOL / 30% MATKA SILK / 20% SILK

OTHER COLORS

PEARL

IVORY / DARK BROWN

BURT

Rug with discontinued multistriped motif, available in custom size. Density: 100 knots/squared inch. The carpet is hand knotted without any child labour. MADE IN NEPAL.

MATERIALS
100% SILK

IVORY / BLACK

CADRE

Rug with striped effect and contrasting frame, available in custom size. The delicate tone-on-tone narrow-stripe effect is obtained thanks to the use of two different techniques: bouclé wool and cut-pile viscose. The contrast between the alternating glossy and matt yarns adds a sophisticated touch to the contemporary decoration. Density: 100 knots/squared inch. The carpet is hand knotted without any child labour. MADE IN NEPAL.

MATERIALS
62% VISCOSE / 38% WOOL

GREY / BEIGE

CHAPLIN

Carpet with mélange effect, available in custom size. The sober look is given by the richness obtained through the matching of two different yarn colours. Density: 100 knots/squared inch. The carpet is hand knotted without any child labour. MADE IN NEPAL.

MATERIALS
100% VISCOSE

GREY / ANTHRACITE

CRONOS

Rug with tone-on-tone moiré effect, available in custom size. Cronos emphasizes the subtle link to the world of fabrics and hints at the precious materials marking Armani/Casa furniture through the imitation of wood grain patterns. Density: 100 knots/squared inch. The carpet is hand knotted without any child labour. MADE IN NEPAL.

MATERIALS
50% SILK / 50% WOOL

OLIVE GREY

CROQUIS

Rug with an Art Déco floral motif, available in custom size. The design is determined by the different trimming heights of the silk, which create an elegant three-dimensional effect. This elaborate processing is emphasized by the lustre of the silk that makes this carpet particularly precious. Density: 100 knots/squared inch. The carpet is hand knotted without any child labour. MADE IN NEPAL.

DIMENSIONS
Due to the pattern of the carpet, for the rectangular shape we suggest a size of 290x390 cm. Other sizes can be ordered only after the approval of the design.

MATERIALS
100% SILK

BEIGE

OTHER COLORS

OFF WHITE

POWDER BLUE

ECCELISO

Rug with irregular *canneté* effect, available in custom size. The pattern is obtained by using two different techniques, loop pile and cut-pile, with different height. The alternance of glossy silk and matt wool emphasizes this effect. The carpet is hand knotted without any child labour. MADE IN NEPAL.

MATERIALS
50% SILK / 50% WOOL

BEIGE / GREY

GEM

Rug with loops pile border, available in custom size. The loops pile technique is developed with different heights on the vertical borders only, creating a particular dégradé motif. Density: 100 knots/squared inch. The carpet is hand knotted without any child labour.
MADE IN NEPAL.

MATERIALS
100% SILK

OTHER COLORS

BLUE SHADOW

MILITARY

GINNY

Rug with interrupted stripes design, available in custom size. This carpet presents the same design of the Rebel rug, but with an interrupted pattern. The interruption of the stripe is created by the loop pile effect in a lower pile height. Density: 100 knots/squared inch. The carpet is hand knotted without any child labour.
MADE IN NEPAL.

MATERIALS
100% SILK

OTHER COLORS

GREY

BEIGE / WATER GREEN

JAEN

Rug with shaded stone texture, available in custom size. The impressive design evokes a marble slab and recalls the Nabucco wallpaper pattern. The fine shading effect of the different yarns ensures a very detailed pattern. Density: 100 knots/squared inch. The carpet is hand knotted without any child labour.
MADE IN NEPAL.

MATERIALS
100% SILK

OTHER COLORS

CREAM

JADE

SAND

MASON

Rug with Art Déco inspired labyrinth design, available in custom size. The décor is created with relief and carving techniques, as well as with different quality yarns. The wool yarns create the ground where the silk yarns arise at times over the surface, to highlight the design. Density: 100 knots/squared inch. The carpet is hand knotted without any child labour.
MADE IN NEPAL.

MATERIALS
65% SILK / 35% WOOL

OTHER COLORS

OFF WHITE

PEARL

CHAMPAGNE

MAX

Rug with large shaded stripes, available in custom size. The fading stripes are created thanks to the different colour tones and with shiny and matt effect of the wool and silk yarns. Density: 100 knots/squared inch. The carpet is hand knotted without any child labour. MADE IN NEPAL.

MATERIALS
50% SILK / 50% WOOL

SAND

OTHER COLORS

PEARL

MILES

Rug with wavy design, available in custom size. The three-dimensional effect to the full width design comes from the relief technique and from the shading of the stripe lines. Density: 100 knots/squared inch. The carpet is hand knotted without any child labour. MADE IN NEPAL.

DIMENSIONS
Due to the pattern of the carpet, we suggest a size of 300x400 or 400x400 cm. Other sizes can be ordered after the approval of the design.

MATERIALS
100% SILK

TAUPE / CHAMPAGNE

MORGAN

Rug with striped chevron design, available in custom size. Wavy chevron stripes create an intertwined macro effect on this silk carpet. The design is created with carving techniques as well as with the tone-on-tone colouring. Due to the modularity of the design - based on a 150x150 cm square - the carpet is presented in special sizes (see below for details). Density: 100 knots/squared inch. The carpet is hand knotted without any child labour. MADE IN NEPAL.

DIMENSIONS
The Morgan range can be ordered as follows:
300x450 cm - Inch 118.1x177.2 (Only option available for showroom display)
450x450 cm - Inch 177.2x177.2
450x600 cm - Inch 177.2x 236.2

MATERIALS
100% SILK

PEARL / PLATINUM

NOIR

Gradient colored stripes fading from white to a pitch black background give a dramatic twist to this precious rug in silk. The silk enhances the graphic perspective design with strong color contrast, while the carving makes the precise lines to stand out. Available in custom size. Density: 100 knots/squared inch. The carpet is hand knotted without any child labour. MADE IN NEPAL.

