About Alivar

In viaggio nello stile Alivar

Un arredo Alivar racchiude in sé la storia di una famiglia, la ricchezza di un territorio, la cura sartoriale di artigiani locali: un arredo Alivar racconta l'Italia al resto del mondo. Da sempre il nostro sguardo è rivolto lontano nel tempo per realizzare creazioni intramontabili e nello spazio per esportare ovunque la grande bellezza.

Eccellenza italiana, visione internazionale

La creatività dell'architetto Giuseppe Bavuso è la firma dell'esclusività di Alivar, insita nella filosofia aziendale e in ogni processo creativo e produttivo. Realizziamo pezzi iconici destinati a durare nel tempo e nelle case di chi sceglie la qualità Alivar. Le nostre creazioni arredano spazi in cui il lusso si manifesta con discrezione, senza eccessi, perché solo dove convivono senso della misura ed equilibrio, materiali nobili e lavorazioni pregiate possono rivelare tutta la loro eleganza. Alivar è uno stile di arredo, ma è soprattutto uno stile di vita.

Oltre il tempo e lo spazio

L'Italia è il nostro punto di partenza per arredare spazi domestici e ambienti contract di tutto il mondo. Da 50 anni, la perfezione stilistica e la produzione esclusivamente italiana di Alivar sono protagoniste in tutto il mondo ed è qui che l'eccellenza e il valore manifatturiero sono diventati internazionali.

Un'industria dal cuore artigianale

In questo viaggio nello stile, tecnologia all'avanguardia e alta artigianalità si incontrano e diventano un tutt'uno: ogni pezzo d'arredo Alivar è il risultato di un processo industriale che sapienti mani e antiche tradizioni riescono a rendere esclusivo. Utilizziamo automazioni e procedure evolute che permettono di raggiungere precisi obiettivi tecnici e selezioniamo artigiani toscani che da più generazioni, con la loro arte e la loro abilità, infondono a ciascun arredo una bellezza senza tempo.

100% Made in Italy

Il Made in Italy è la nostra essenza, è il valore intrinseco di ogni creazione. Non solo: è un marchio ottenuto da Alivar che certifica la produzione interamente italiana di semilavorati e prodotti finiti, l'utilizzo esclusivo di materie prime e componenti italiani di qualità e di prima scelta, le lavorazioni tradizionali tipicamente italiane. La nostra filiera produttiva valorizza le risorse del territorio toscano e ne custodisce gelosamente le sue realtà manifatturiere.

A journey into Alivar style

An Alivar piece of furniture embodies the history of a family, the wealth of a territory, the sartorial care of local craftsmen. An Alivar piece of furniture represents Italy to the rest of the world. Ever since our focus has been to create timeless creations and to export superior beauty everywhere.

Italian excellence, international vision

The creativity of the architect Giuseppe Bavuso is the signature of Alivar's exclusivity, an integral part of the corporate philosophy and every production process. We produce iconic pieces intended to last in time and in the homes of those who choose Alivar quality. Our creations furnish spaces in which luxury is discreetly evident, without excesses, because it is only where a sense of measure and balance coexist that noble materials and precious workmanship are able to reveal all their elegance. Alivar is a style of furniture, but above all it is a lifestyle.

Beyond time and space

Italy is our starting point for the furnishing of domestic spaces and contract environments worldwide. For 50 years, Alivar's stylistic perfection and exclusively Italian production have been global protagonists and it is through these standards that excellence and manufacturing value have become international.

An industry with an artisan heart

In this journey through style, cutting-edge technology and high craftsmanship meet and become one: each piece of Alivar furniture is the result of an industrial process that is made exclusive by skilled hands and ancient traditions.

We use advanced automation and procedures to achieve specific technical objectives and we select Tuscan craftsmen who for several generations, with their art and skill, have instilled timeless beauty in each piece of furniture.

100% Made in Italy

Made in Italy is our essence; it is the intrinsic value of every creation. Not only that: it is a trademark that certifies the entirely Italian origin of semi-finished and finished products, the exclusive use of premium quality Italian raw materials and components not to mention the typically Italian production processes. Our production chain enhances the resources of the Tuscan territory and jealously guards its manufacturing procedures.

La pietra che vive_ Living stone

La bellezza senza tempo della pietra, disegnata dalla natura con texture e venature uniche e irripetibili, in tonalità e sfumature sempre affascinanti per la loro profondità.

