Focusilux

The "Ningguang" chandelier uses light as a medium to solidify the flowing light into an artistic form. Through unique material and structural design, light and shadow interweave and settle in the space, endowing the lamps with a poetic atmosphere and paying tribute to the eternal brilliance of the residence.

STAR SHINNING

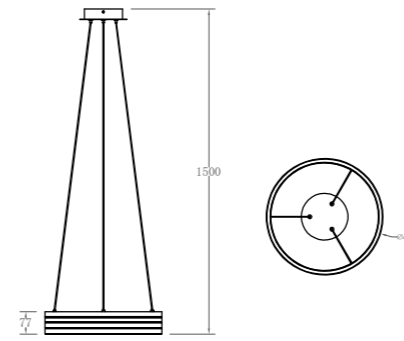

Star shinning series, It's a masterpiece of art and light. Circular, which is the classic interpretation of completeness and harmony; The oval is the embodiment of dexterity and grace, both of which are immortal symbols of beauty. The designer IS lucky enough to reshape the connotation of minimalist lighting and give it a new definition of transcendence.