DIMENSIONS
Due to the pattern of the carpet, we suggest a size of 300x400cm. In case of other sizes, the design will be scaled to match the dimensions requested.

MATERIALS
100% SILK

BLACK / WHITE

NOONA

The wool background highlights the horizontal silk stripes in relief. This classic Armani/Casa pattern, in refined hues, offers a sophisticated background for the interior décor. Available in custom size. Density: 100 knots/squared inch. The carpet is hand knotted without any child labour. MADE IN NEPAL.

MATERIALS
50% SILK / 50% WOOL

OTHER COLORS

POWDER BLUE / GREY

BLACK / ANTHRACITE

NOVA

Rug with an irregular grid design highlighted with relief. The background is created with the loop technique in wool, giving a lively texture and contrast to the design on the cut silk surface. Available in custom size. Density: 100 knots/squared inch. The carpet is hand knotted without any child labour. MADE IN NEPAL.

DIMENSIONS
Due to the pattern of the carpet, we suggest a size of 300x400cm or 400x400cm. In case of other sizes, the design will be scaled to match the dimensions requested.

MATERIALS
95% SILK / 5% WOOL

OTHER COLORS

MILITARY / BEIGE

SAND

ICE

NOVA Military / Beige

OBI

The design of this rug takes inspiration from the Asian culture, from ribbons and knots of the *obi*, the belts of Japanese kimonos. Those belts were traditionally made with pure silk, like the precious ground of the carpet crossed by wool lines. A frame running on the edge of the rug completes the three-dimensional grid. Available in custom size; on smaller rugs, the design will be resized to better fit the surface. Density: 100 knots/squared inch. The carpet is hand-knotted without any child labour. MADE IN NEPAL.

MATERIALS
50% SILK / 50% WOOL

OTHER COLORS

ICE

POWDER

NIGHT BLUE

ORCHESTRA

This rug shows a vintage design, obtained with a production process which is particularly long and difficult. Density: 100 knots/squared inch. Available in custom size. The carpet is hand-knotted without any child labour. MADE IN NEPAL.

MATERIALS
100% VISCOSE

OTHER COLORS

SAND

PETROLEUM / ICE

ORIENTE

A design inspired by the Far East, featuring trees and hills shading into clouds to create an “infinite” perspective. The stunning level of detail is achieved by using a complex production process, which requires frequent changes of fibers in different colors while hand knotting: the result is a carpet showing thousands of shades and hues, recalling a sort of watercolor effect. Available in custom size. Density: 100 knots/squared inch. The carpet is hand-knotted without any child labour. MADE IN NEPAL.

MATERIALS
100% SILK

OTHER COLORS

ICE

SAND

NIGHT BLUE

PETROLEUM

PABLO

Pablo shows a design featuring two frames running on all borders of the carpet. The outer one, like the central part, is made with cut pile technique on silk and features a watercolor effect to make this frame more vivid; the inner one is thin and is obtained through a loop technique on wool. The alternance of different three-dimensional effects and color shades increases the contrast between all parts. Density: 100 knots/squared inch. The carpet is hand-knotted without any child labour. MADE IN INDIA.

MATERIALS
80% SILK / 20% WOOL

GOLD / IVORY

PARADE

Parade is marked by plain horizontal lines. The wool background with silk lines in relief creates a three-dimensional *canneté*-inspired texture. The vertical lines cross the horizontal ones and create the illusions of irregular *canneté* tiles: the final design is a sort of irregular checkerboard, which echoes another iconic Armani motif. The entire rug is made with the cut technique; the three-dimensional effect is made more evident by the pile of the *canneté* lines, which is longer than the others. Density: 100 knots/squared inch. The carpet is hand-knotted without any child labour. MADE IN INDIA.

MATERIALS
60% SILK / 40% WOOL

OTHER COLORS

BLUE / LILAC / SAND

PEARL

PURFLE

The design of the Purfle rug is obtained by playing with the round GA logo, deconstructed in order to create a repeating geometric module. A thin frame runs on all borders of the carpet, made with loop technique as the background; the repeating design, instead, is made with the cut pile technique, so that it remains more shiny than the other parts and hence more visible even on a tone-on-tone color palette. Density: 100 knots/squared inch. The carpet is hand-knotted without any child labour. MADE IN NEPAL.

MATERIALS
100% SILK

ICE

PARADE Blue / Lilac / Sand

PHILOSOPHER Silver / Dove grey / Azure

PHILOSOPHER

The design of the Philosopher rug takes inspiration from the intertwined design of some fabrics within our collection. The background is in silver silk with both cut pile and loop technique; the texture in relief is given by horizontal lines in Dove Grey and vertical ones in Azure. The three-dimensional effect is particularly evident on this carpet. Density: 100 knots/squared inch. The carpet is hand-knotted without any child labour. MADE IN INDIA.

MATERIALS
100% SILK

SILVER / DOVE GREY / AZURE

REBEL

Rug with striped design, available in custom size. Density: 100 knots/squared inch. The carpet is hand knotted without any child labour. MADE IN NEPAL.

NABUCCO

PRECIOUS FIBERS 1
“Nabucco” is the popular name of *Nabucodonosor*, one of the greatest operas by the Italian composer Giuseppe Verdi, a milestone of classical music first performed in Milan at La Scala theatre in 1842. To celebrate the deep link of this opera with the history of the city, the wallcovering reproducing Giorgio Armani’s favourite pattern - the streaked texture of onyx slabs - was named after it. Nabucco is also the wallcovering that Mr. Armani chose for the decoration of his boutiques around the world.
MADE IN ITALY.