Il pregio, che le ha dato un ruolo fondamentale nell'architettura e nel design, e le qualità tecniche, che l'hanno eletta uno dei materiali più importanti in tutte le epoche, caratterizzano le pietre e i marmi di Alivar, selezionati per elevare il design ad un rapporto privilegiato con la natura e con l'arte di creare forme originali. Nella contemporaneità c'è un'eleganza secolare.

The timeless beauty of stone, designed by nature itself with unique, specially made textures and veins and in rich tones and colours which never fail to enchant.

Its calibre, which has given it a key role in architecture and design, and its technical qualities, which have made it one of the most important materials throughout the ages, are characteristic of Alivar's stone and marble, selected to highlight the special relationship of design with nature and art to create original forms. In contemporary style there is a centuries-old elegance.

Pelle emozioni da toccare_ Leather. Eccellente at your fingertips

La pelle naturale regala un'inimitabile sensazione tattile, una perfetta aderenza alle forme e un comfort straordinario, grazie alle cuciture sartoriali Alivar. Un materiale nobile e molto resistente che con il tempo acquista ancora più valore e bellezza, diventando unico e speciale.

Natural leather offers an unbeatable feel, a perfect close fit and extraordinary comfort thanks to Alivar's tailored stitching. It is a noble and highly resistant material which over time becomes even more valuable and beautiful in its own unique and special way.

Metallo fascino di curve_
Fascinating metal. The allure of curves

Il pregio e la resistenza dell'acciaio inox per le lavorazioni estreme. La leggerezza e la lavorabilità dell'alluminio per le strutture e i dettagli. L'uso dei metalli risponde a precisi obiettivi tecnici ed estetici per unire in una perfetta simbiosi la forza e l'eleganza e portare lo stile verso sensazioni inedite.

The quality and resistance of stainless steel for extreme craftsmanship. The lightness and workability of aluminium for structures and details. The use of metal meets precise technical and aesthetic aims in order to perfectly combine strength and elegance and take style to a unique level.

L'essenza del legno_
The essence of wood

La vitalità del legno sta nel dinamismo delle venature, nell'incantevole chiaroscuro del colore e nel calore dell'atmosfera che sa creare attorno a sé. I legni Alivar sono il frutto di una selezione accurata tra le essenze tradizionali e quelle più originali, una ricerca mossa dalla passione per questo materiale straordinario che non finisce mai di sorprendere e di ispirare il design. Arte ebanistica e natura si fondono in mobili sempre meravigliosamente attuali con lavorazioni di alta qualità. Tutti i legni vengono utilizzati nel pieno rispetto della sostenibilità ambientale.

Wood owes its vitality to the dynamic nature of the veins. Its enchanting light and shade effects and the warmth of the atmosphere it creates around itself. Alivar's wood is painstakingly chosen from traditional types of wood and more original ones, a research driven by our passion for this exceptional material which never ceases to surprise and inspire design. The art of woodworking and nature come together to create gloriously modern furniture with high-quality finishes. All wood is used in an environmentally-friendly way.

Cuoio: segni creativi_
Hide: signs of creativity

La morbidezza, l'elasticità, il piacere del tocco. Il cuoio è un materiale ad alta traspirabilità da sempre usato per il suo essere straordinariamente versatile. Nella casa Alivar, il cuoio lavorato con il gusto per l'artigianalità porta il senso deciso della natura, creando il calore del comfort con l'emozione della materia.

With its softness, flexibility and pleasurable feel, hide is a very breathable material, its extraordinary versatility making it a top choice since time immemorial.

At Alivar, our hide is made with a taste for craftsmanship and has a definite natural feel to it, bringing warmth of comfort with the excellence of the material.

Pressofusione: metalli da plasmare
Die casting: metals to be shaped

Attraverso il processo della pressofusione, i metalli fusi prendono forma, anzi forme complesse. Una procedura antica di fonderia, che risale al 1800 e che ancora oggi permette ad Alivar di forgiare l'alluminio in strutture resistenti, come quelle dei tavoli, o dettagli funzionali all'arredo, come i piedini.

Through the process of die casting, molten metals take shape, complex shapes indeed. An ancient foundry procedure which dates back to 1800 and that Alivar continues to use to forge aluminium in resistant structures, namely those of tables, or functional details for furnishings, such as the feet.
