

CAFEDESART®

Edizione I

OUR VISION

New concept of luxury furniture

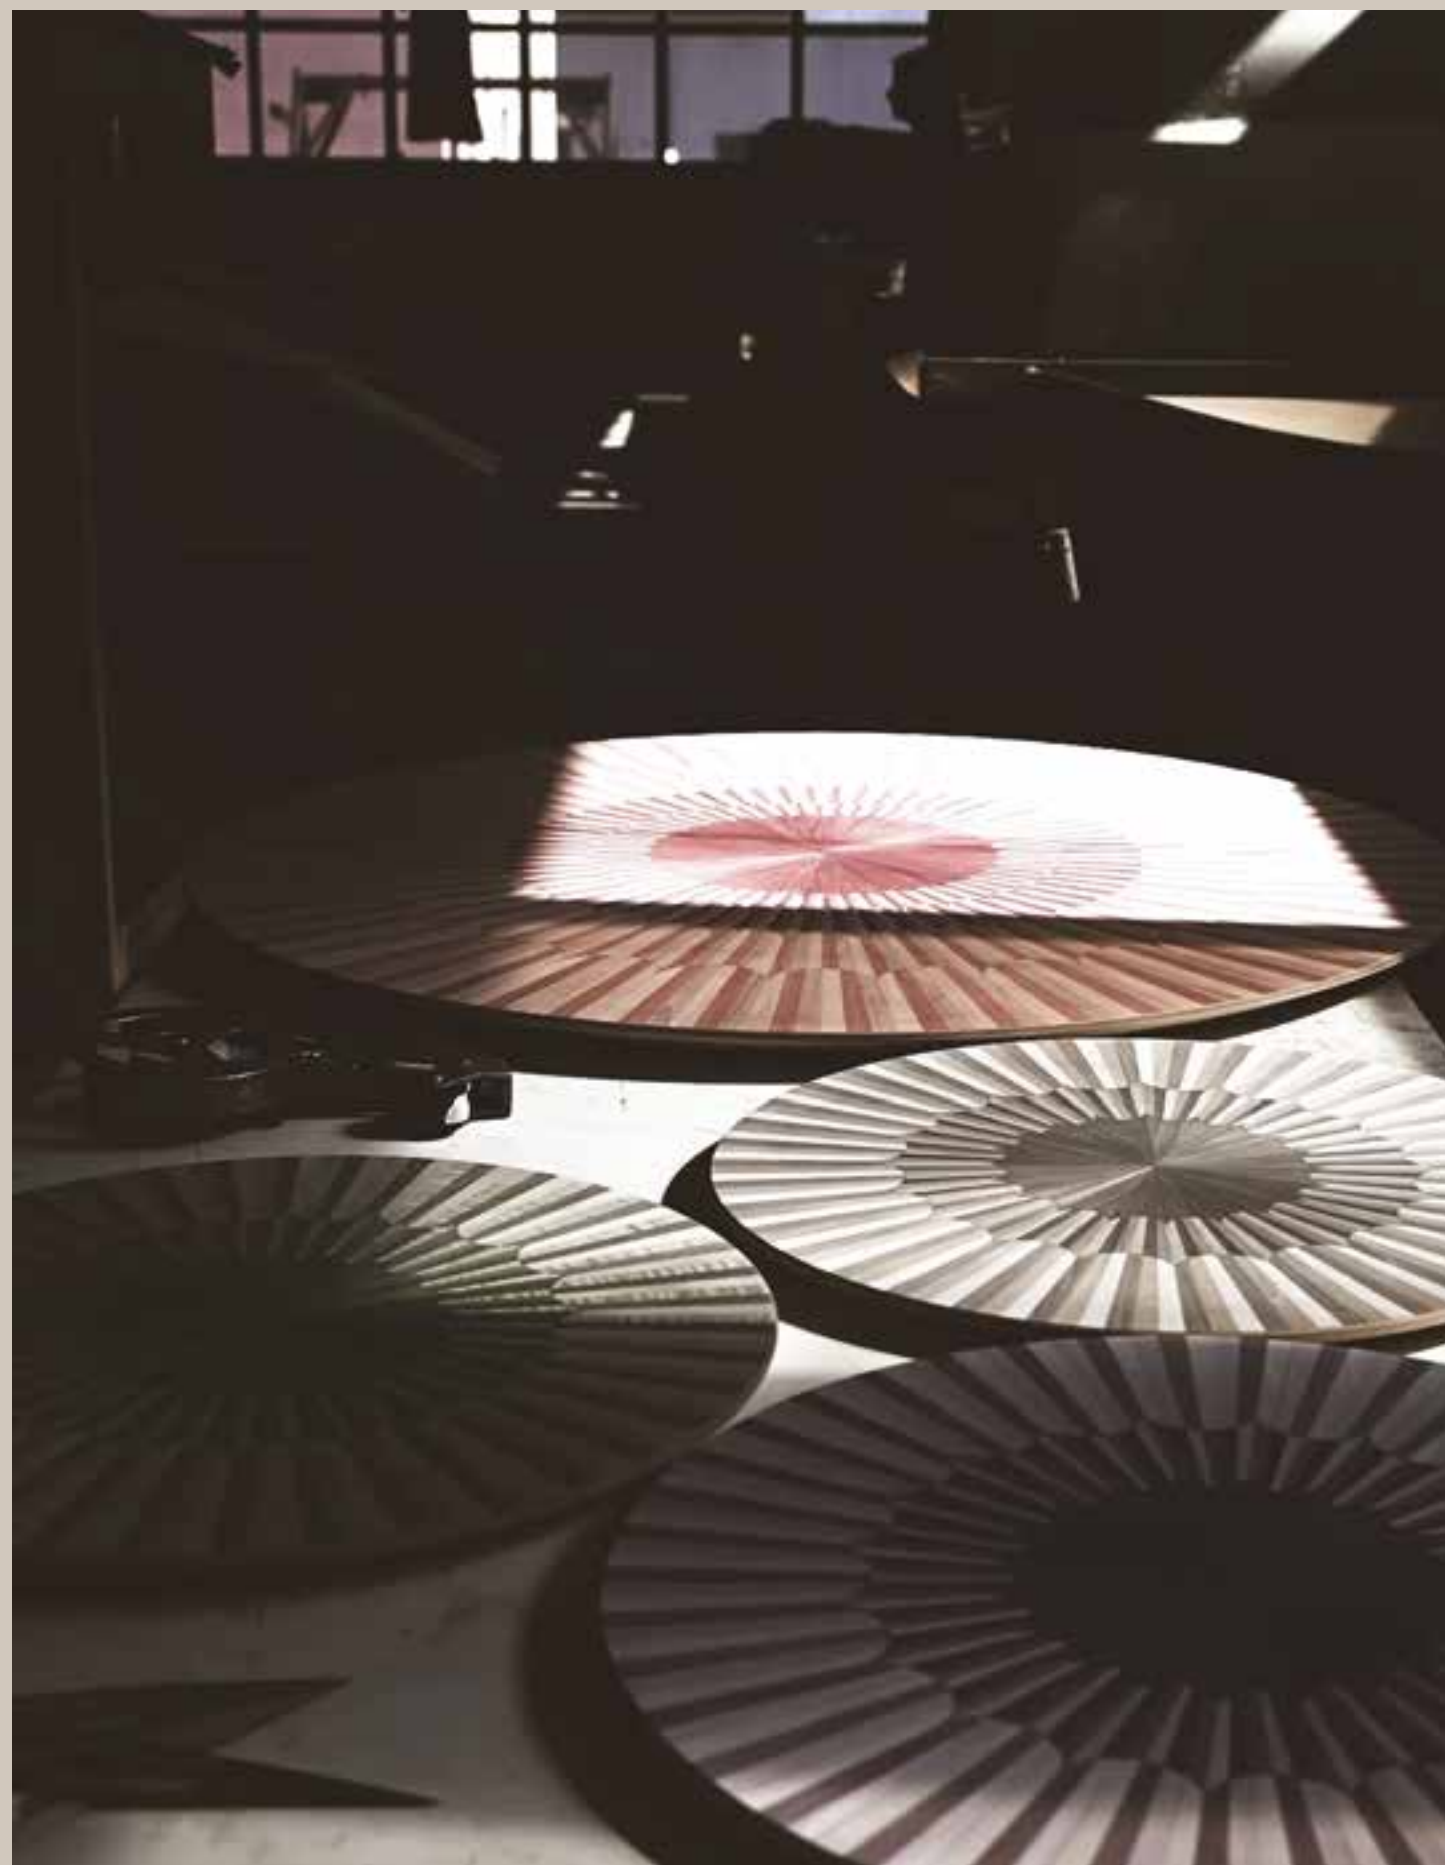

Welcome to the world of Cafedesart®,
our new concept of luxury.