MACBETH

PRECIOUS FIBERS 1
Macbeth is probably one of the most famous plays by William Shakespeare. The compelling history of ambition and betrayal reaches its peak with the well-known episode of the Birnam wood, which seems to “walk” towards Macbeth’s castle decreeing the destiny of the king. The *trompe-l’oeil* wallcovering recalls this event, depicting a forest of deciduous trees with tapestry taste.

BOHÈME

PRECIOUS FIBERS 2
Dedicated to the protagonists of the renowned opera by Giacomo Puccini, *Bohème* incarnates the spirit of the French *cafés* and music halls of the 19th century, places of vibrant life where artists used to meet and find inspiration. The rigorous vertical stripes are interrupted by several irregularities, to add a dandysh feel.
MADE IN ITALY.

FALSTAFF

PRECIOUS FIBERS 2
Falstaff is the name of a play by Giuseppe Verdi, who took the inspiration from *The Merry Wives of Windsor* by William Shakespeare. Lord Falstaff's joky attitude reflects in the design of this wallcovering, where a tone-on-tone *moiré* effect gives movement to the plain ground.

BAYADÈRE

PRECIOUS FIBERS 3
Typical patterns of the folklore are reinterpreted with a contemporary look, with branches and pomegranates printed on a precious Indian silk. The sharp edges and the contrasting colors define shapes and highlight the liveliness of the design. The exotic atmosphere of the décor echoes the famous ballet by Marius Petipa *La Bayadère* (1877), which narrates the story of a young Indian dancer.
MADE IN ITALY.

DIMENSIONS	MATERIALS
87 cm - Inch 34.2	70% SILK - 30% LUREX
Vertical Repeat 98 cm - Inch 38.6	Non-woven base

COLORS

* CODE: GA4 9700

EXCELSIOR

PRECIOUS FIBERS 2
The design of this wallcovering, given by the juxtaposition of multicolored geometric shapes, recalls the reflections and the symmetry created by a kaleidoscope. The meeting between natural light and human invention recalls the theme of the great ballet *Excelsior* (1881) on music by the composer Romualdo Marengo: an allegorical journey where Light guides Civilization towards progress, revealing all inventions and scientific conquests that characterized the XIX century.
MADE IN ITALY.

DIMENSIONS	MATERIALS
87 cm - Inch 34.2	70% SILK - 30% LUREX
Vertical Repeat 54 cm - Inch 21.2	Non-woven base

Plain

PRECIOUS FIBERS 3
BAYADÈRE / EXCELSIOR
Plain variants completing the Bayadère and Excelsior ranges. Like the matching wallcoverings, this plain variant is made with raw silk, which features a distinctive textured effect with slubs and knots coming from semi-refined weft yarns. This particular silk is weaved with lurex yarns to enrich the material.
MADE IN ITALY.

DIMENSIONS	MATERIALS
87 cm - Inch 34.2	70% SILK - 30% LUREX
Vertical Repeat 70 cm - Inch 27.5	Non-woven base

AM AHL

PRECIOUS FIBERS 3
This wallcovering reinterprets a classic animalier motif, featuring crocodile scales, in a modern way and evoking exotic places. The pattern, typical of fashion and luxurious leather goods, becomes the starting point for the rich linen background. The name is a tribute to *Amahl and the Night Visitors* (1951) by the Italian composer Gian Carlo Menotti, which shares with this wallcovering the union of tradition and innovation: in fact, this opera – the first ever conceived for television – presents a plot that changes the usual point of view on the journey of the Magi in the Holy Land. MADE IN ITALY.

DIMENSIONS	MATERIALS
87 cm - Inch 34.2	100% LINEN
Vertical Repeat 98 cm - Inch 25.2	Non-woven base

COLORS

* CODE: GA4 9730

CARMEN

PRECIOUS FIBERS 3
A refined design inspired by pleated fabrics enriches the linen base of this wallcovering. The motif recalls the texture of Giorgio Armani fashion creations, adding dynamism and depth to the tone-on- tone palettes presented in different neutral hues. The name is a tribute to *Carmen* (1875) by George Bizet and the sumptuous decorated dress of Spanish *toreadores* walking the stage of this famous opera. MADE IN ITALY.

DIMENSIONS	MATERIALS
87 cm - Inch 34.2	100% LINEN
Vertical Repeat 50 cm - Inch 19.7	Non-woven base

LORELEY

PRECIOUS FIBERS 3
For the making of this wallcovering – dedicated to *Loreley* (1890), opera by Alfredo Catalani – the choice was to use the ancient technique of *fil posé*, made even richer by the use of silk threads, which is rare for this production process. The color palette alternates vivid and pastel tones, neutral gradients and fluid shades inspired by the plot of the opera itself, whose protagonist is a girl turned into a fairy after the wedding to the Rhine river: spells and watery reflections define an oniric atmosphere, celebrated by this wallcovering where the design comes from the reinterpretation of an ikat effect in macro-scale. MADE IN ITALY.

DIMENSIONS	MATERIALS
87 cm - Inch 34.2	Fil posé - 100% SILK
Vertical Repeat 35 cm - Inch 13.7	Non-woven base

COLORS

* CODE: GA4 9720

LORELEY Details

COPPÉLIA

PRECIOUS FIBERS 3
The design of this wallcovering, featuring a very realistic *trompe-l'oeil* effect, is taken from the image of a real velvet drapery located in a prestigious historical palace. The marvelous curtain is linked to the one in the enchanted workshop described in the balled *Coppélia* (1870) by Arthur Saint-Léon, where the eponymous protagonist is a beautiful mechanical doll, whose maker keeps jealously in his shop. Printed on silk/lurex, this wallcovering is completed by a range of rich trimmings developed to emphasize the joints.
MADE IN ITALY.

