Cammina, mangia, ascolta in modo rilassato.
Rallenta ogni operazione.
Non avere fretta: Muoviti come se avessi a disposizione l'eternità.
Infatti è così!
Siamo qui dall'inizio e saremo qui fino alla fine, sempre che sia
esistito un inizio e una fine.
Esistiamo da sempre e per sempre.

(Osho)

Walk in a relaxed way, eat in a relaxed way, talk, listen in a relaxed way.
Slow down every process. Don't be in a hurry and don't be in haste. Move as if all eternity is available to you-in fact, it is available to you.
We are here from the beginning and we are going to be here to the very end, if there is a beginning and there is an end. In fact, there is no beginning and no end. We
have always been here and we will be here always.

T O M B O L O

Il segreto è rilassarsi.
Non preoccuparti dei numeri, non pensare all'opinione degli altri.
Sei qui per una ragione.
(Dal film Whiplash)

Listen, the key is to just relax. Don't worry about the numbers, don't worry about what the other guys are thinking.
You're here for a reason.

CARATTERISTICHE TECNICHE
TECHNICAL FEATURES

Per l'imbottitura delle strutture, BM Style utilizza diversi modi di lavorazione. I più comuni prevedono l'imbottitura del fusto con poliuretano che, successivamente viene ricoperto con fodere di tomana o vellutino accoppiato al poliuretano di vari spessori (a sinistra). Oppure con fodere realizzate completamente in piuma d'oca (a sinistra sotto).

For the padding of the structures BM Style uses different working methods. The most common provide the padding of the stem with polyurethane, which later is covered with Tomana lining or velvet linings coupled with polyurethane of various thicknesses (left) or with linings made entirely of pure feather (left below).

I cuscini in piuma di BM Style sono realizzati in piuma d'oca sterilizzata, non rigenerata, in purezza o miscelata al 30% con fibra poliestere siliconata cava, lavorata in ball. La fodera dei cuscini è realizzata in gabardina 100% cotone titolo 20/30 con alta capacità di tenuta delle piume.

BM Style's pillows are made of sterilized unregenerate feather, pure or mixed with 30% silicone polyester hollow fiber, "ball machined". The cushion lining is made of 100% gabardine, 20/30 cotton title, with high holding power of the feath.
