## Theodore modular sofa

Slightly raised from the ground, it shapes the space with a light touch, defining it without ever weighing it down. The generous, well-proportioned seating unfolds into full, regular volumes, where soft yet compact cushions rest on deep padding designed for comfort. Rounded armrests soften the linear lines with a gentle, almost couture gesture.

Enveloping forms, echoing the embrace of an armchair, are reinterpreted in a collection devoted to rest. A padded shell with sinuous, ergonomic lines is subtly defined by tone-on-tone stitching that traces its contours. The generous headboard gently inclines forward, while the bed frame is lifted on coordinated feet, enhancing a sense of lightness and understated elegance.

The headboard is defined by visible stitching, graphic lines that shape its identity. Horizontal and vertical lines meet where the detail becomes a distinctive element. The stitching runs as a fil rouge throughout the design, extending to the upholstered bed frame, which is finished at the base with a wooden profile. Coordinated feet lift the structure, suggesting a light, suspended elegance.

The headboard, wide and enveloping, opens like the raised collar of a shirt: an intimate, almost protective gesture that embraces and defines the space of rest. The lines flow naturally, while the stitching, precise and measured, follows their rhythm with discreet elegance.

The bed is lifted on solid wooden feet, set at a 45° angle—a structural detail that introduces a sense of dynamic tension while lightening the overall composition.