TOTAL DIMENSIONS 261x300h cm - Inch 102.7x118.2h	MATERIALS 65% SILK - 35% LUREX Non-woven base

TURANDOT

PRECIOUS FIBERS 3
The last opera by Giacomo Puccini, *Turandot* (1926), stands out for the setting at the Chinese imperial court. The taste for exotic and the richness of the court are tributed by the design of the wallcovering with the same name, which presents a shagreen motif – a classic of Armani's aesthetics, but also a symbol of prestige and refinement in Eastern countries since the most ancient times – on a silk and lurex background. The texture in relief is obtained thanks an accurate screen printing process directly on silk fibers that uses 3D-expanding inks, an absolute novelty for Armani/Casa.

RIGOLETTO

PRECIOUS FIBERS 3
The design of this wallcovering shows an inlay motif presented in an unusual way, where the irregular composition of asymmetrical shapes creates a dynamic and unexpected geometry. The background, made of a precious *mélange* of silk and lurex of exceptional shine, confers more depth. The rich motif takes inspiration by *Rigoletto* (1851) by Giuseppe Verdi, which takes place within the marvelous Palazzo Ducale in Mantua.

MONTMARTRE

REFINED STRUCTURES 1
Montmartre is a Parisian neighbourhood defined by two different yet complementary sides: a holy one, represented by the white dome overlooking the city, and a profane one, due to the eccentric artists that lived in the area during the 19th century. This dichotomy echoes in the wallcovering with the same name, where a checkered motif is coupled with a shagreen leather print.

OPÉRA

REFINED STRUCTURES 1
The Opéra Garnier is the most prestigious theatre in Paris: a building that is a triumph of opulence, rich in gold, brocade and luxurious chandeliers. The *Opéra* wallcovering pays tribute to this temple of music thanks to the *canneté* stripes alternating with the plain background, which remind the lines of a pentagram drawn on a paper sheet. Due to the design, this wallcovering can be used both vertically and horizontally.

BRERA

REFINED STRUCTURES 2
Brera, “the district of the artists”, is the most renowned of Milan: located in the heart of the historic city center, it is famous for its art academy, the charming atmosphere and fine boutiques. The same elegance defines this wallcovering, inspired by the details of the Armani Privé collections. The design created by the embroidering of thousands of beads is reproduced on the vinyl support, made precious by the use of a pearlescent finishing that highlights the three-dimensional effect. Presented in neutral tones as well as pastel blue and green.

MARAIS

REFINED STRUCTURES 2
The Parisian neighborhood of Le Marais is one of a kind: located in the heart of the city, it has maintained untouched its ancient look together with the charm of a place where, thanks to the mix of different inspirations and suggestions, ideas and fashion trends are constantly born. This creative dynamism inspired this wallcovering: the trompe-l'oeil effect imitates the drapery of a light fabric of many veils by Giorgio Armani, almost impalpable, which defines an elegant palette of neutral tones, as well as pastel blue and green.
MADE IN ITALY.

SAINT GERMAIN

REFINED STRUCTURES 2
The eclectic neighborhood of Saint-Germain has always been the meeting point of intellectuals, the birthplace of modern French literature and philosophy; in time, the district has also become the prestigious home of the most luxurious boutiques worldwide. The synthesis of this dichotomy echoes in this wallcovering, which combines an irregular checkers scheme with an off-centered sun motif, inspired by the straw marquetry. The reinterpretation of iconic Armani/Casa elements is a theme in continuous evolution but always consistent with its own essence, just like Paris, the city to which this paper is dedicated. Presented in neutral tones as well as pastel blue and green.

BELGRAVIA

REFINED STRUCTURES 2
The borough of Belgravia, in London, is famous for the white palaces in Neoclassical style that express a mood of rigorous elegance. The seeming simplicity of the architecture, which appears at first glance, is actually a dynamic series of marbles and stuccos, statues and decorative motifs. This wallcovering follows this concept of “unexpected detail”: the background, based on a play of large tiles of streaked marble, is crossed horizontally at the top and at the bottom by a contrasting frame with chevron motif. Once more, the wallcovering becomes the occasion to tran-sform key elements of the Armani style like stones and the textile design. The range is coordinated with a printed version with marble tiles only. MADE IN ITALY.

NIAGARA

GRAPHIC ELEMENTS 1
Wallcovering made on fabric support, featuring a chevron motif. This texture, recurring element of the Giorgio Armani style, is deconstructed to create a particular discontinuous geometry; the pointy elements add a vertical movement to the composition, imitating the majestic falls on the Niagara river. MADE IN ITALY.

ELBA

GRAPHIC ELEMENTS 2
The isle of Elba, off the Tuscan shores, presents an extremely variegated landscape, interrupted by the famous mineral mines. The typical shades and reflections of tourmaline, beryl and garnet crystals of the island are reproduced with a *moiré* effect on the surface of this wallcovering, made with the *fil posé* technique to add a touch of luster.

LIPARI

GRAPHIC ELEMENTS 2
Lipari is the largest of the Aeolian islands, seven gems sprinkled in the blue of the Mediterranean Sea and located not far from the shores of Sicily. The name of the island echoes its beauty and the richness, coming from the ancient Greek Lipàra, which means “fruitful”. For its prominent position in the archipelago, the wallcovering featuring one of the most iconic designs of the Armani style, the shagreen texture, has been named after this island.

MURANO

GRAPHIC ELEMENTS 2
This island, located in the heart of the Venetian lagoon, is the place where glass masters carry on the tradition of glass blowing for many centuries. The skill of artisans has become famous worldwide, thanks to masterpieces like the marvelous chandeliers that once decorated noble palaces in the whole Europe. The atmosphere of ball halls and galleries lit by their sparkling lights is reproduced by this wallcovering, which shows a vintage effect inspired by the walls of those rooms.
MADE IN ITALY.

