THE ITALIAN TOUCH

---

CEPPI – THE ITALIAN TOUCH, COLLEZIONE EVERGREEN  
Nuovo marchio e nuovo linguaggio stilistico per Ceppi, che con il suo CEPPI – THE ITALIAN TOUCH si fa strada nel mondo del lusso moderno e contemporaneo ed introduce la nuova linea EVERGREEN, un magico incontro tra l'accattivante bellezza del design e l'alta artigianalità Italiana, che caratterizza Ceppi da oltre 40 anni sul mercato dell'arredamento di interni.

Filo conduttore della nuova collezione EVERGREEN è senza dubbio l'ispirazione alla natura, che ritroviamo nell'attenta scelta dei materiali e nelle nuances che richiamano i colori della terra. Matericità è la parola d'ordine: tutta la collezione è concepita con un'attenzione alle forme ma anche alle superfici, tridimensionali e particolarmente piacevoli al tatto. L'elegante legno di Noce Canaletto si sposa con una originalissima texture dai colori argentei che dona unicità e luminosità ai prodotti di questa collezione, creando un ambiente accogliente e dalla forte personalità.

Marmi ricercati quali Dover White e Sahara Noir, sapientemente accostati a basi in nickel nero lucido, o ancora a piani in legno e cuoietto, impreziosiscono tavolini, madie e consolle con stile e raffinatezza, rendendo ogni singolo articolo un pezzo di design senza tempo.

Punto di forza della collezione sono gli imbottiti, caratterizzati da forme pulite ed eleganti, che trovano la loro unicità nell'utilizzo di tessuti di alta qualità, pelle nabuk o aniline, impreziosite da trapuntature e seducenti dettagli in cuoio. CEPPI – THE ITALIAN TOUCH vuole essere un nuovo punto di partenza verso uno stile pulito e ricercato per arredare nuovi spazi contemporanei, in sintonia con uno stile di vita moderno attento alla qualità e all'autenticità.

CEPPI – THE ITALIAN TOUCH, EVERGREEN COLLECTION  
New brand and new stylistic language for Ceppi, which with its CEPPI - THE ITALIAN TOUCH makes its way into the world of modern and contemporary luxury and introduces the new EVERGREEN line, a magical encounter between the captivating beauty of design and the high Italian craftsmanship, which has characterized Ceppi for over 40 years on the interior design market. The guiding thread of the new collection EVERGREEN is undoubtedly the inspiration to nature, which we find in the careful choice of materials and in the nuances that recall the colors of the earth. Textuality is the watchword: the entire collection is conceived with attention to shapes but also to surfaces, three-dimensional and particularly pleasant to the touch.

The elegant Canaletto Walnut wood is combined with a very original texture in silvery colors that gives uniqueness and brightness to the products of this collection, creating a welcoming environment with a strong personality. Refined marbles such as Dover White and Sahara Noir, skilfully combined with polished black nickel bases, or with wooden and leather tops, embellish coffee tables, sideboards and consoles with style and refinement, making each item a timeless design piece.

The strong point of the collection are the upholstered items, which are characterized by clean and elegant shapes, and find their uniqueness in the use of high quality fabrics, nubuck leather or aniline, embellished with quilting and seductive leather details. CEPPI - THE ITALIAN TOUCH wants to be a new starting point towards a clean and refined style to furnish new contemporary spaces, in tune with a modern lifestyle attentive to quality and authenticity.

## The Green House

All'interno di un immenso parco, dove la natura è la protagonista, sorge "The green house", una struttura dal carattere forte che con le sue ampie vetrate permette di immergersi completamente nel verde circostante.

Natura e matericità rimangono il filo conduttore di questi nuovi ambienti, dove Ceppi introduce preziosi materiali come i marmi Dedalus e Rosso Lepanto, che con i loro colori sono in grado di rendere ogni pezzo unico, nonché l'elegantissima texture metallica che troviamo su credenze, tavolini e vetrine.

I nuovi divani Megan e Nami, hanno forme fuori dal comune e si adattano ad ogni tipologia di abitazione, dagli spazi più ampi, a quelli più ridotti, e racchiudono tutto il comfort della produzione artigianale e la modernità dei rivestimenti. Nuova attenzione va anche alla parte più ludica della casa, dove i mobili bar Zoe in elegante legno di noce canaletto e le vetrine con antine in vetro fumè, riescono a valorizzare anche gli angoli meno in vista della zona living, rendendo raffinato ogni momento di relax e svago. Non da meno è la zona home office, dove la protagonista indiscussa è la nuova ed elegantissima scrivania Moon, che insieme alla libreria Galaxy, rievoca le forme armoniose del cielo. Curata in ogni dettaglio, e rivestita in cuoietto con cuciture a vista, questa scrivania può essere tranquillamente posizionata al centro della stanza, dove non mancherà di attirare subito l'attenzione. La nuova collezione EVERGREEN è insomma studiata per chi ama il bello, e per chi lo vuole vivere ogni giorno nella propria casa, senza riserve e con tutta l'attenzione che merita, e Ceppi l'ha creato apposta per voi.

*Inside a huge park, where nature is the protagonist, stands "The green house", a structure with a strong character that with its large windows allows you to completely immerse yourself in the surrounding greenery.*

*Nature and materiality remain the leitmotif of these new environments, where Ceppi introduces precious materials such as the marbles Dedalus and Rosso Lepanto, which with their colors are able to make each piece unique, as well as the elegant metallic texture that we find on sideboards, tables and showcases.*

*The new Megan and Nami sofas have unusual shapes and are suitable for any type of home, from larger spaces, to smaller ones, and contain all the comfort of artisanal production and the modernity of the coverings.*

*New attention also goes to the more playful part of the house, where the Zoe bar furniture in elegant Canaletto walnut and the showcases with smoked glass doors, can also enhance the less visible corners of the living area, making refined every moment of relaxation and leisure.*

*Not least is the home office area, where the undisputed protagonist is the new and elegant Moon desk, which together with the Galaxy bookcase, evokes the harmonious shapes of the sky. Treated in every detail, and covered in leather with visible stitching, this desk can be easily placed in the center of the room, where it will immediately attract attention.*

*The new EVERGREEN collection is designed for those who love beauty, and for those who want to live every day in their own home, without reservations and with all the attention it deserves, and Ceppi has created it just for you.*
