KITCHEN

TANYA
KITCHEN

The light tones of the doors contrast with the Grigio Carnico marble worktops and are decorated with red lacquered details. Next to the island is situated an elegant hexagonal tabletop with a titanium oak finish. The nickel handles on the doors are custom made by Tonino Lamborghini. The kitchen is fully equipped with the latest generation of electrical appliances and all the basic elements of the composition are decorated with LED lights. The TANYA kitchen can be fully customized using a wide range of lacquers, veneers and marbles from our collection.

DESIGNED TO BE DESIRED

Luxury is attention to detail, originality, exclusivity and above all quality.

 Tonino Lamborghini

 *Tonino Lamborghini*
CASA

PENELOPE
KITCHEN

Inner accessories are made of wood and steel to better organize the space inside regular drawers and deep-drawer units which are enriched by frosted glass on the outside. Everything is lit up by profiles featuring an integrated, sensors operated LED lighting system. The glass shelves inside the column cabinets are equipped with built-in LED lighting which is switched on by door opening sensors. The essential graphite Profile G handle outlines the surfaces of the different materials used to create our Prima Collection. The H 6 stone insert with induction hobs provides the ideal space for cooking.

PENELOPE
BREAKFAST BAR

The breakfast bar with its Olmo Mercurio Alev finish is anchored to the island on two sides. The supporting leg provides structural strength and a strong dynamic feel to the overall volumes.

PENELOPE
ISLAND

The double-sided, anthracite grey bookcase blends in perfectly with the project by creating a dynamic filter between the kitchen and the living room area. Enjoy this superb solution for a uniquely organized and multifunctional open space layout.

Tonino Lamborghini

CASA

PENELOPE
KITCHEN

H70 GLine base cabinets, with black anodized profile and dark gray doors. The project is complemented by smoke grey, column cabinets with an Alev finish. Clean lines create a minimalist and superbly elegant kitchen. The GLine profile breaks up the stark smoky oak colour of the column cabinetry that features an Alev finish. The 30cm doors make the symmetry lighter. Eight Alev finishes are available to find the perfect shade that suits your taste and lifestyle.

PENELOPE
KITCHEN

The large island features a solid, multilayer Black Core worktop that merges with the grey oak countertop of the Alev finishes breakfast bar. The open element integrated into the counter enriches and adds character to the island that becomes a stylish, multifunctional component.

CASA

ADELE KITCHEN

The H84 anthracite grey structure features a scratch resistant surface and double selves inside each base cabinet. These are reinforced by a special aluminum profile on the front edge that enhances their strength and elegance. Moreover, the spacious cabinets can hold more than 20% of additional volume compared to standard ones.

ADELE CABINET

Cabinet interiors are enriched by aluminum and glass shelves where LED backlighting is operated by movement sensor. The scratch resistant surfaces also ensure an excellent performance against shocks. Self-braking hinges allows for a smooth opening and closing of cabinet doors.

ADELE ISLAND

Peltrox monolithic steel worktop with built-in sink and hob. The wire welding makes the materials look consistent and provides a stylish textured quality. The cutlery holder made of beech wood and the Intivo drawers add character to the kitchen and become distinctive product features. The minimalist thickness of the worktop helps to optimize the space distribution for the Adele kitchen, so that cabinets can be more spacious without affecting the overall state-of-the-art style of the kitchen.

WORKS OF ART:
- Rivoe Vidad, **Minotaurus**, Bronze fusion sculpture, cm 41x48x84h.
- Rivoe Vidad, **Bull VO03**, Bronze fusion sculpture in gold finish, cm 33x15x25h.

ADELE 1.0
CABINET

The column cabinetry featuring a cement-based resin includes an open-shelf element made of Canaletto Oak wood and a built-in dishwasher. The result is a multifunctional unit that boasts an impressive architectural style. Everything has been designed to ensure maximum comfort when using the island.

ADELE 1.0
ISLAND

Two intersecting elements create monolithic, essential looking shapes. The 22-mm thick cabinet doors are made of Canaletto oak wood, whereas the stone pedestal supports a built-in sink and concrete columns.