PANTELLERIA

GRAPHIC ELEMENTS 2
One of Giorgio Armani’s favorite islands, Pantelleria was known in the past as “Daughter of the Winds” because of the strong breeze always blowing. The wild landscapes of the island are studded with typical constructions called *panteschi* gardens, cylinders made with stone blocks to protect the citrus trees. These two sides of Pantelleria are reflected in the wallcovering of the same name, where an irregular design recalls the stone effect on a background imitating the waves the wind creates on the surface of the sea.

PONZA

GRAPHIC ELEMENTS 2
Ponza is famous for its jagged shores, rich in rocks and cliffs overlooking the sea. Located not too far from Rome, it was chosen as the location for some patricians' villas, defined by a geometric and austere look reflecting the harsh nature of the island. The strong presence of squared lines is replicated also on the wallcovering, showing a deconstructed checkered design in many color variations.

STROMBOLI

GRAPHIC ELEMENTS 2
The island of Stromboli is entirely occupied by the volcano with the same name, one of the few still active in the Mediterranean Sea. The frequent eruptions offer an extraordinary spectacle, with streams of fire meeting the deep blue of the ocean after leaving incandescent brushstrokes on the rocky slopes: this exceptional natural phenomenon is recalled by the design of the wallcovering, where tones of red and emerald green create unexpected contrasts. Available also in tone-on-tone combinations. MADE IN ITALY.

SUSTAINABILITY

Armani/Casa pursues the committment of the whole Armani Group into sustainability: several fabrics within our collection, in fact, feature recycled/upcycled fibers and eco-friendly dyeing processes.

NOTES / LIMITATIONS ON FABRICS

Please note that different uses from what indicated might be possible, but are subject to a preliminary approval for technical or aesthetic reasons.

GAVI (TD055)
Due to its characteristics, we suggest not using this fabric for products featuring the piping on the edges.

GENT (TB056)
Due to the wide repeat, this fabric is normally used without combining the design close to seams/joints. If desired, the continuity of the design must be specifically requested and will receive a dedicated quotation due to the higher consumption of the fabric itself.

GRUMELLO (TD056)
Due to its characteristics, we suggest not using this fabric for products featuring the piping on the edges.

LAFAYETTE (TS076)
Due to the large design, this fabric is available on the Dalia and Lawrence ranges only.

NANJING (TE025)
Due to its characteristics, this fabric is not suitable for products featuring the piping on the edges.

OULU (TC106)
This bi-elastic fabric can be used on the Baloon, Margot and Rondò ranges only.

ROSTOV (TD086)
Due to its characteristics, this fabric is not suitable for products featuring the piping on the edges.

PALERMO

CAT. C - TC108
The yarns of the warp of Palermo are particularly thick, and are weaved with viscose chenille wefts thanks to a special technique (an exclusive for Armani/Casa): the chenille is “caged” by the other yarns - so that its pile becomes invisible - but gives the fabric a smooth and pleasant hand. The high density of linen results also in a very resistant fabric (80'000 Martindale). The *mélange* effect of some colors is given by the dying process carried out on the single yarns, which also feature typical “knots” due to their thickness and the mix of fibers they contain.

PORTOFINO

CAT. C - TC107
Dedicated to the glamorous village located on the coasts of Northern Italy, Portofino celebrates the Mediterranean atmosphere taking inspiration from the design of intertwined wicker baskets. The alternance of shiny (acetate) and matt (cotton) fibers add depth to the design, recalling the look of sea waves. The color palette is particularly vivid, enhancing the luster of this shiny fabric.

SAO PAULO

CAT. C - TC113
A bold all-over embroidered fabric featuring a Surrealist design. The inspiration for the pattern comes from tropical elements (palm leaves, flowers, parrot feathers) and Carnival folklore interpreted with an abstract approach. The striking combinations show vivid touches of colour. Sao Paulo presents polyester embroideries on a cotton/viscose ground; the embroidered area covers a width of 126 cm. The fabric is suitable for regular use (50'000 Martindale). Slight irregularities are a defining feature of the product.

NOTO

CAT. D - TD079
A laminated fabric finished with a *moiré* treatment. *Moiré* is a finishing technique that modifies the surface structure of the fabric by pressing it with metal cylinders, whose purpose is to change the reflection of light on the fibers. The fabric takes on the characteristic look that can be compared to the veins of wood or a watered appearance. This irregular design is developed on “campo unico”, which means that the pattern is sized on the whole width of the fabric.

PECHINO

CAT. D - TD084
Pechino (Italian for Beijing) is a tribute to the capital of China, merging the creativity of Art Déco with Oriental elements. A solid background is enriched by the addition of squared/ rectangular shapes in contrast, coupled with the stylized silhouettes of Chinese umbrellas seen from the above. This joyful fabric plays with colors and geometry, both in terms of aesthetics and technique: the union of silk warp and cotton wefts creates a sophisticated alternance of reflections, made precious by the use of a dotted yarn to design the umbrellas.

PORTO Detail

PORTO

CAT. E - TE027
With its name, this fabric echoes the colorful atmospheres of Portugal: the design is inspired by *azulejos*, the ceramic tiles of the Portuguese tradition, featuring enamel-painted decorative motifs. Armani/Casa reinterprets this concept by adding a rigorous geometry, mixing the simpering mood of *azulejos* to a deconstructed *chevron*. All figures of Porto are embroidered: the final result is a very rich kaleidoscope effect, combining a contemporary inspiration - the enamelled tiles - with a textile icon - the *chevron* - typical of the Armani DNA.

CAT. T - TT030
Piacenza is a tribute to Giorgio Armani's home town. The antique city - rich in palaces, churches and typical Italian squares - is surrounded by a beautiful countryside, whose colors inspired this fabric: the palette recalls all seasons of the landscape, depicting the changing colors of fields, trees, sky and views filtered by the fog.

SALINA

CAT. T - TT032
Salina is a fabric suitable only for curtains. This light fabric introduces a novelty into the Armani/Casa collection, since it is bourette silk coloured only by using vegetable hues. Salina is characterized by a very soft touch and is particularly crease-resistant. The two colour variants are easy to match with other fabrics from the Armani/Casa collection.

