_ Living Comfort Italia segna un'evoluzione importante nella storia del brand, aprendo un nuovo capitolo nel suo percorso stilistico. Una naturale continuazione di un gusto raffinato, che fin dagli inizi ha caratterizzato le nostre collezioni e che passo dopo passo si è evoluto fino ad oggi.

Il catalogo racchiude nelle sue pagine tutta l'essenza del brand: ogni collezione racconta una storia, e lo fa attraverso forme, linee, dettagli, materiali. Dallo stile accogliente di **Decò** composto da forme lineari arricchite da particolari dal gusto classico, arriviamo allo stile essenziale e contemporaneo di **Casanova**, dove linee pulite sono accompagnate da gambe, maniglie e dettagli in metallo, con luci Led che creano atmosfere suggestive. Un'idea di arredamento trasversale, che coinvolge tutti gli ambienti della casa e interpreta l'eleganza in modi diversi; una selezione di collezioni e prodotti creata per chi ama lo stile moderno, caldo, di grande impatto estetico.

_ Living Comfort Italia marks an important evolution in the brand's history, opening up a new chapter in our journey of style. A natural prosecution of the discerning taste that has always marked our collection, developing it step after step into the present.

The catalogue encompasses the brand's entire essence. Every collection tells a story through shapes, lines, details and materials. From Deco's welcoming style, to the linear shapes embellished by classical details, to Casanova's contemporary and essential class, where clean lines are complemented by metal legs, handles and accents, with LED lights creating a charming atmosphere. This cross-cutting furnishing idea involves all interiors and interprets elegance in different ways. A collection and product selection designed for those who love a modern, warm, and aesthetically-impactful style.
