LIGHTINGS ILLUMINAZIONE

Lighting: All our lighting products are made with their main structure in solid wood with other parts in metal and wood paste. They can be supplied without lampshades or together with lampshades which can be plain or pleated, also in crepon, or plissé. The chandeliers come complete with a 70 cm chain and canopy with a powder coat finish. The height specified refers to the chandelier body only. Some models are supplied disassembled with assembly instructions. The specified height for lamp bases and torchieres does not include the lampshades. All articles are available in all finish variants: **Standard, Elite and Luxury.**

Illuminazione: Tutti i prodotti di illuminazione sono realizzati con corpo in legno massello e parti in metallo e pasta di legno. Possono essere forniti senza paralumi o in abbinamento a paralumi lisci, a pieghe, a pieghe in crepon o plissettati. I lampadari sono forniti completi di catena (70 cm) e campana verniciate a polvere. L'altezza indicata è riferita al solo corpo del lampadario. Alcuni modelli sono forniti smontati con istruzioni per l'assemblaggio. L'altezza indicata per basi lampada e torchiere non include i paralumi. Tutti gli articoli sono disponibili in tutte le varianti di finitura: **Standard, Elite e Luxury**

LAMPSHADES PARALUMI

The Lampshades: All lampshades are handcrafted. They are available in various types of craftsmanship:

- Plain
- Pleated Pongee and pleated Crepon
- Plissé

For each version, there is a range of colours illustrated in the catalogue.

For the plain lampshade, the lining is white.

Exclusively for the plain lampshade variant colour black, gold colour lining may be selected.

For plain and plissé lampshades, different fabrics can be chosen on request. The trimmings for all lampshades are made with matching grosgrain and piping in matching or gold or silver colours upon request. Metal frames are supplied in white or, upon request, in gold or silver.

Paralumi: Tutti i paralumi sono realizzati a mano. Sono disponibili in varie tipologie di lavorazione:

- Lisci
- Pongee a Pieghe e Crepon a pieghe
- Plissé

Per ogni lavorazione è disponibile una gamma colori illustrata nel catalogo. Per le lavorazioni lisce l'interno del paralume fornito sarà bianco.

Per la sola variante colore esterno del paralume liscio nero sarà disponibile l'interno color oro.

Per le lavorazioni liscia e plissé è possibile utilizzare tessuti diversi su richiesta. Le rifiniture per tutte le lavorazioni sono realizzate con gros-grain in tinta e bordino in tinta o color oro o argento su richiesta. I telai in metallo sono forniti di colore bianco o, su richiesta, oro o argento