TECHNICAL MATERIALS

MAPLE

Our maple features veneer coming from plants belonging to the Acer genus. On the black version, the typical narrow streaks of this wood are emphasized by the glossy finish. Area of origin: Europe.

BLACK MAPLE

HONEY MAPLE

OAK

Oak (*Quercus petraea*) is probably the most popular essence for furniture. The Armani/Casa collection features different versions of this wood, from the classic brushed ones to the most particular finishes. Antique Brown Oak – used as solid wood only – has an irregular surface, colored thanks to an advanced high-pressure technique that injects the pigments directly into the wood mass, so that they can permeate all fibers even inside. All oak versions in our collection are matt and covered by a layer of transparent protective paint. Area of origin: Europe.

ANTIQUE BROWN OAK

BRUSHED BROWN OAK

BRUSHED GREIGE OAK

HAZELNUT OAK

VINTAGE BROWN OAK

ASHWOOD

Ashwood (*Fraxinus spp.*) is marked by clearly visible streaks, which create an exceptional visual impact. Shiny Beige Ashwood is made precious by a layer of glossy lacquer to emphasizes the light and shade effect of the neutral hue. The other versions - Brushed Black / Brown / Honey Ashwood - play around strong three-dimensional effects: a heavy brushing phase gives the surface a typical irregular appearance that highlights the natural veins of the material. The wood is finally covered with a protective layer of transparent matt dye. Area of origin: Europe.

BRUSHED BLACK ASHWOOD

BRUSHED HONEY ASHWOOD

BRUSHED BROWN ASHWOOD

SHINY BEIGE ASHWOOD

WALNUT

Walnut is present within our collection in its American version (*Juglans nigra*): the name ‘canaletto’ comes from Italian and it is due to the tiny canals visible into the wooden texture, which transport sap inside the plant. Area of origin: North America.

CANALETTO WALNUT

CARVED WALNUT

NATURAL CANALETTO WALNUT

CLASSIC AND EXOTIC ESSENCES

The Armani/Casa collection is rich in many woods varying in color, texture and origin. Among the classic ones, Brown Elm features a glossy surface; Black Larch presents beautiful contrasted veins with a luxurious shiny finishing; Olive - an uncommon essence in home environments - underlines the deep bond of our brand to the Mediterranean.

Exotic essences count well-known precious woods like African mahogany (*Entandophragma utile*), macassar ebony (*Diospyros celebica*), shiny rosewood from South America (*Machaerium scleroxylon*), palm (*Iriartea deltoidea*). All those essences do not need any CITES documentation, since they do not come from endangered species: this is an ethic choice that Armani/Casa pursues in order to fulfill the Corporate Social Responsibility of the Armani Group.

BROWN ELM

BROWN MAHOGANY

OLIVE

PALM

SHINY SANTOS ROSEWOOD

TAMO

Tamo (*Fraxinus mandshurica*), also known as Japanese ashwood, has become an iconic material for Armani/Casa thanks to its Oriental appeal. Native of Manchuria, it was later transplanted in the mountainous regions of Japan, where the rare «peanut-shell figured» grain variety is now exclusively cultivated. Available in three different colors, the unmistakable texture of this wood perfectly matches with the pure lines of our furniture. Area of origin: Japan.

BROWN TAMO

DOVE GREY TAMO

GREY TAMO

SPECIAL WOODS

Black-Ocre Carving is marked by a beautiful three-dimensional appearance. The design is obtained by an irregular carving at multiple levels, in order to create different thicknesses of the wood. This effect is emphasised by the use of two contrasting tones: the whole black surface is carved and the resulting lines in relief are then lacquered in ocre.

Paulownia (*Paulownia tomentosa*) is a particular specimen commonly known as royal paulownia or empress / princess tree, due to its majestic appearance and its fragrant flowers. Paulownia wood is particularly appreciated for being flexible and elastic, which - together with an even structure and a high resistance to humidity - makes this lumber extremely suitable for furniture and high-precision works. Thermo-treated Paulownia owes its name to the heating process applied on the raw veneer, which enhances the beautiful contrast of the streaks. Carved Paulownia, instead, is characterised by a three-dimensional surface recalling the iconic *cannet * texture typical of the Armani aesthetics, emphasized by its natural warm color. Area of origin: Italy.

Grey Arboreo suggests a deep link to the world of Nature: the Italian ‘arboreo’, in fact, indicates something related to trees. Thanks to an advanced high-pressure technique, the color is injected directly into the wood mass, so that it can permeate all fibers even inside. The surface is then covered with a shellac finishing. This environment-friendly material can vary a lot depending on the essence undergoing this special coloring process. Area of origin: Italy.

BLACK-OCRE CARVING

CARVED PAULOWNIA

GREY ARBOREO

THERMO-TREATED PAULOWNIA

STONES

Stones are a very important element in the Armani aesthetic philosophy, since they are they are the ultimate expression of Nature’s beauty and eternity. Armani/Casa uses the most astonishing stones in the world for its collections, selecting every slab individually to find the best possible hue and design. Examples of this research are Emerald Quartzite from Brazil, Grey Marble from Colombia, Selenite from Morocco and Sodalite from Bolivia.

SODALITE

METALS

Always aiming to create the best chromatic harmony, Armani/Casa offers several colors of metals to perfectly match all other finishes in collection. Golden tones, in particular, are typical within the Armani/Casa palette. Each metal is characterized by a different treatment of the surface (satin or glossy) and shows a modern or a vintage look. Satin Light Brass is entirely hand polished to obtain its typical appearance.