A contemporary range by Bianchini Italian Art Design®,
a brand springing to life and ready to become an
emblem of style. Cafedesart® was conceived out of
innovation and research, modeled by the tradition
of one of the long-established pillars of the Italian
furnishing industry.

We seek to shape a philosophy that places elegance
and exclusive style at the center of settings the world
over, bringing them a unique allure. We aim to offer a
new approach to adorning spaces, with sophistication,
prestige, and finesse. Cafedesart® is ready to
revolutionize design.

**Our aim is to offer
a new approach
to adorning spaces,
with sophistication,
prestige and finesse.**

ANNA BIANCHINI —

VALUES

Bianchini family

Our story begins in 1967, when three brothers, Remo, Renzo, and Bruno, founded the company that bears the family name. Thus was born what would soon become a symbol of Italian cabinetmaking: F.lli Bianchini.

More than 55 years later, Bianchini still boasts its original prestige, embodying the values of tradition, family, and the attention to detail typical of Italian design.

The arts of sculpture and carving are skills inherited from the past, upon which we build and decorate our contemporary creations.

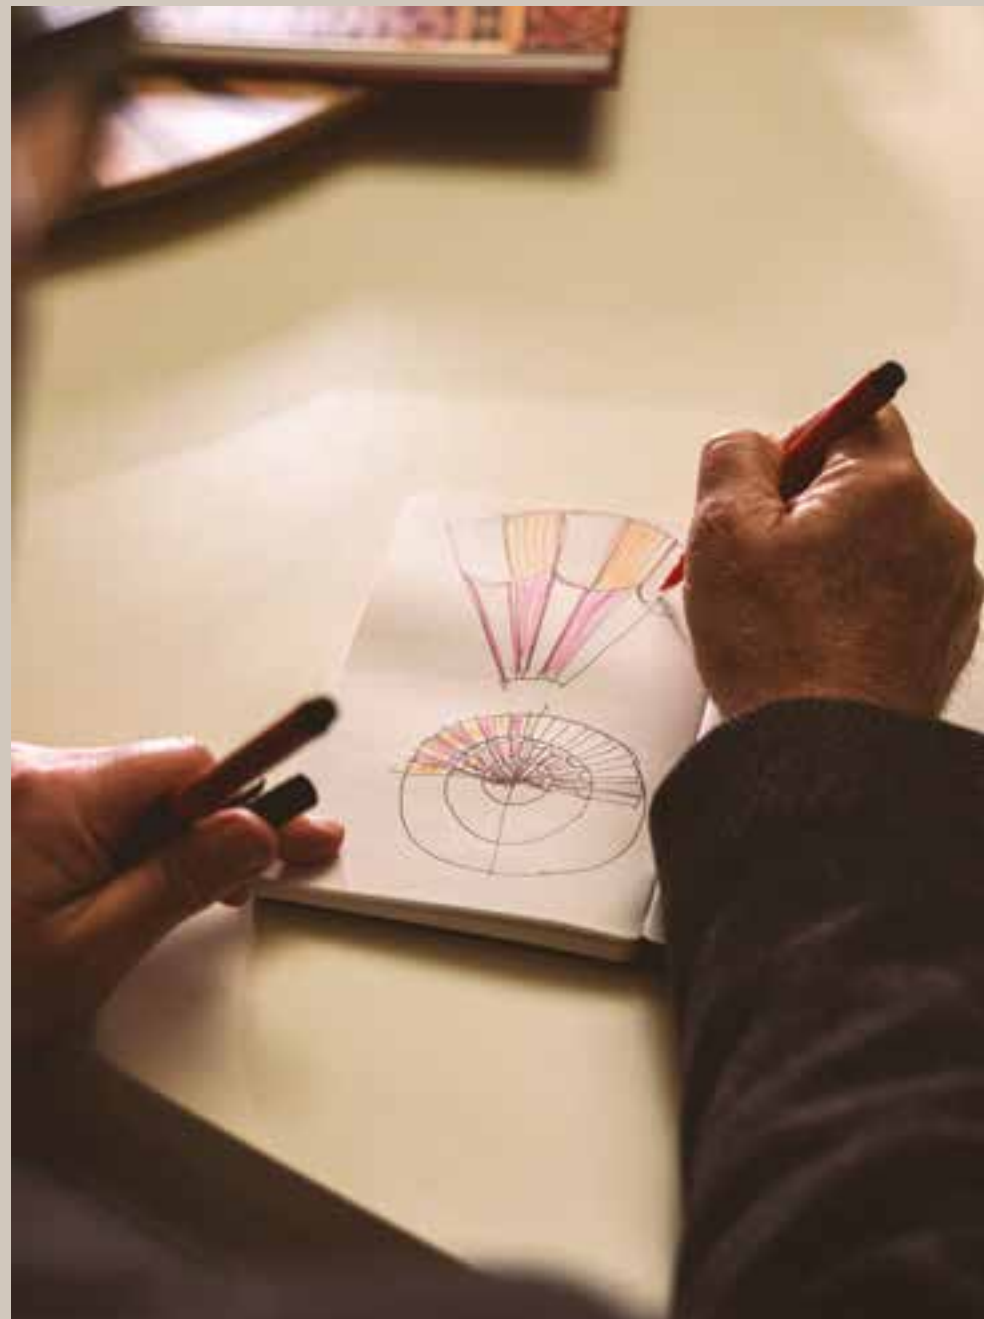

Carving

Inlay

Wood provides unique inspirations for geometries and details upon which we base our new designs, inspired by the construction skills of great furniture makers. The art of Inlay is part of our expressive worlds.

