Product Brochure

Metal adheres to the design philosophy of "environmental protection, innovation, fashion, and leadership." Luxury minimalist home furnishing is a reflection of modern people's pursuit of a quality life, endowing space with aesthetic appeal through understated luxury and refined simplicity, defining the extraordinary in life. Metal keeps pace with the times, integrating the soul of its products with the essence of life, outlining and expressing a unique artistic lifestyle. The clean and uncluttered appearance presents a texture of exquisite lines, coupled with a dazzling, luxurious feel, exuding the unique temperament of the space. Modern people all hope to live in an environment free from constraints and pressure. Metal's products demonstrate a concise and bold aesthetic concept, integrating the beauty of light and the practical functions of the products, firmly grasping the modern consumer's philosophy, enabling salespersons to always stand at the forefront of economic development, and allowing users to showcase their extraordinary and refined unique temperament. From research and development to production, Metal will uphold the enterprise spirit of quality first, sincerity, and trustworthiness, and serve every customer well.

TRANQUILITY GIVES BIRTH TO WISDOM

CONTINUOUSLY SURPASSING OBSESSION

Explore better materials and craftsmanship, and constantly surpass it with obsession. This is our faith in quality.

All aluminum door and wall cabinet integrated system— >>

• Honeycomb board structure Decompositiondiagram

• 10 Advantages of Honeycomb Panels

1.Lightweight and High Strength: Low density, high strength, reducing building load.

2.Good Rigidity: Excellent bending and compressive resistance, not easily deformed.

3.Fireproof and Moisture-proof: Aluminum material is inherently fireproof, honeycomb structure is moisture-proof.

4.Sound and Heat Insulation: Honeycomb structure effectively blocks sound and heat.

5.High Flatness: Smooth surface, good decorative effect.

6.Corrosion Resistance: Aluminum material is corrosion-resistant, long service life.

7.Environmental Protection: Recyclable, green and environmentally friendly.

8.Easy Processing: Can be cut, bent, drilled, easy to install.

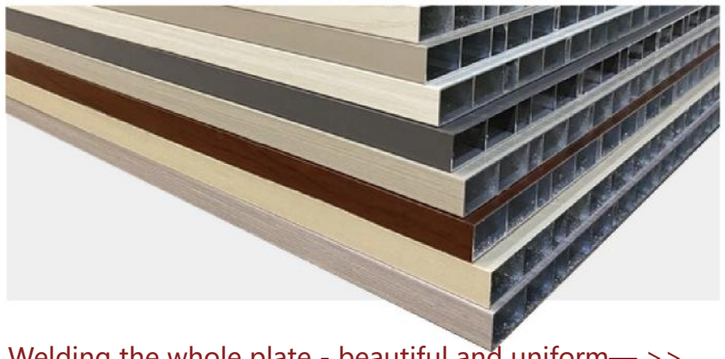

9.Strong Decorative Properties: Various surface treatments, rich colors.

10.Wide Application: Suitable for building curtain walls, interior decoration, transportation, etc.

Kitchen Shelf Series— >>

Simple and clear lines,
decent decoration, exudes a chic modern atmosphere.
Combined with the reÞned and introverted paintwork,
it inadvertently reveals a digniÞed and elegant temperament,
conveying a stylish and healthy lifestyle.