BRONZED BRASS

GLOSSY NATURAL BRASS

SATIN LIGHT BRASS

SATIN NATURAL BRASS

BLACK PAINTED STEEL

SATIN BLACK NICKEL

SMOKED GOLD

SPECIAL METALS

The use of metal - and other exclusive finishes imitating this material - is a signature element of Armani/Casa. Onyx-Textured Metal combines metal with another element typical of our brand, onyx, Giorgio Armani’s favorite stone because of its tone-on-tone striped design. An advanced ink printing technology is used to replicate the onyx pattern: in this way, the design “penetrates” the metallic surface so that it can become more vivid and resistant.

ONYX-TEXTURED METAL

SHELLS

Shells are the perfect example of how Armani/Casa can transform the beauty of Nature into astonishing finishes. Black Opal Shell features a rich texture given by the pearlescent surface of shells, assembled together to create a mosaic playing on a dark shiny base: touches of scarlet red, metallic green and cobalt blue merge in an infinite kaleidoscope, recalling the typical effect of a precious black opal. Green Spotted Shell, on the other hand, plays on a solid turquoise ground with shades of green and ivory, where the small irregular spots recall an animalier texture evoking almost an exotic inspiration. Marine Pen Shell is made in Indonesia, where skillful artisans treat pen shells to obtain an alternating black/grey striped design. Finally, Shell Mosaic features mother-of-pearl tiles.

BLACK OPAL SHELL

GREEN SPOTTED SHELL

MARINE PEN SHELL

SHELLL MOSAIC

LINEN

The Armani/Casa collection features several decorative finishes inspired by the naturalness of linen.

Kyoto Texture is made with real linen fabric in natural color featuring dark red lacquered inserts.

KYOTO TEXTURE

LACQUERED RED LINEN

PATINATED LINEN

Patinated Linen is obtained by glueing natural linen fabric on a wooden support: after that, silver leaf is carefully applied before spraying the patina. This patina causes silver and linen to blend: the final result is an exclusive finish that acquires a textured golden tone, evoking the worlds of textiles and jewelry at the same time. A final layer or transparent protective resins is sprayed on the surface.

STRAW MARQUETRY

This unmistakable finish has become an Armani/ Casa signature through the years. The origins of this technique are very ancient: first traces of straw marquetry can be found in Far East countries and date back to the Middle Age. Only after the late XVII century this decoration motif spread in central Europe, becoming very popular especially in France. During the Art Déco period, it was used for the for first time to decorate luxury furniture.

The process to obtain this finish is entirely hand made and requires several steps in which the skill of the artisan is crucial: from the cutting of rye straws to their flattening, from their glueing to the final polishing, everything must be carefully done to obtain the breath-taking look typical of this precious material. Available in different colors and designs, straw marquetry is also proposed in a lacquered version (Shiny Bronze Straw Marquetry) to make it suitable for the top of the Nelson dining table; on this product, the marquetry creates an all-over design.

BLACK STRAW MARQUETRY

BRONZE STRAW MARQUETRY

SHINY BRONZE STRAW MARQUETRY

CRISSCROSS NATURAL STRAW

NATURAL-BLACK TATAMI

HAZELNUT MIDOLLINO

INTERTWINED PATTERNS

Crisscross Natural Straw is obtained using a base panel covered by vertical rye straws, contrasting with the horizontal ones glued to leave the background visible. The alternance of vertical and horizontal stripes affects the way light hits the surface, giving back several tones of gold and brown that change depending on the angle of view. The finish is covered by a layer of matt transparent paint to make the surface smooth and more resistant. Like marqueties, this finish requires many hours to be completed: the straws are carefully glued one by one to create the intricate pattern.

Natural-Black Tatami is a textured material obtained by weaving paper yarns around a core of resistant cotton strings. The tatami-inspired surface is marked by a three-dimensional motif, recalling a *canneté* effect thanks to the two contrasting colors: these features create a strong link to the world of fashion and Japanese culture at the same time.

Hazenult Midollino, with its woven detailing, features a three-dimensional texture obtained through the traditional artisanal technique of wicker.

HAND MADE / HAND PAINTED LACQUERS

These lacquers represent the highest level of artisanship and are deeply linked to art.

Caribbean Lacquer is obtained by applying three layers of different colors on the same surface: the paint is later removed in specific areas in order to show the contrasting hues underneath, creating irregular stripes with blurred borders. The whole process is hand made.

Golden Sea Waves Lacquer, instead, presents golden hand painted streaks on a shellac ground, recreating a play of reflections on water half way between the softness of Impressionism and the luster of Art Déco.

Sky Lacquer is entirely hand painted and reinterprets the hues of the *Cloud Studies* that the English painter J. Constable (1776-1837) painted as a tribute to his homeland.

CARRIBEAN LACQUER

GOLDEN SEA WAVES LACQUER

SKY LACQUER

DECORATIVE RESINS

Ivory and black, two sides of the same elegance envisaged by Giorgio Armani. The neutral tones of the first blend in the velvety essence of the second, creating a stunning three-dimensional finish for Armani/Casa. Inspired by the delicate brightness of the moon and its reflections on water and clouds, the Moonlight Decoration enchants with its dégradé effect, as well as with the uneven appearance: circles, carved in the resin to imitate the concentric ripples created by drops, add movement to the surface resembling water mirroring the night sky.

MOONLIGHT DECORATION

STUCCO

This typical wall decoration technique has been reinterpreted by Armani/Casa with the creation of these precious finishes. The drafted versions, available in four colors, are obtained by creating an irregular grid on wet stucco; once dry, the surface is finished with a protective layer of glossy lacquer.

White Gold Striped Stucco, instead, is the result of the combination of three different elements: a carved wood panel featuring a striped design reminding the *cannet * texture of fabrics, a layer of natural stucco and a final application of silver leaf.