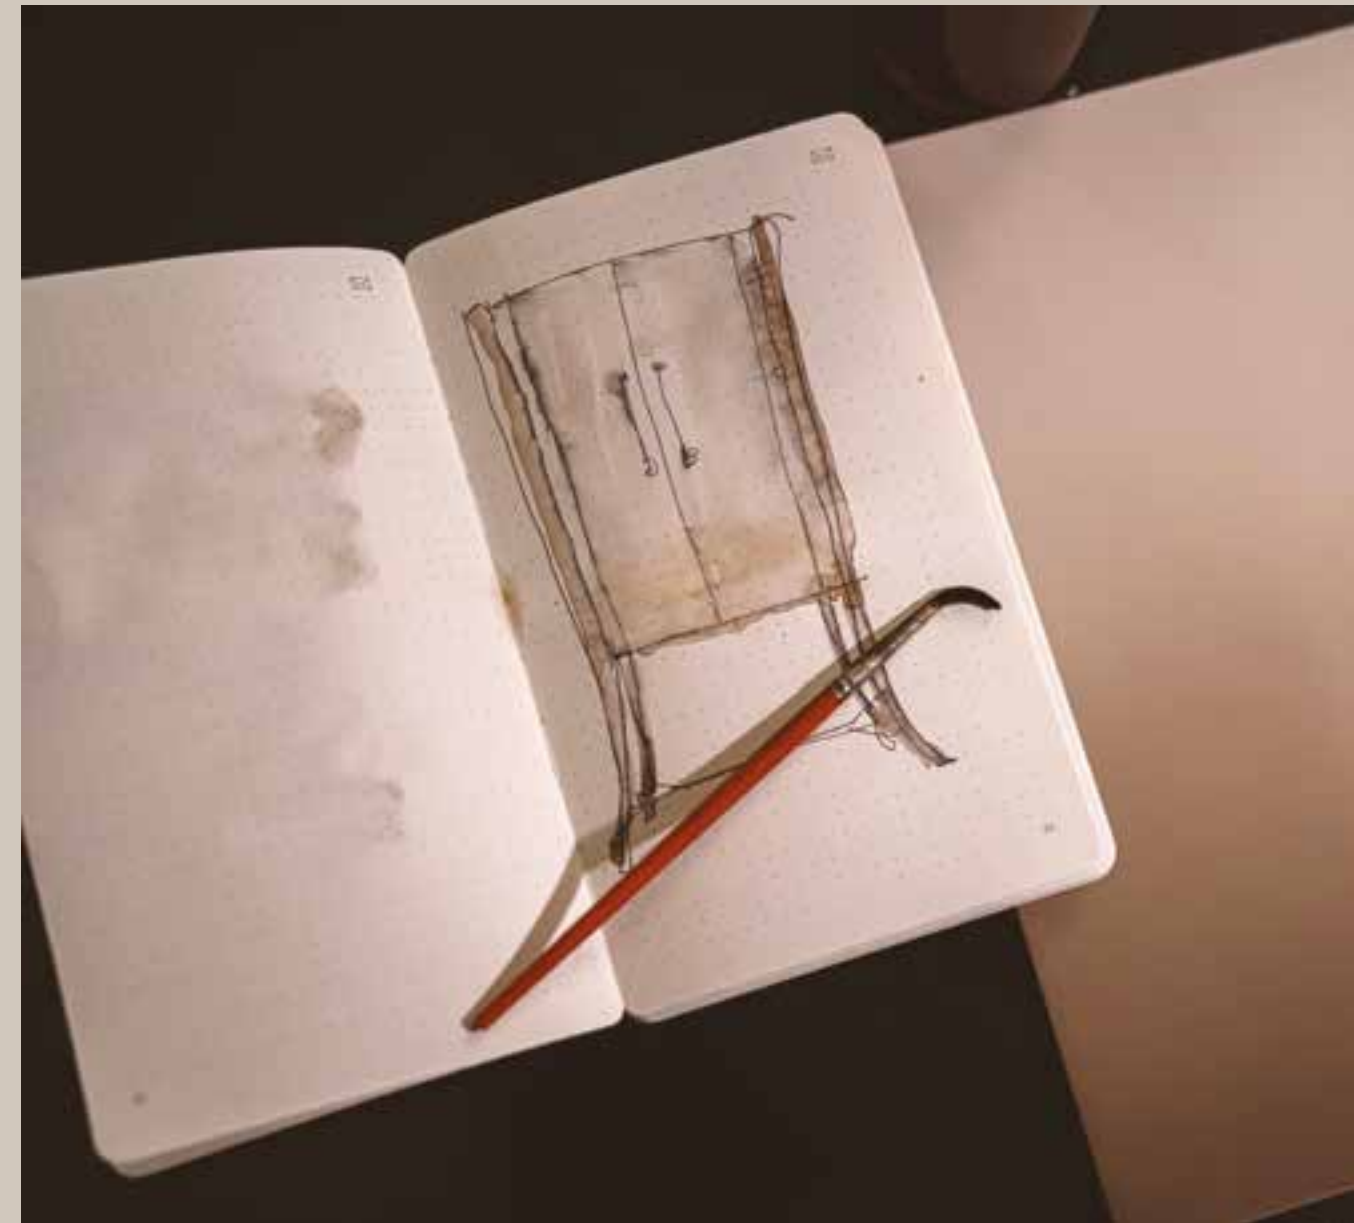

Finishes, lacquers, and varnishes are not just the appearance of our furniture; they are expressions of modernity, finesse, and refinement.

