ABOUT SOMASCHINI

IT Somaschini è un nuovo brand di design dalla forte attitudine innovativa e con solide radici nella Brianza degli anni '40 - una laboriosa regione della Lombardia, rinomata a livello internazionale per la qualità artigiana da sempre al servizio delle più grandi e note aziende di design.

EN Somaschini is a new-born brand, with a strong, innovative attitude, and rich artisan heritage in 1940s Brianza — a hard-working region of Lombardy, internationally renowned for the production of high quality design.

IT A dispetto del suo stretto rapporto con la tradizione, Somaschini si nutre di idee nuove, abbraccia la contemporaneità e rifiuta ogni atteggiamento nostalgico. Persegue con ostinazione e scrupolosità tecniche del passato affinate nel corso di decenni, facendole parlare attraverso nuovi linguaggi. Sfida la tradizione con un approccio audace e originale. Negli incontri non convenzionali tra designer e artigiani, il know-how di Somaschini si ibrida e rinnova dando vita a forme in linea con l'abitare contemporaneo. La prima collezione - che comprende divani, poltrone e sedie, tavoli, consolle, credenze e librerie - è firmata da Dainelli Studio che cura direzione artistica del marchio bilanciando queste intriganti alchimie tra passato e contemporaneità.

EN *Somaschini thrives, however, on new ideas and contemporaneity and never lapses into nostalgia but rather masters its own high craft. It shows a certain obstinacy in pursuing techniques honed over decades, preferring to make them speak through new languages. Hence it challenges tradition with a bold, intelligent, and confident approach. Close and somewhat unconventional encounters between designers and craftsmen, has brought the know-how of Somaschini to dialogue with new ideas, innovative forms, and impactful volumes in line with contemporary living. The first collection – including sofas, armchairs and chairs, tables, consolle, cabinets and bookshelves – and the artistic direction is by the Milan-based Dainelli Studio, which nurtures the project balancing these intriguing alchemies between past and contemporaneity.*

IT Somaschini è un mondo di conoscenza sui materiali e tecniche artigiane. Somaschini è “maestro” nell’arte del legno, dalle sue lavorazioni e finiture alle sue essenze. Ha esperienza secolare nell’arte del rivestimento e quella della laccatura. Somaschini è fresa, intarsio, tornitura, trattamenti speciali dei metalli e meticolosa attenzione alle caratteristiche di tutti i materiali. Somaschini non si stanca di cercare la perfezione.

EN Somaschini is a world of knowledge on wood, from its processes and finishes, to its essences. And it meticulously masters the art of upholstery as well as that of lacquering. Somaschini always mills, inlays, finishes, and handles metals to the utmost perfection.

^{IT} Somaschini può contare su una rete infallibile di collaboratori e di fornitori fidati dei migliori tessuti, pelli, vetri e altri materiali. Somaschini è la quintessenza della Brianza operosa del passato, sempre autentica, ma abilmente convertita a uno sguardo contemporaneo. L'expertise di Somaschini prende forma in prodotti con finiture e personalizzazioni degne del design da collezione, ma realizzati in serie illimitate che fanno il loro ingresso, irriverenti e giocose, nel mondo del lusso.

^{EN} Somaschini has also developed an endless network of collaborators—trustworthy purveyors of the finest fabrics, leathers, glass, and other materials. Somaschini is the fifth essence of the industrious Brianza of the past, always authentic, but subtly translated into the folds of contemporaneity. The incredible expertise of Somaschini is channeled in products with finishes and collectible design customizations, but made in unlimited series that find their place in the world of luxury in an irreverent, playful, and casual way.

LAMBERT

Divano completamente foderato
Fully lined sofa

IT Una linea semplice, ininterrotta, curvandosi disegna le forme di sedute morbide, concilianti. Lambert riesce a far coincidere un approccio sintetico e minimale con un’idea di comfort a tutto tondo. Il design resta in bilico tra due linguaggi e in questo equilibrio sottile sta la sua unicità.