BLACK DRAFTED STUCCO

MUD DRAFTED STUCCO

RED DRAFTED STUCCO

WHITE GOLD DRAFTED STUCCO

WHITE GOLD STRIPED STUCCO

ANTIQUE GOLD LEAF

WHITE GOLD LEAF

ROSE SILVER LEAF

GOLD AND SILVER LEAF

The art of gilding is very ancient: Egyptians used to gild wood and metals, and also Greeks knew a similar technique. The extensive use of gilding spread especially during the Roman Republic period and continued for all the following centuries, becoming a typical decoration for jewelry, statues, picture frames, paper art, small objects, architectural details and luxury furniture. The gilding of Armani/Casa furniture is a completely hand made process, which is carried out thanks to the skill of artisans applying the thin metal sheets (0,2 micron thickness) on wood with the aid of a brush and a wet sponge only.

Gold leaves are made with real 12-karat gold and are available in two tones, from a very pale and delicate white gold to a more vintage tone; silver leaf, is presented in a romantic ros  version enriched by a touch of copper.

LIQUID METAL

Liquid metals are a new generation of lacquers featuring real metal pigments, which give the finishes a distinctive look: in fact, all these materials present a typical reflectance and a cold touch resembling the one of real metal. Depending on the support – carved, brushed or perfectly even – and the desired hue, it is possible to obtain different effects. On ash, for example, it is possible to appreciate the natural veins of wood below the silver lacquer, while the carved versions create the illusion of vintage metal rods.

DARK BLUE LACQUER

FOREST GREEN LACQUER

JAPAN RED LACQUER

RED LACQUER

VERONESE GREEN LACQUER

TEXTURED AND METALLIC LACQUERS

Many of the lacquers by Armani/Casa show a distinctive look, given by the texture or the metallic shine of the surface. Egypt Lacquer is a perfect example, since it is the result of the combination of three different techniques: after being painted to recreate a laminated look, a technical fabric is crumpled, glued on the supporting panel and lacquered. Among others, we can mention crackled lacquers – reproducing the crackled surface of precious vintage objects – and lacquers inspired by metals.

Black Striped Lacquer adds a carving to the surface of our usual black lacquer to recreate a three-dimensional *canneté* look. The carved lines do not continue on the whole wideness of the lacquer, hence giving the illusion of a fading design. The width and the length of the lines can vary from piece to piece, since they are obtained thanks to an artisanal production process.

LEATHERS (CUOIO)

'Cuoio' is the thick leather of the Italian tradition, typical of central regions such as Tuscany. Due to its thickness, this cow leather is available only on some products like some chairs and desks. The surface of cuoio is quite smooth and homogeneous.

SHAGREEN-INSPIRED LEATHERS

Shagreen-inspired leathers present a particularly visible texture, added through printing or coating techniques. Among those, we can mention Jade Shagreen Textured Leather: the texture is reproduced through a printing process followed by a hand-brushing which lightens the color in relief. Color and shade can vary from one leather to another.

OTHER LEATHERS

Some leathers are developed as exclusive materials for specific products. Vintage Beige and Vintage Brown Leather are respectively available on the Paul and Pascal ranges only, and both are marked by irregularities on the surface due to the preciousity of the material. Red Soft Leather is a top quality leather showing a natural grained surface; it is available on the Margot range only.

Natural Parchment is made by treating goatskin, in the same way required to create parchment paper: irregularities on the surface – like scars or remarkable variations of color and texture – must be considered a defining feature of this finish, since the raw material does not undergo any chemical colouring process.

METHACRYLATE

Methacrylate is a high-performing material with unique characteristics: more transparent than glass and very resistant, it can be used to obtain particular effects. The Armani/Casa collection features different versions of this material coupled with metal mesh, where the final color depends both on the hue of the metal itself and the color of methacrylate layers enclosing the mesh. Bronze Mirror Methacrylate features a reflective panel on the back, creating a dark-textured mirroring surface.

TECHNICAL FABRICS

Technical fabrics by Armani/Casa are developed on microfiber, which makes them soft and pliable. These materials are stronger than leather on a strength-to-weight ratio but, similarly to leather, their surface features invisible micro pores that can dissipate heat and humidity. Differently from usual fabrics of this kind, they do not contain any PVC: for this reason, they do not release any harmful compounds, thus being safe for use in any environment. Those fabrics are also very resistant to abrasion and provide excellent durability; they even passed the flame retardant test (FR) without any additional treatment.

Depending on the desired effect, these fabrics can undergo different processes to obtain a specific look: Technical Shagreen Fabric, for example, has a custom printed multi-colored pattern created by a tri-axial matrix, conceived to remind the appearance of the precious rawhide typical of the Armani taste. The other versions of technical fabric reproduce the typical streaks on the fur of chinchilla (Technical Chinchilla Fabric) or a warm-toned leather with pearlescent reflections (Technical Pearl Gold Fabric).

MADE TO MEASURE HOME TEXTILES

Armani/Casa textiles have always been able to evoke strong tactile and visual impact, expressing the unique aesthetic codes of Giorgio Armani. The result is a home with living areas and bedrooms enriched by precious items that dress different spaces with glamour and elegance.

DOMIZIA

The range of bed sheets and pillowcases Domizia is available in two different fabrics. Both can be customized by adding embroidered initials.

The percale cotton (500 thread count) is available in 6 colors, as well as satin cotton (600 thread count). The sheets can be customized also by choosing among three different borders, all expressing Giorgio Armani's sensibility for fabrics: plissé, contrasting double band and plain à-jour hems. To attain a harmonious and consistent look, the color palette offers suggestions for the best color combinations.

This General Catalogue is for internal use only. Any reproduction of images and texts is forbidden without the explicit consent of Giorgio Armani.

All colors and textures visible in the pictures – including furniture, rugs, wallcoverings, fabrics and finishes – may not correspond to the real products. Woods and stones in particular could present some slight variations depending on the production lot. This feature must be considered a distinctive trait of the natural material used. Please always refer to our showrooms and official dealers for more information.
