Villari Arte Collection

Since 1967 VILLARI is handcrafting porcelain in Italy at 70 km from Venice. The founders Cesare and Silvia VILLARI are sculptors. They mould themselves the models and prototypes, employing ancestral techniques of modeling in clay. A team of master artisans faithfully reproduces the sculptures in porcelain and sets the petals of the flowers one by one, to ensure the excellence of each flower.

Cesare and Silvia have transmitted this passion for porcelain to their children: Barbara, Alessandra and Leone. The new generation is combining expertise with creative audacity and is developing new must-have collections for truly lovers of elegance, style and glamour.

Arte

The Arte collection is born taking inspiration from the animal world. Leone VILLARI has modelled himself in clay the first prototype of each sculpture, balancing shapes and volumes. The master pieces are then faithfully reproduced in porcelain. The use of Swarovski Crystals creates an unique sparkling effect. In the final stage, Leone VILLARI covers the sculpture with thousands of Swarovski Crystals, with their conic shape they are perfectly encrusted into the porcelain. A range items comes in a Limited Edition number, each sculpture is numbered and signed by Leone VILLARI and comes with a certificate Leone VILLARI has examined the difficulty in achieving perfection with this collection. The ancient 'language' of porcelain is used here to express original and modern contexts, still within its formal classicality.

THE ARTIST

Leone Villari

Born in 1981, Leone VILLARI has grown up next to his family's porcelain factory and has developed his innate artistic talent alongside his over flowing imagination. For this collection he has focused on the harmony and balance of shape and volume of each sculpture. Every detail is hand made by master craftsmen using traditional techniques for the modelling and decoration. Graceful postures and the alliance of porcelain and Swarovski Elements gives the sculptures a highly artistic aspect.

Леоне Виллари родился в 1981 году и практически вырос на фабрике, с детства развивая свой природный артистический талант и фантастическое воображение. В работе над этой коллекцией он опирается на гармонию и на пропорциональные формы и размеры животных. Каждая деталь прорабатывается мастером вручную, с использованием традиционной техники моделирования и декорирования, которую он перенял от родителей. Изящные позы животных, а также альянс фарфора и кристаллов Swarovski придает фигурам высокохудожественный вид. Каждый кристалл Swarovski наносится вручную.

Leone 1981出生，他在他家的公司里长大成人，从小的时候开始发胀他的创造力及他的艺术能力。这套收集他特别注意动物形状的和谐。每个细节都是把公司的手工业者做的，他们用传统加工的方法。陶瓷跟施华洛世奇水晶让动物变成艺术产品。每个水晶都是手工安装的。

Jaipur Elephant

Many animals become symbols of human attributes; the fox, praised for its cunning; the dog for its loyalty; the cat for its independence, but for the elephant a single quality is insufficient. Patience, regality, strength, wisdom and longevity all suit it. The pachyderm is also regarded as a prodigious lucky charm. “An elephant ridden by a king is radiant, a king who rides an elephant is beaming”, so says an old manuscript. In Jaipur, a city of western India, it was endowed with special significance by the Maharajahs and even today it is still commemorated in the Elephant Festival, an exuberant procession of music and dancing. Such virtue should be celebrated with honour, as VILLARI does through fine porcelain decorated in pearl grey combined with brilliant colours and adorned with 24 carat gold.