Finishing

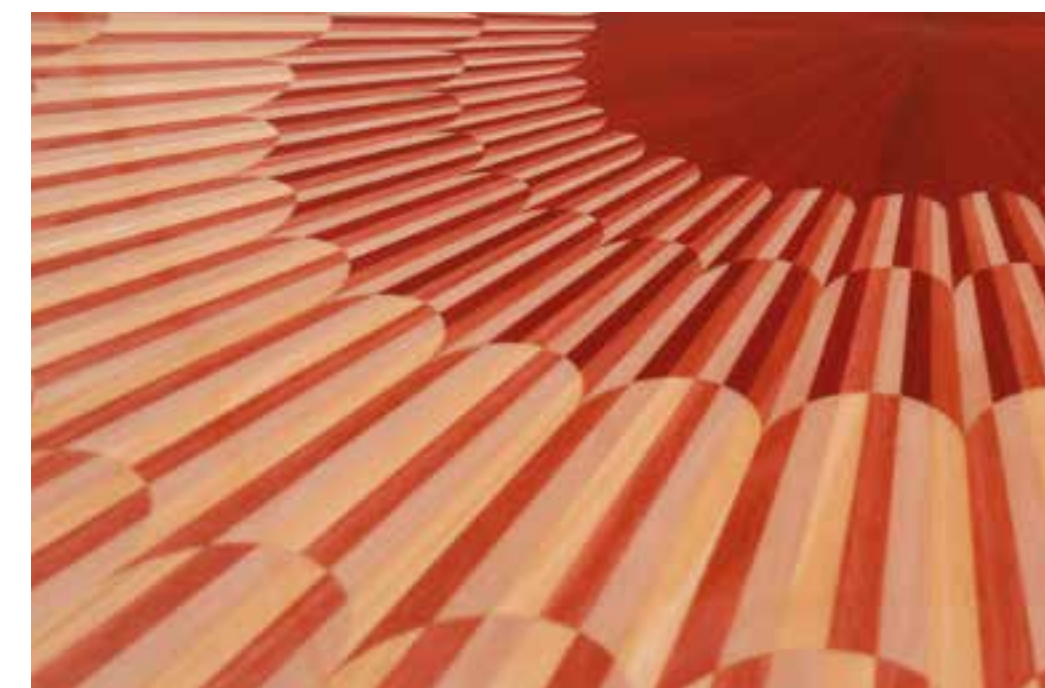

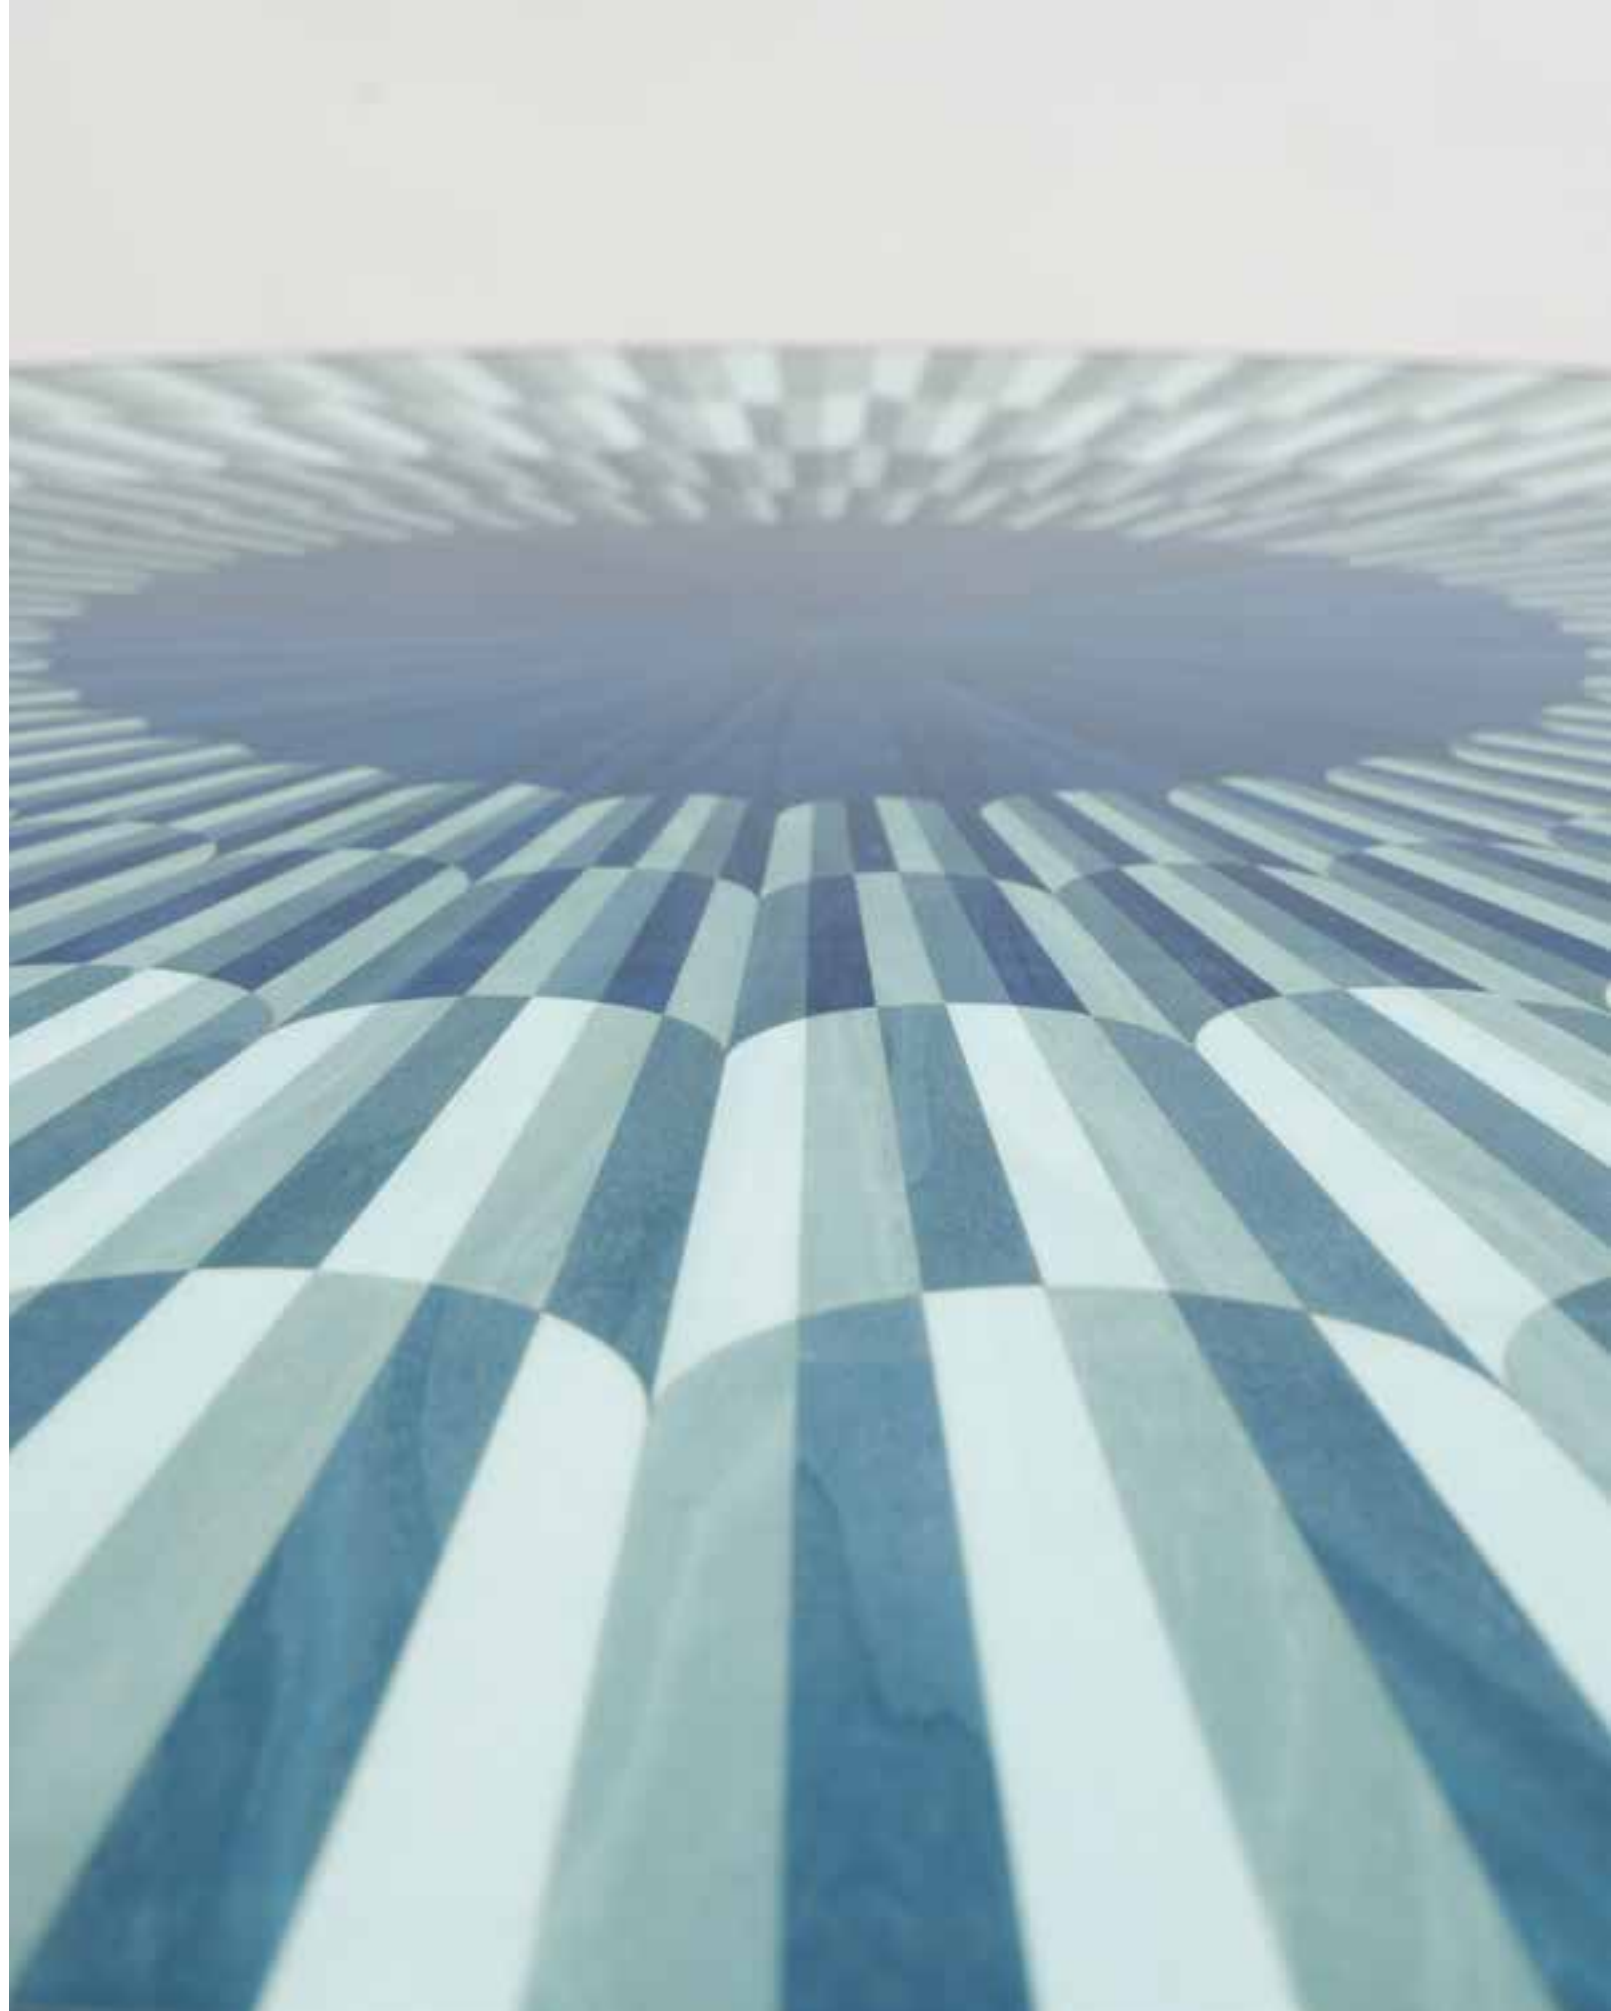

Decò heritage.
Mid-century furniture.

ALTOBASSO DINING round table

Altobasso dining, with its geometric inlay decorations, can become the center of a personalized project, both in space and in furnishings. In the case of Altobasso, the shape of the table and its decorations arise from the idea of the space in which the table itself is placed.
