MAISON&OBJET 2026

# THE FUTURE IS HANDMADE

Presented at **Maison & Objet 2026**, Castro Lighting showcased a series of collections that highlight the brand's vision of **The Future Is Handmade**. From sculptural lighting inspired by architecture and nature to refined furniture pieces, each collection celebrates the convergence of craftsmanship, material, and form.

Every creation balances elegance, structure, and emotion, bringing sophistication and timeless style to residential and hospitality interiors. Together, the collections reflect a commitment to handmade artistry, where heritage and innovation meet, and every detail carries intention, skill, and meaning.

# MAGMA

## COLLECTION

Inspired by the fluid power of molten earth, the Magma Collection transforms raw energy into sculptural lighting with a strong artistic presence. Crafted in solid brass with organic, irregular forms, each piece evokes metal in motion, balanced by sleek glass elements that emit a warm, inner glow.

MAGMA SUSPENSION

# MAGMA

## SUSPENSION

Inspired by molten earth, Magma Suspension captures the moment where liquid metal meets light. Sculptural brass flows around sleek glass tubes, evoking movement, heat, and raw energy.

Warm illumination contrasts with textured brass, creating a bold yet refined presence. Designed as a statement piece, Magma transforms light into art, bringing warmth and natural elegance to contemporary interiors.

MAGMA SUSPENSION

# MAGMA

## WALL LIGHT

Inspired by the raw movement of molten earth, the Magma Wall Light is a sculptural piece crafted from solid brass. Its organic, fluid form captures the essence of flowing magma frozen in motion, celebrating natural irregularity and artisanal craftsmanship.

The textured brass surface reflects warm highlights that shift with the viewer's perspective. When illuminated, it casts a soft, ambient glow, creating a refined interplay of light and shadow.

dø 30 cm

dø 25 cm

dø 15 cm

The Magma Wall Light is available in four different sizes, each sold individually. When combined, the varying forms complement one another, creating the impression of molten material flowing organically across the wall. Both bold and elegant, Magma adds warmth, depth, and artistic expression to contemporary interiors.

# BURJ

## SUSPENSION

Inspired by architectural ambition and vertical majesty, Burj is a sculptural suspension that transforms light into a refined expression of height and balance. Its cascading composition of carefully arranged crystal elements rises and falls in a rhythmic sequence, creating a sense of elevation and visual movement.

BURJ SUSPENSION

BURJ SUSPENSION

Designed to enhance vertical spaces, Burj combines monumentality with elegance, using its elongated silhouette to accentuate interiors without overwhelming them. The result is a lighting piece that embodies geometric harmony, sophistication, and contemporary luxury, where illumination becomes an architectural statement.

# RAY

## SUSPENSION

Ray is a contemporary suspension light that explores structure, rhythm, and precision through a linear, sculptural form. Its design transforms light into an architectural element, where illumination and shadow interact with refined subtlety. Crafted from polished brass and delicate translucent glass, the contrast of materials creates a layered and elegant visual presence that feels both light and structured.

RAY SUSPENSION

RAY SUSPENSION

Designed for versatility, Ray can be installed as a single linear statement or combined in modular arrangements with staggered heights, adapting seamlessly to dining areas, living spaces, entryways, and hospitality interiors. Offering warm, ambient illumination, Ray balances minimal expression with strong character, blending craftsmanship and timeless design.

# STALA

## SUSPENSION

Inspired by the natural beauty of stalactites, the Stala Suspension blends artistic elegance with timeless sophistication. Handcrafted from brass and crystal, its refined form echoes the delicate geometry of mineral formations found in underground caverns.

STALA SUSPENSION

STALA SUSPENSION

The translucent crystal elements interact beautifully with light, creating a luminous and refined ambiance. Graceful and sculptural, Stala is designed as a statement piece, bringing understated luxury and atmospheric beauty to dining areas, foyers, and refined interiors.

# HARP

## COLLECTION

Inspired by the harmony of the harp, the Harp Collection transforms rhythm and elegance into sculptural dining pieces. Featuring a refined table with a gold-plated brass base and a sleek, versatile chair, the collection blends architectural strength with visual lightness, bringing timeless sophistication to modern interiors.
