Architectural rendering of a modern building complex. The main building is a white rectangular volume with a flat roof. A large cantilevered section extends from the right side of the building. To the left, there is a glass-enclosed area with a grid of vertical panels. In the foreground, there is a paved area with a low wall and a small white bench. To the right, there is a separate white structure with a glass door. The background shows a dense forest of green trees under a clear blue sky.
