COLLECTION SIGNED BY CESARE VILLARI

VILLARI

The firm VILLARI was established in the late 1960s. Cesare and Silvia themselves mould the models and prototypes which are then faithfully reproduced by their talented team. Many of their works are Capodimonte reproductions - some of the finest in the world - and this activity gives them a well deserved place among the greatest exponents of the art of Italian Porcelain. Quality, too, is an undeniable feature of Porcellane VILLARI and a constant concern in the development and philosophy of the firm. These are the factors which lie behind the pieces they produce from day to day. Their work is not inspired exclusively by Capodimonte Porcelain, but also by the Italian Baroque style. Where individual pieces are concerned, it must be stressed that every single figure is finished in the finest detail using costly paints based on special oils extracted from fir trees and lavender. They are then enhanced with 24-carats pure gold and platinum, and some pieces are further embellished by applying CRYSTALLIZED™ - Swarovski Elements, to give them a unique shine and elegance. All VILLARI items are signed by the artist, Cesare Villari, as a guarantee of their authenticity, and bear the fire-impressed trademark VILLARI and the Capodimonte letter “N”, which denotes a particular style of Italian porcelain. Each item comes with a Certificate of Origin, which guarantees its provenance and that it is made entirely by hand using precious materials. Made in Italy and exported worldwide, VILLARI items are easily recognisable by their attention to detail and refinement. Prestigious artefacts, they will always be admired for the history and tradition they embody.