EN *A simple, unbroken, curving line draws the shapes of soft, conciliatory seating. Lambert succeeds in matching a synthetic, minimalist approach with an idea of all-round comfort. The design remains poised between two languages, and in this subtle balance lies its uniqueness.*

MORRISON
Divano squadrato morbido
Square soft sofa

IT Una singolare crasi tra grandi blocchi morbidi che rimandano all’architettura brutalista e linee piene e curve. L’originalità del design si deve soprattutto al dialogo tra basamento e bracciolo, al taglio e al contrasto, anch’esso architettonico, tra gli elementi.

EN *A singular crasis between large, soft blocks reminiscent of Brutalist architecture and full, curved lines. The originality of the design is mainly due to the dialogue between the base and armrest, the cut and the contrast, also architectural, between the elements.*

ZELIG

Divanetto con schienale
Love seat with backrest

IT Il design si ispira a uno storico locale di Milano. Dainelli Studio, di base nella città lombarda, decide di riferire a uno dei suoi luoghi simbolo così come alla tradizione italiana del cabaret e cerca una composizione che inviti a modalità fantasiose di seduta capaci di agevolare la conversazione e lo scambio.

EN *The design is inspired by a historic club in Milan. Dainelli Studio, based in the Lombard city, has decided to refer to one of its iconic venues as well as to the Italian cabaret tradition and seeks a composition that invites imaginative ways of seating capable of facilitating conversation and exchange.*

BORIS

Bergère morbida avvolgente
Soft enveloping bergère

IT Questa grande poltrona rimanda a un piccolo animale e al suo corpo fragile e robusto assieme, inconfondibile. Per quanto insolita, l'idea di ispirarsi a una formica per disegnare una seduta sembra portare risultati visivi e costruttivi vincenti.

EN This large armchair refers to a small animal and its unmistakable fragile yet sturdy body. However unusual, the idea of drawing inspiration from an ant to design a seat seems to bring exquisite visual and constructive results.

OZARK

Tavolo con basi differenziate
Differentiated bases table

IT I due tavoli, nella versione rettangolare e rotonda, si ispirano al paesaggio spettacolare della regione statunitense della catena montuosa degli Ozarks: foreste di alberi altissimi dai tronchi regolari e dritti tendono verso l'alto in contrasto con la placidità orizzontale del lago. I tavoli sembrano emulare questi due movimenti opposti.

DOLMEN

Credenza squadrata destrutturata
Unstructured square sideboard

IT Nel nome e nelle forme rimanda a costruzioni preistoriche, assemblaggi architettonici primordiali carichi di simbologie, seppur nella loro disarmante semplicità. Il design trova la sua forza in gesti simili a quelli del megalitico, essenziali, fondanti capaci di creare oggetti monolitici dalla silhouette decisa e dai volumi imponenti.

EN In name and form it refers to prehistoric constructions, primordial architectural assemblages charged with symbolism, albeit in their disarming simplicity. della consolle si trova appunto alleggerito proprio dal gesto ripetuto di questa filettatura che ne
sdrammatizza la monumentalità.

EN *The unique notched surface refers to the image of the pipe organ. The musical
reference—which is echoed in the project’s name—evokes an idea of lightness. The volume of

RESINS

IT 3D wood effect è una finitura studiata per ricordare i tronchi di legno carbonizzati, si ottiene con una resina spessa lavorata manualmente per ricreare l’immagine della texture del legno e viene poi ultimata con una verniciatura “soft touch”. Argilla è una finitura di resina murale materica, lavorata a mano. Crea textutre ricche di particolari che si svelano alla vista e al tatto.

EN 3D wood effect is a finish designed to resemble charred wood logs. This finish is obtained with a thick resin worked manually to recreate the image of the wood texture and is then finished with “soft touch” paint. Argilla is a wall resin finish, worked by hand and offering that wonderful tactile feeling. It creates textures rich in details that reveal themselves to the eye and touch.
